1

Preserve freshness on every shelf

All-Around Cooling

All-around Cooling technology continually checks the internal temperature and blows out cold air when needed. Multiple air vents on every shelf ensures even distribution of cold air from corner to corner to help preserve freshness in your food.

2

Store meat & seafood conveniently

Slide & Reach Pantry

A separate pantry shelf keeps food at a lower temperature than the rest of the fridge - designed as an ideal space for storing meat or fish.

3

Store in the door. Free-up internal fridge space.

Big Bottle Door Bins

Keep large bottles and jugs within convenient reach with the large capacity door bins. There's plenty of room for those BIG 3L milk and 2L soft drink bottles whilst freeing up internal fridge space.

4

Ice cubes in a twist

Movable Twist Ice Maker

A simple twist of the Ice Maker is all it takes to dispense a large quantity of ice cubes to stay cool in the warmer weather. Then when the weather starts to cool down, simply detach and remove the Ice Maker to make room for your winter essentials.

5

Large capacity, deep Crisper to fit it all in

Big Crisper

Maximise fresh fruit and vegetable storage in the large-capacity Crisper with a deep pocket so you can stock up to have your favourites on hand, always.

See clearly inside
LED Lighting
Samsung's sophisticated LED lighting brilliantly illuminates every corner of the fridge for more comfortable viewing. Find what you're looking for easily, even at night, without turning the kitchen light on.
- 7**

Modern, minimal design
Flat doors with recessed handles
The sleek design creates a clean, contemporary look to suit your kitchen interiors. Strikingly beautiful flat front doors paired with recessed handles introduce a minimal aesthetic and an added level of design sophistication.

The Quiet Achiever
Digital Inverter Technology
Enjoy energy efficiency and long-lasting performance. The Digital Inverter Compressor intelligently adjusts operating speed in response to cooling demand and is backed by a 10 year limited parts warranty to give you peace of mind. ¹
