Accell PowerGenius Rotating 4-Outlet Surge Protector with Dual USB Charging

The Accell PowerGenius™ Rotating 4-Outlet Surge Protector with Dual USB Charging has a wall tap design that enables mounting directly to a wall's AC power outlet. The PowerGenius' four rotating power outlets swivel a full 90 degrees. Simply rotate the power outlets to the side enabling your power cords to connect to the surge protector while being parallel to the wall. This configuration is especially useful for when the PowerGenius is located behind furniture. Unlike a traditional wall tap with forward facing outlets, the PowerGenius with its four rotating outlets allow the furniture to get closer to the wall. The rotating outlets are also ideal for when using a bulky [power adapter](#) as they solve the problem of the power adapter blocking surrounding outlets.

Meet Liza

Thanks for coming to Addicted to Saving! Here's a little bit about me so you can know who's behind all these posts! My name is Liza and I began my money-saving journey in the Spring of 2009 as a way to stretch a limited household income. I had lost my job and my hubby was self-employed. I launched Addicted to Saving in November of 2009 and it has grown by leaps

and bounds. Since then, my hubby and I have struggled with the ups and downs of two failed adoptions and are now LOVING being parents to our little man Asher who we brought home from Ethiopia in August of 2013. I feel incredibly blessed to be able to help you save money. My goal is that you will have FUN and become empowered to save more and more money each week. [Read More Here...](#)
