### Technical Specifications

#### **HP Docking Station Cable Lock and HP Master Keyed Docking Station Lock**

Use these locks to lock the docking station only (which also prevents access to the advanced docking stations drive bay) or lock both the docking station and the notebook.

#### **Key Benefits**

- Physically secure your notebook and docking station in just three steps.
- Secure the drive bay in your HP 120W or 230W Advanced Docking Station.
- Integrate into the HP Docking Station or HP Advanced Docking Station via the unique lock cavity providing enhanced security.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

#### **HP Keyed Cable Lock 10mm and HP Master Keyed Cable Lock 10 mm**

Secure your notebook.

Help keep your notebook safe in the office and high-traffic areas by tethering it to a secure surface with the HP Keyed Cable Lock 10mm and HP Master Keyed Cable Lock 10mm.

Loop and lock.

Wrap the 6 ft (1.83 m) vinyl-coated, galvanized steel cable around any secure object and attach to your notebook. Insert the key into the lock and turn clockwise 90 degrees to lock.

Room to move.

Use the 360 degree range to position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

#### **HP Combination Lock**

Put a spin on your notebook lock with the HP Combination Lock, designed for any HP notebook with a standard lock slot.

Loop and lock with a unique pre-set combination.

Route the 6 ft (1.83 m) vinyl-coated, galvanized steel cable around any secure object, attach to your notebook, and lock with the push-button mechanism and the factory-set four-digit combination.

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

### Technical Specifications

#### HP Essential Combination Lock

Add an extra layer of security to your notebook with the HP Essential Combination Lock, designed for any notebook with a standard lock slot.

Loop and lock with your own programmable code.

Route the 4 ft (1.22 m) vinyl-coated, galvanized steel cable around any secure object, attach to your notebook, and lock with the push-button mechanism and your user-resettable four-digit combination.

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

#### HP Dual Head Keyed Cable Lock 10 mm and HP Dual Head Master Cable Lock 10 mm

Double up.

Get hardware security for your notebook and another device like a display or dock with the HP Dual Head Keyed Cable Lock and HP Dual Head Master Cable Lock, which lock both devices to the lock and then a third fixed surface.

Pair and lock.

Loop one end of the 7 ft (2.13 m) vinyl-coated, galvanized steel cable around a secure object, attach one lock to your notebook and the other to a dock, printer or display. Insert the master key into the lock and turn clockwise 90 degrees to lock.

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

#### HP Sure Key Cable Lock

Truly universal locking

Take the guess work out of securing your notebook, display, dock, and accessories with the removeable, interchangeable heads of the HP Sure Key Cable Lock.<sup>1</sup>

Frustration-free locking

It's easier than ever to secure your multi-platform notebook and tablet fleet with one lock that works with the most common industry-standard lock slots.<sup>1</sup>

Loop and lock with one touch

Deter tech theft by attaching the correct lock head to the 6 ft (1.83 m) galvanized steel cable and wrapping it around any fixed object. Insert the lock into your notebook, dock or tablet's lock slot<sup>1</sup>, and push the lock to secure.

Streamline your cabling

Use the lock's clip to cleanly organize your tech cables along with your device.

<sup>1</sup> Supports standard, nano, and wedge lock slot

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

### Technical Specifications

#### HP Nano Keyed Dual Head Cable Lock

##### Pair and lock

Secure your notebook or tablet and a dock, display or other hardware with the thin profile HP Nano Keyed Dual Head Cable Lock, which locks both devices to the lock and then a third fixed surface.

##### Room to move

Loop one end of the 6 ft (1.83 m) vinyl-coated, galvanized steel cable around any secure object and attach one lock to a notebook or tablet and the other to a dock, display or other device. Insert the key into the lock and turn clockwise 90 degrees.

##### Rest easy

Use the 360-degree swivel to position the head as needed.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.
