

SCOUT AUTONOMOUS HOME ROBOT

QUICK START GUIDE

Product Overview

What's in the box?

- ✓ Scout Robot
- ✓ Charging Station
- ✓ (2)Adhesive tape
- ✓ Type-C USB cable
- ✓ Quick Start Guide
- ✓ Lubricant for Mecanum wheels

* Scout is not supplied with a USB power adaptor. It is recommended to use a USB adaptor with 5V and >2A output.

Place the Charging Station

Affix the Charging Station to the floor or wall using the supplied adhesive tape.

Plug the Type C USB cable into the Charging station and into a 5V > 2A USB adapter (not supplied)

* The Charging Station must be affixed to a stable surface. If placing on carpeting it is recommended to use the adhesive tape to affix to the wall or baseboard.

Charge the Battery

Place the rear of Scout in the Charging Station making sure it's in contact with the charging pins. You will see 4 blue flashing LEDs on the top of Scout and hear a tone confirming Scout has connected and is charging.

All 4 LED lights will remain lit when Scout is fully charged. This may take up to 3 hours to complete.

Download the Scout App

The Scout App walks you thru the setup and is required to control your Scout. There are two ways that a mobile phone or tablet can connect to Scout, Wi-Fi Direct Mode, and Wi-Fi Router Mode.

Search for “Moorebot Scout” in the Apple App Store or Google Play and download to your Apple or Android device.

The Scout App supports Smartphones or tablets with Android OS 6.0 and later or iOS 11.0 and later. Scout is optimized for the 5GHz Wi-Fi band.

Your Home Wi-Fi password is required to complete setup and if you want to access Scout remotely.

Write it down below so it’s handy when you need it during setup.

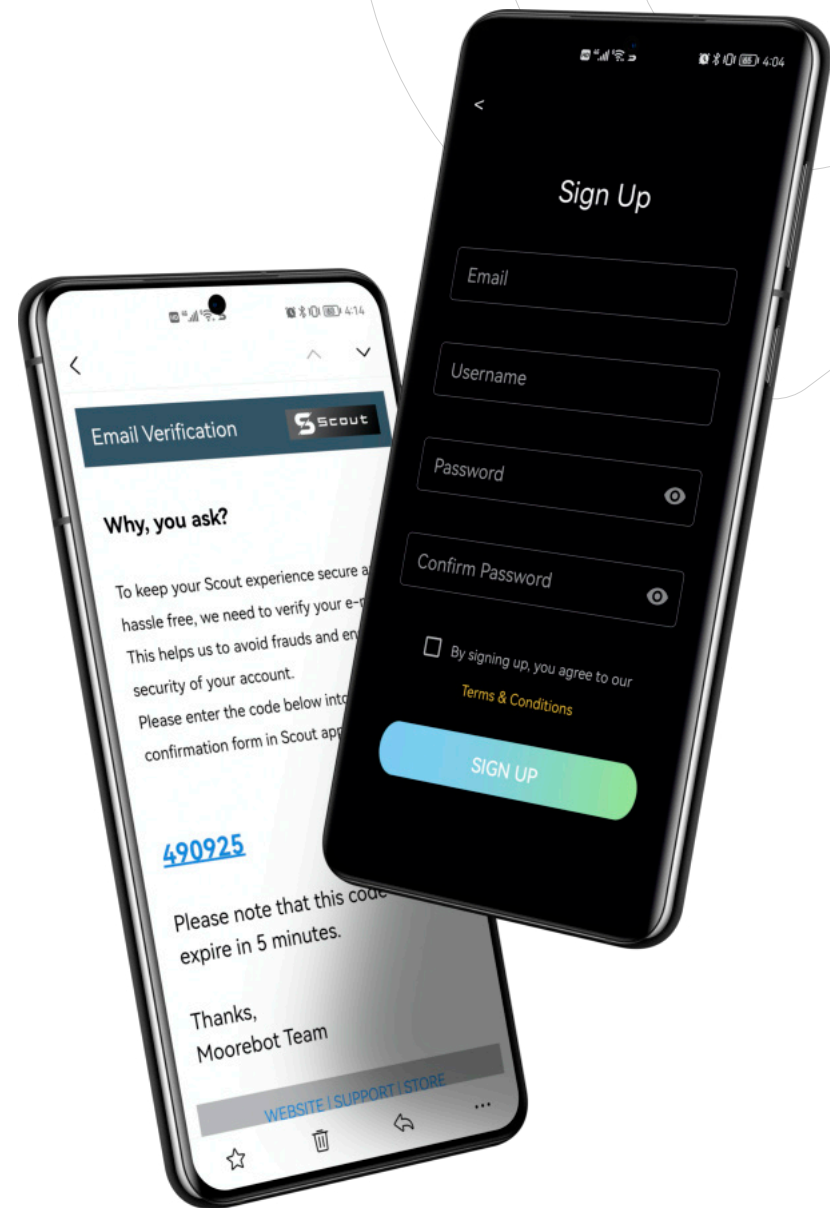

Sign up your Moorebot Account

Open the Moorebot Scout App and follow the instructions to set up your Moorebot account to register and control your Scout.

You will be receiving a confirmation code to the email address you use so be sure to check your spam folder or whitelist emails from

moorebot-noreply@mail.moorebot.com

Complete the Setup

Make sure your Scout is in the Charging Station and follow the instructions in the App.

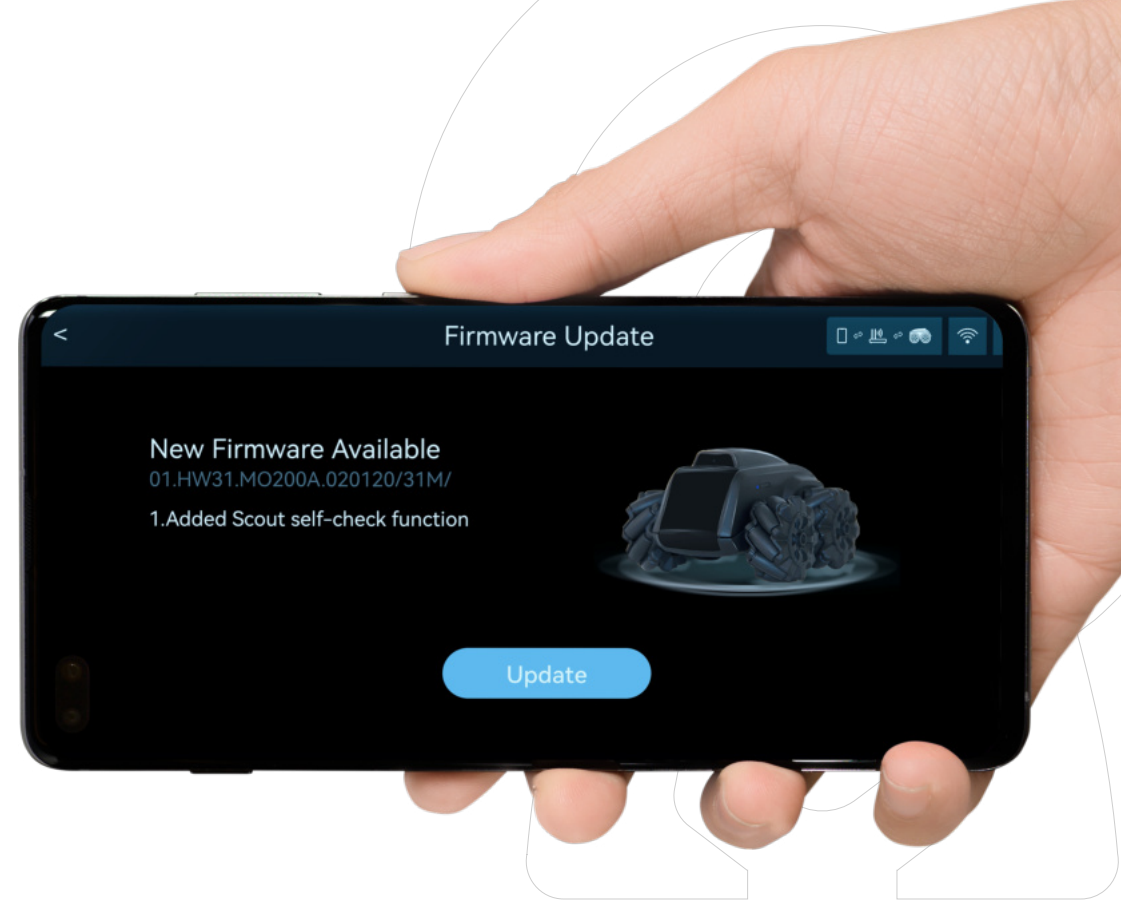

Go to the Wi-Fi settings of your Smartphone or Tablet and choose the network robot_scout_XXXXXX. The default password is r0123456. Next, choose a new password for your Scout.

Complete the Setup

Choose your Home network and enter the password.

The App will automatically switch Scout to the Wi-Fi Router Mode.

Finally check the settings Tab and see if there is new Firmware Update available.

You are all done and ready to enjoy your Scout!
