

Breville® Limited Product Warranty

All Breville® products have at least a one-year limited product warranty, valid from the date of purchase. Should your Breville® product have a defect in product material or workmanship within the Warranty period, Breville® will arrange to have your original product returned to us, and either deliver an identical or comparable replacement to you, free of charge or apply such other remedy as described below. Some models may have longer warranty periods on the product or specific components so please consult the individual product warranty for complete terms and conditions.

*DO NOT RETURN PRODUCT TO THE STORE**

Please follow these instructions, subject to the terms of the Warranty, to receive faster service:

1. Write down the product model number, batch code (this is a 3 or 4 digit number) and/or serial number. These can be found on a sticker or molded into the product housing and are typically located underneath or on the back of the product

Example only. The placement of the "product model number" & "batch code" may differ slightly on your product.

2. Have the original or a copy of the sales receipt.
3. Contact Breville®. Please see Breville® USA contact information below.
4. If the product, or one of its parts, qualifies for replacement or service under the Warranty, Breville® will send a pre-paid shipping label via email so that the product may be sent to Breville® at no cost to you. Upon receipt of the product, Breville® may ship the replacement or contact you with further information regarding repair of the product. Typical turnaround time to address Warranty claims is up to 10 business days, plus shipping, depending on your geographical location and type of damage or Warranty claim.
5. For additional protection of the product and to ensure secure handling while a product is being returned for any Warranty repair, Breville® recommends that you use Breville's shipping label or a traceable, insured delivery service. Breville® is not responsible for any damage while a product is in transit.

For the complete terms of the warranty, see the warranty PDF:
