15.19 Statement: <i>“This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”</i>			X	X
DoC Compliance Information Statements			X	
Caution to the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment			X	

Snapshot of the E-Label presented on the integrated display of the device is shown below:

**Model A1757:**

Model A1757  
EMC 3104  
  
U.S.  
FCC ID: BCG-E3104  
  
  
  
Canada  
IC: 579C-E3104  
CAN ICES-3  
(B)/NMB-3(B)

**Model A1816:**

Model A1816  
EMC 3109  
  
U.S.  
FCC ID: BCG-E3104  
  
  
  
Canada  
IC: 579C-E3104  
CAN ICES-3  
(B)/NMB-3(B)

**Model A1758:**

Model A1758  
EMC 3105

U.S.  
FCC ID: BCG-E3105

Canada  
IC: 579C-E3105  
CAN ICES-3  
(B)/NMB-3(B)

**Model A1817:**

Model A1817  
EMC 3110

U.S.  
FCC ID: BCG-E3105

Canada  
IC: 579C-E3105  
CAN ICES-3  
(B)/NMB-3(B)

Users can access the E-Label screen on Apple Watch by going to Settings > General > Regulatory.

These steps are shown in the Regulatory section of the printed “Apple Watch Info Guide”, included in the packaging box with the product.

Extract of the Regulatory section from the Apple Watch Info Guide is shown below:

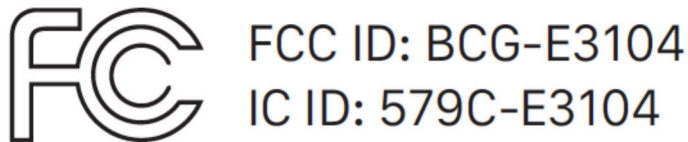

**Regulatory** Regulatory information, certification, and compliance marks specific to Apple Watch are available on Apple Watch. Go to Settings > General > Regulatory. Additional regulatory information is in “Safety, Handling, and Support” in the Apple Watch User Guide.

The Regulatory information is programmed in a secured manner. End-users or third parties cannot modify the Regulatory information page on the device.

Product Packaging Label is shown below:

The product is packaged individually.

**Models A1757, A1816:**

**Models A1758, A1817:**
