JetFlash 380

USB OTG Flash Drive

Key features

- Dual interfaces for mobile devices and computers
- Exclusive App for effective file management
- Up to 64GB of added storage for your mobile devices

1 Gold & Silver

JetFlash 380 captures the perfect balance of size, thickness, design and functions. Designed with perfection, it comes with two colors, gold and silver.

Stylish Silver

Elegant 24K Gold

Safeguard your USB and keep it handy!

*The strap is not included.

2 Lighter & Smaller

JetFlash 380 is produced at a much smaller size and lighter weight than ordinary flash drives for you to carry around.

About the size of an SD card or a coin

3 | Water & Dust Resistant

The use of innovative COB (Chip on Board) engineering ensures that the JetFlash 380 is completely resistant to dust and water.

4 | Dual Access, Double Convenience

On one side, a micro USB interface lets you connect to mobile devices. On the other side, a full-size USB interface functions like a regular flash drive that can be connected to any USB port-equipped devices.

Highly Compatible with a Wide Range of Devices

What is USB OTG?

USB OTG is short for USB On-The-Go, an extension of the USB 2.0 specification. USB OTG products can communicate with each other without the need to be connected to a PC. For example, a mobile phone can connect to a USB flash, or a digital camera can connect to a PDA, as long as all the devices are USB OTG-compatible.

5 | Transfer Data Anytime & Anywhere

JetFlash 380 gives you an easy way to transfer files from and to your devices by a USB connection that is faster, steadier, and more reliable than Wi-Fi, Bluetooth and internet 3G/4G.

6 | Transcend Elite App Exclusive For USB OTG

With the Transcend Elite App, you can view files on your devices, share them to a variety of cloud storage services and quickly backup files stored on your devices.

1. One-Touch Backup

2. Intuitive Interface

Simply press one button, you can backup files stored on your devices.

3. Supports multiple file formats

Free Value-added Software

Transcend® Elite™ Data Management

	Intelligent backup scheduling and multitasking

* RecoveRx helps to recover files that have been lost or accidentally deleted.

Bring lost image and audio files back! Advance option allows you to bring back more types of file.

Size	28.1mm x 12.25mm x 4.5mm
Weight	3.2g
Capacity	8GB / 16GB / 32GB / 64GB
Interface	USB 2.0 (Standard A / Micro B)
Certificates	CE, FCC, BSMI
Warranty	Limited lifetime warranty
*Note	Both USB connectors cannot be used at the same time.

Storage Chart

	NUMBER OF PHOTOS [1]	NUMBER OF SONGS [2]	HOURS OF VIDEO [3]
File Type	JPG	MP3	DVD
8GB	3,904	2,000	3.5
16GB	7,808	4,000	7
32GB	15,616	8,000	14
64GB	31,232	32,000	28

[1] Based on file size 2MB

[2] Based on 4min per song, 128Kbps quality.
[3] Based on 2.25GB per hour DVD quality.

* Storage capacity approximations are for general reference only. Actual results may vary depending on resolution, compression quality, video frame rate/interlace settings, and content. 1GB = 1 billion bytes. A certain portion of the storage capacity may be reserved for firmware and maintenance use.

9 Device Compatibility

ANDROID APP ON Google play

Phones
