FCC Equipment Authorization Branch

Re: FCC ID LBBLBFF920

Applicant: Continental Conair Limited  
731 Confirmation Number: EA93553  
Date of Original E-Mail: 4/6/1999

Subject:

Be advised that we have deleted and DISMISSED the electronic application bearing FCC ID 'LBBLBFF920' per your written request of March 29, 1999. However, we have received another electronic application from you with a similar FCC ID 'LBBFF920', and is now being processed for equipment authorization. As for the question about deleting the file from your end, the answer is NO! Once you completed and transferred the file electronically, you can not go back in the file to correct information. IT'S DONE! You are only allowed to submit 'ATTACHMENTS' to your electronic application from that point on.

NOTE: It was not necessary for you to submit a new electronic application in this case. We could have changed our records to reflect any changes in ID you preferred. You could have responded with a letter requesting that the FCC ID be changed; and it was also suggested in an email sent to you. Please reply per the instructions of any email sent to you-from us- in the future, DON'T TRY TO DO IT YOURSELF!

Do not hit the reply button on this email. For questions about this email, the sender listed above "FCC Equipment Authorization Branch" should be contacted.
