

10kg front load washing machine, AutoDose system, AEG Connected with 5 star energy and 4.5 star WELS rating. This washer features the latest PowerCare Premix detergent system, Woolmark Green certification, Hygiene options and our innovative CareDrum designed to care for your clothes & PreciseWash that automatically adapts the energy usage and settings depending on the weight of the load.

Product Details

FEATURES

Hygiene Hygiene cycle removes more than 99.99% of common bacteria and viruses*, and reduces allergens. Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swissatest Testmaterialien AG in 2021 (Test Report No. 202120117)	AutoDose system AutoDose and intelligent sensors calculate the precise amount of detergent and softener required and dispense it automatically.	Perfect Pairing Pair your AEG washer and dryer for a seamless aesthetic form and laundry function.	AEGConnected Connected and customised drying made easy and smart with the AEG App.
---	---	--	--

CareDrum The innovative CareDrum is designed to gently care for clothing, reducing fabric wear and tear.	Woolmark Green Certification Woolmark Green certification ensures safe, gentle wool care with water and energy efficiency.	PreciseWash PreciseWash reduces time, water and energy* by optimising every load. Internal test for time, water and energy consumption of a 30C Cotton cycle optimized with PreciseWash.	PowerCare PowerCare premixes and activates detergent to deliver exceptional results, quickly and efficiently.
--	--	--	---

ProSteam Technology
ProSteam helps reduce creases so less ironing is needed, helping clothes last longer.

BENEFITS

GREEN-FRIENDLY WOOL CARE

Why hand wash when you can machine wash woollens with confidence. Woolmark Green certification ensures safe, gentle machine washing, while satisfying the Woolmark Green Certifications high levels of water and energy efficiency.

REMOVES BACTERIA AND VIRUSES*

Select Hygiene cycle for an ultra-clean Swisstest-certified washing performance. The temperature above 60C removes 99.99% of common bacteria and viruses* and reduces some allergens. Ideal for thoroughly clean clothing, bedlinen, quilts, and pillows. *Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstest Testmaterialien AG in 2021 (Test Report No. 202120117)

PRECISE DOSAGE. PRECISE CARE

Too little detergent can compromise your clean result, while too much can cause premature fabric wear and tear. AEG AutoDose removes the guesswork by automatically dispensing the precise detergent dosage. Intelligent sensors inside the machine weigh each load, identifying the optimal measure of detergent and softener for the cycle. Wear your clothes for longer and use up to 60% less detergent for a 2 kg load* with AutoDose. *According to an internal test method for the amount of detergent used for a 2kg load with AutoDose vs an average manual dose.

WHY WASH WHEN YOU CAN STEAM

AEG ProSteam technology refreshes clothes so they are ready to wear in just 25 minutes save up to 96%* water. ProSteam efficiently reduces odours** and reduces creases in dry fabrics. A gentle steam cycle requires minimal to no ironing. *Internal test with a 1 kg load on the steam programme vs the delicates programme.**External test shows substantial reduction of cigarette smoke odour and kitchen odour in a Steam Refresh cycle by Laboratorio Olfattometria Dinamica in 2021 (Test Report No. LOD_RT_1070-21).

BOOST YOUR WASHING PERFORMANCE

PowerCare uses an advanced technique to premix and activate detergent for improved detergent efficacy, ensuring every fibre is reached, even at 30C. Delivers outstanding washing results in less than one hour.

SAVE WATER, ENERGY, AND TIME

PreciseWash automatically adapts the energy usage and settings depending on the weight of the laundry load. For customised laundry cycles that reduce energy, time and water usage when washing smaller loads*. *Internal test for time, water and energy consumption of a 30C Cotton cycle optimized with PreciseWash.

DESIGNED TO CARE FOR CLOTHES

The innovative design of the CareDrum lets garments glide smoothly thanks to its elevated cushion-like drum pattern and optimised lifter paddle. A thin film of water covers the holes during washing, providing your fabrics with an even gentler laundry experience*. *Internal tests comparing the Care drum to the AEG ProTex drum.

CONNECTED TO YOUR LIFE

Use the AEG App to personalise settings and receive smart tips and suggestions. Customise laundry cycles and send instructions to your appliance to adapt it to your needs and habits. Smart and easy care via your connected devices.

A PERFECT MATCH

Pair an AEG washing machine and dryer to achieve exceptional results and expert fabric care, from washing to drying. Compatible appliance function and aligned design create a seamless laundry experience, whether stacked or installed side by side.

Specifications

PRODUCT PROFILE
