FCC Equipment Authorization Branch

Re: FCC ID A3KM079

Applicant: Philips Electronics Industries (Taiwan) Ltd  
Correspondence Reference Number: 5050  
731 Confirmation Number: EA92557  
Date of Original E-Mail 12/9/1998

The FCC ID (A3KM079) is now pending from a previous application. . The problem is that we can't enter your request in the system under that FCC ID, until the pending application has been completed. In the future, please try to submit both requests at the same time, or at a later date once the application has been granted.

One of these applications -eventually- will have to be deleted from the system [A3KM0799].

The referenced application has been received for processing by the Equipment Authorization Branch and has been assigned the above 731 Confirmation Number.

To ensure confidentiality, the 731 Confirmation Number along with the FCC ID must be entered when checking for the status of a pending application via the Equipment Authorization Web Page.

Information regarding your application status and/or updating your application can be found by accessing [www.fcc.gov](http://www.fcc.gov), E-Filing, OET Equipment Authorization Electronic Filing.

Do not hit the reply button on this email. For questions about this email, the sender listed above "FCC Equipment Authorization Branch" should be contacted.
