Parrot® Rolling Spider MiniDrone (Blue)

"The blue Rolling Spider MiniDrone from Parrot can fly, roll along the floor, climb walls, and even traverse the ceiling. It is a 5.5"-diameter mini quadcopter that includes a pair of removable wheels for added fun. No special controller is required - the Rolling Spider is operated by a mobile app and your smartphone. Simply tilt your device to maneuver the MiniDrone. A sophisticated multi-sensor flight computer lets you perform 360s, U-turns, flips, barrel rolls, and more without stalling or losing stability.

The Rolling Spider has a top speed of around 11 mph and a Bluetooth wireless range of about 66'. The battery is removable and will give you up to 8 minutes per charge (6 minutes with the wheels). You can recharge it with USB or a separately available charger."

Item: PF723001
MSRP: \$99.99

Parrot® BeBop Drone – Red

The red BeBop Drone Quadcopter with 14 Megapixel Flight Camera from Parrot is a Wi-Fi-based, mobile device operated RC aircraft capable of capturing 1080p aerial video and taking 14 megapixel still photos. Avoiding the added weight and power consumption of a motorized gimbal, the camera - notably - features an electronic image stabilization system that relies on a 3-axis motion sensor and a 180° fisheye lens from which it crops an image. The BeBop is controlled from an Android or iOS mobile device running the FreeFlight 3 App (see Parrot website for latest list of supported devices). In addition to letting you control the quadcopter, the app provides a real-time preview from the flight camera, and you can even record a low resolution feed directly on your device. For high res recording you can use the 8GB of built-in memory, or connect a USB storage device for increased capacity.
