

Hear Every Detail

A clear, immersive sound experience with a sense of range and depth. The PEEK/Polyurethane 3-Layer Diaphragm 40mm driver lets you lose yourself in smooth, detailed highlights and bass. LDAC™ high resolution wireless audio* for uncompromised sound quality.

*Delivered in 96 kHz/24 bit LDAC when connected by Bluetooth®.

Speak with Clarity

With 8 distinct mics and advanced wind noise reduction, EAH-A800 transmits your voice clearly on each call; 4 Mic Beamforming and Noise Suppression* Technology isolates and amplifies words while minimizing surrounding noise.

*Varying environmental conditions may affect performance.

Immerse Yourself in Sound

With industry-leading* noise cancelling, EAH-A800 combines Dual Hybrid feedforward & feedback noise cancelling with analog & digital processing for immersive listening.

*As of Oct 31, 2021, According to research by Panasonic Corporation, measured using JEITA-compliant guidelines in the over-ear style noise cancelling headphones market.

Comfort Fit for Your Every Move

3D
EarPad

Designed to fit comfortably over your ear with cushioned, super-soft earpads that evenly distribute pressure for a stable fit, with a headband that reduces pressure across your entire head.

Control the Sound Around You

Transparent Mode

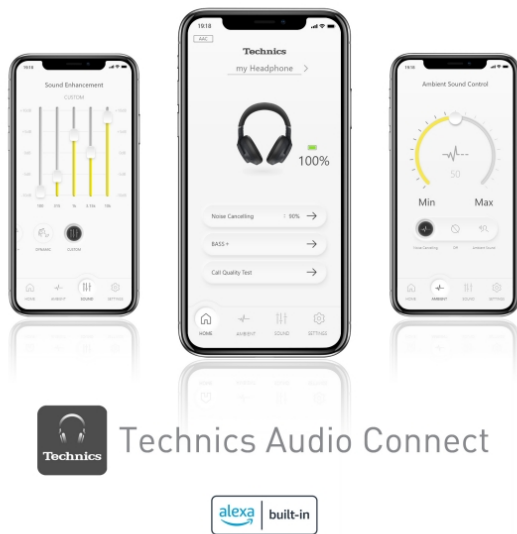

Attention Mode

Transparent mode comprehensively captures voices and other surrounding sounds, leading to a more natural sound similar to not wearing headphones at all. Captures wide range of sound from low to high frequencies.

Attention mode reduces unwanted external noise to make it easier to hear people's voices. It's perfect when you need to hear airport announcements, etc.

Personalized Your Sound for All-Day Wear

15 mins Quick Charge
10 hrs* Playback Time

50 hours*

*Noise Cancelling ON

Technics Audio Connect App*

Industry-Leading* Long Battery Life

New Technics Audio Connect app* makes pairing easy, helps tailor noise cancelling and sound mode settings to your exact specifications.

*Compatible with smartphones and tablets that are equipped with Android™ 6.0 or higher and that support Google Play, or an iPhone®, iPad® and iPod Touch® equipped with iOS 12 or higher.

Get up to 50 hours on a single charge with ANC on, with quick charge of 15 minutes for 10 hours of playback; Wearing Sensor for auto shut-off; folds easily to place in compact carrying case.

*As of Oct 31, 2021, According to research by Panasonic Corporation, based on published playback time (AAC, NC ON) in the over-ear style noise cancelling headphones market.

Seamless Device Switching with Multipoint Pairing

Automatic switching of devices

Simultaneous pairing with PC and smartphone

Simultaneous pairing with two smartphones or tablets

Multipoint pairing allows you to be connected to two Bluetooth® devices at the same time. With the latest firmware update, LDAC connections are also enabled for Multipoint pairing*.

*Requires the latest version of the Technics Audio Connect App.

Convenient Functions

Multi-pairing

Multi-pairing is compatible with the latest version of Bluetooth® technology (Ver. 5.2) and can be used with up to 10 devices.

Wearing Playback Sensor

When the headphones are removed from your head, music stops. When they are put back on your head within 60 seconds, music resumes. Comfortable, seamless operation.

Voice Assistants

You can launch smartphone voice function to select music, adjust the volume, and make phone calls, with your voice.

8 High-performance MEMS microphones

Talk Main Mic

Talk Mics actively capture your voice as reducing surrounding noise with beamforming for a clear call, even in noisy environments. In addition, wind noise reduction is structured to suppress air vibrations.
