

COMPANY PROFILE

HELPING YOU LAY THE GROUNDWORK FOR SUCCESS

Engineering Precision

When your job demands precision, you need precisely engineered equipment. Kubota Construction Equipment has earned a solid reputation for well-engineered products that are consistently reliable and can be depended upon to deliver results day in and day out. Our reputation is so trusted that many other Construction Equipment manufacturers have relied for years on durable Kubota diesel engines to power their machines.

The way we see it, if you trust Kubota to engineer a great engine, why stop there? Kubota builds its Construction Equipment from the ground up and from the inside out, with our world-renowned diesel engines at their core. It's our commitment to quality nd precision engineering that has propelled Kubota to become a global leader in compact excavators, and that has paved the way for us to successfully introduce new construction equipment product lines. Among them, our SVL Series compact track loaders, SSV Series skid steer loaders, and our performance-matched attachments, including Kubota's award-winning 6-in-1 blade. We welcome you to experience the world of precisely engineered Kubota Construction Equipment for yourself.

We Are Kubota

Kubota Corporation was established in 1890 and has become an international brand leader with a focus on contributing to society by offering environmentally compatible equipment designed to improve quality of life. Kubota was the first agricultural machinery manufacturing company in Japan to receive the prestigious "Deming Award" for manufacturing excellence. Over the years, the company's global reach has expanded to include subsidiaries and affiliates that manufacture and/ or market products in more than 130 countries. Kubota has also earned global leadership in manufacturing of compact diesel and gasoline engines for industrial, agricultural, construction, and generator applications.

Here in the U.S., Kubota has firmly rooted itself as a market leader in the equipment industry. Established in 1972 as a compact tractor company, Kubota Tractor Corporation now proudly markets and distributes Kubota-engineered and manufactured machinery and equipment, including a complete line of tractors of up to 170 gross hp¹, performance-matched implements, compact and utility-class construction equipment, consumer lawn and garden equipment, hay tools and spreaders, commercial turf products, and utility vehicles. Kubota equipment is sold and serviced in the United States through a nationwide network of more than 1,100 authorized Kubota dealers.

SCL SERIES

SCL1000

Compact in Size, packed with performance, Kubota's Stand-on Compact Loader conquers the toughest of tasks yet is nimble enough to get in tight spaces.

- 24.8 HP Turbo-charged Kubota engine provides quiet operation, high altitude performance and requires no DPF
- Vertical lift loader arms reach higher and further than the competition with a hinge pin height of 84.7" and a reach of 26" (at 45° dump angle).
- > 1000 lbs. ROC combined with 15 gpm auxiliary hydraulic flow make for a powerful and productive compact utility loader.
- > 4.3" Color LCD monitor includes Keyless start with passcode protection and easy to read consolidated machine monitoring with service reminders. A convenient 12 Volt charging port is also standard.
- The patent pending T-drive handle provides intuitive and ergonomic steering. Hydraulic pilot-operated loader and drive control valves offer precise and responsive control of the machine

- > Right hand joystick controls loader arm and bucket movement. Auxiliary hydraulics are easily operated without removing your hand from the loader joystick. Continuous flow in either direction is as simple as pushing a button
- Easy to access centralized filters and everyday maintenance items. Dash indicator light alerts when the air filter needs cleaned, and service information is readily available at the touch of a button.
- Heavy-duty cast CII coupler and protective cover for bucket cylinder fittings. CII coupler is standard. Optional welded 2-lever style coupler
- Works in zero clearance yards with low impact wide track design (4.0 psi) minimizing damage to grass or landscaping with 4.9 mph travel speed
- Auxiliary hydraulic lines are routed inside the loader arm for optimal protection. Case drain is standard. Auxiliary hydraulic couplers are pressurized

SSV SERIES

SSV Compact Skid Steer Loaders SSV65 | SSV75

Greater power now comes in a smaller package. Our SSV skid steer loader is easier to transport from site to site and easier to maneuver in tight spaces.

- Increase operator comfort in our roomy fatigue- and stressreducing cabin, encouraging all-day alertness
- The sliding front entry door can be opened or closed regardless of loader position
- Cabin has an optimized air conditioning and climate control system for all-year-round operator comfort
- Move more material faster in applications such as agriculture, construction, and landscaping
- An optional multi-function lever allows fingertip control of all major vehicle and implement operations
- The closed cab is radio-ready with speakers, wiring, and antenna standard equipment
- Flip a switch on the hydraulic quick coupler to hook up or remove attachments without leaving your seat
- Discover the increased lifting capacity, higher lift heights, and overall higher productivity of the SSV Series

SVL SERIES

SVL Compact Track Loaders SVL65-2 | NEW Model SVL75-3 | SVL97-2

The SVL Series provides powerful breakout force and lifting capacity for groundbreaking new levels of performance and productivity.

- Powered by 4-cylinder Kubota CRS-TE4 turbocharged engines with 68.3, 74.3 and 96.4 horsepower, these engines are equipped with common rail fuel injection and diesel particulate filters to match outstanding performance with increased fuel economy and greatly reduced exhaust emissions—the SVL97-2 is equipped with a selective catalytic reduction after-treatment
- Vertical lift design and low center of gravity deliver exceptional stability
- Standard-equipped 2-speed travel and high ground clearance helps ensure excellent travel performance on difficult terrains
- Comfortable and spacious cab area features a luxurious, adjustable full-suspension seat and plenty of legroom

- Angled track frame cover helps to prevent soil from accumulating during operation
- Easy maintenance features include a large engine compartment door to access all components for daily routine checks
- Choose an optional high flow system on the SVL65-2 or SVL75-3 and take productivity to a new level. When choosing a SVL97-2 with an optional high flow system, utilize the variable hydraulic flow function to dial in your hydraulic flow for maximum hydraulic attachment performance

SVL97-2

SSV AND **SVL** SERIES

There's an attachment for that!

Two machines with many uses. If there's a job, then there's a specialized SSV or SVL attachment that can handle it. Whether it's a pile of dirt, debris and rocks, or a pile of snow, you can customize your Kubota to haul, cut, grapple, load, grind, drill, and till. And, once the heavy work is done, you can rake the ground smooth again.

BUCKETS/MATERIAL HANDLING

Realize the full potential of your Kubota Skid Steer Loader or Compact Track Loader with an ever-expanding array of versatile bucket attachments and pallet forks. Each one will help you save loads of time and effort in a multitude of efficient ways.

STANDARD DUTY BUCKETS

All buckets have side cutters and cutting edges or welded teeth. They come in two profiles, Standard Floor (SF) or Long Floor (LF), and in widths of 68" and 74". Standard Duty Buckets are recommended for most skid steer applications including agricultural, land-scaping, and some construction applications.

AVAILABLE FOR: SSV65 / SSV75

Kubata

ACCESSORIES & ATTACHMENTS

HEAVY DUTY BUCKETS

Available in widths of 68", 74", and 80" these buckets are the buckets of choice for traction force and applications of our compact track loaders. For our skid steers, the 68" and 74" heavy duty buckets are ideal when working in heavy duty applications including concrete work, heavy and predominant excavation, mining, and recycling.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

CB25 COMBINATION BUCKETS

- » 68" (996 lbs), 74" (1056 lbs), 80" (1147 lbs)
- Dual cutting edge on jaw
- » Bolt-on edge on back blade
- » Cylinder protection
- » Optional counterbalance valve
- » Struck cap. 10-16 cu. ft.; Heaped cap. 15-22 cu. ft.

Concrete contractors, landscapers, dirt contractors, and farmers can perform grapple, dozer blade, bucket, and back drag actions with the CB25.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SRB15 ROCK BUCKETS

- » 66" (509 lbs), 72" (550 lbs), 78" (594 lbs)
- » 3" Teeth spacing
- » 3/8" Tooth thickness
- » Grade 80 steel tine material
- 38" Working length

The SGR15 Rock Bucket is designed to do the dirty work, moving volumes of material quickly and efficiently.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SIDE CUTTER REPLACEMENT KIT

(Left and Right - fits all 68", 74", 80" Buckets)

These Bolt-On Side Cutters (BOSC) greatly extend bucket service life and improve penetration power into hard-packed soil or stockpiled materials. BOSC's are a standard feature on Kubota's buckets and their major purpose is to extend service life of the bucket corners and reduce downtime for costly rebuilds.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

TH35 TILT HITCH

- » 20 degree tilt in either direction
- » Angle gauge and level standard
- » Nylon slide pads

Tilts buckets and other attachments to help contractors, landscapers and homeowners with grading and leveling.

PFL45 & PFL55 PALLET FORKS

- » PFL45: 48" (422 lbs), PFL55: 48" (446 lbs), 60" (492 lbs)
- » Forks adjust to 4" spacing
- » Spring loaded toggle fork position lock
- » Wide frame with step
- » Removable top center bracket

Useful for landscaping, farming, ranching, construction, nurseries, campuses, theme parks, salvage operations, warehouses, lumber yards, retail outlets, and more.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SH35 SKID STEER HITCH

- » Fits Cat. 1 or 2 implements
- » Adjustable top hook
- Universal skid plate
- » Built in 2" receiver hitch
- » Automatic locking

Quickly and easily attach to Cat. 1 or 2 implements that are not PTO-driven such as box scrapers, landscape rakes, and soil pulverizers.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2S

SD96 SILAGE DEFACER

- » 12-25 GPM
- Spiral tooth design
- » Optional euro-mount

The SD96 loosens and breaks up tightly packed and frozen silage so it can be loaded for feeding while leaving the face groomed and even to reduce spoilage, simplying operations for ranchers and feedlots.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2S

PS20 PRIMARY SEEDER

- » 72" or 86" Widths
- » Bi-directional seed cups
- » Quick attach mount and 3-point hitch standard
- Large capacity seed box
- » Floating packer wheels to follow the contours
- » Patent Pending

Ideal for landscapers, contractors, and rental yards. No need to take another power unit to the site when you go to put on the finishing touches.

TE35 TRIP EDGE BLADE

- 96" or 108" Widths
- » Oscillation of blade to follow contour of the surface
- » 22 Degree angle right and left
- » New HD designed tension springs
- » Radiused blade rolls snow more efficiently

The trip edge design eliminates damage to surfaces and to the machine while moving large amounts of heavy snow down to the surface in a single pass. Ideal for snow contractors, municipalities, schools, and landscapers.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2S

CP30 COLD PLANERS

- » 12", 16", 18", 24", 30", 40", 48" Widths
- » CP30: 0-6" Cutting depth
- » Independent RH/LH skid shoe control
- » Hydraulic tilt, depth, and sideshift
- » Optional water system
- » Removable cutting teeth
- » 3 Line set up (pressure, return and case drain)

Ideal for road contractors, municipalities, and rental yards for milling asphalt, cutting utility trenches, pothole/shoulder repairs.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2S

HB HOPPER BROOM

- » 74" or 84" Widths
- » Heavy-duty bucket design 3/16" shell
- » Bucket tapered front to back to hold material in
- » 26" Replaceable brushes
- » Tool-less height adjustment
- » Heavy-duty metal top with bump protection

This large tapered heavy-duty collection bucket offers multiple brush configurations making it the perfect construction site clean-up tool for contractors and rental yards.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2S

SW30 ROAD SAW

- » Electric or hydraulic control of tilt, sideshift and depth
- Either 10" or 18" depth of cut
- » 2.5" 6" Widths
- » Multiple tooth options available

Ideal for road contractors, municipalities, and rental yards for milling asphalt, cutting utility trenches, pothole/shoulder repair.

1

RP30 RIPPER

- » 5 Shank design with replaceable tips
- » Skid shoes
- » Level indicator

Contractors and landscapers can rip or loosen dirt, sand, and tailings at varying depths. Using this unit in between compaction passes will also help achieve the desired compaction rating.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

BR BREAKERS

- » BR310, BR360, BR460, BR510, BR560, BR860
- Multiple tool options
- Wear resistant steel housing
- » Replaceable bottom plate

Ideal for demolition, frozen ground and rental yards where optimum power and breaking efficiency is required.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s KX018-4 / KX71 / KX033 / KX040 / KX057 / KX080 U17 / U27 / U35 / U55

GRAPPLES

No matter how gnarly or oddly shaped the load gets, there's an SSV or SVL that can get a grip on it. Rubble and brush are no match for Kubota's standard equalizer valve, which ensures equal clamping force across the entire grapple surface.

SGC20 CLAW GRAPPLES

- » 72" (895 lbs), 84" (999 lbs)
- » 6" Teeth spacing
- » 1/2" Tooth thickness
- » High tensile AR400 steel
- » 6" x 6" Frame tube

Claw Grapples make quick work of large jobs, and can be used to rake, dig, and move rocks, trees, brush, and construction debris without picking up dirt.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SGR15 ROCK GRAPPLES

- » 66" (889 lbs), 72" (938 lbs), 78" (972 lbs)
- » 3" Teeth spacing
- » 3/8" Tooth thickness
- » Grade 80 steel tine material
- » 37" Jaw opening

The Rock Grapple features 3" spacing between the teeth allowing small rocks, soil, and debris to be sifted, leaving the larger material locked in its jaw.

SGM15 MANURE GRAPPLES

- » 66" (596 lbs), 72" (620 lbs), 78" (648 lbs)
- » 40" Jaw opening
- » Single 2" x 8" cylinder with 1-1/4" rod
- » 1-1/4" Greaseable pins on all pivot points

Manure Grapples are a must-have tool for moving hay, barn cleaning, or general yard maintenance and will make chores around the farm a breeze.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

GB30 SCRAP GRAPPLE BUCKETS

- » 68" (1195 lbs), 74" (1251 lbs), 80" (1337 lbs)
- 1/4" Two-piece shell
- ½" End panels
- » Five bottom wear bars
- ¾" Grapple tines
- » Hard hydraulic lines

Demolition crews, recycling plants, municipalities, junk yards, and rental yards can retain debris until it is piled or loaded.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

RG30 ROOT GRAPPLES

- » 68" (1058 lbs), 74" (1074 lbs), 80" (1170 lbs)
- » Gusseted 1/2" frame tines
- » ¾" Thick grapple tines
- Greaseable pivot points
- » Wide tine spacing
- » Hard hydraulic lines

Farmers, landscapers, nurseries, construction crews, tree services, and rental fleets are able to pick up large debris off of the ground, while separating out dirt and other small material.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

BB30 BOX BLADE

- » 72", 84", 96" Widths
- » Bi-directional with hinged cutting edge
- » Floating front axle
- » Replaceable side plates with adjustable skid shoes
- » Lift/tilt with parallel links standard
- » Ability to accept attachment control system

AVAILABLE FOR: SSV65 / SSV75 / SVL75-3 / SVL95-2

CC30 CONCRETE CLAW

- » 3/4" Side plates
- » 1/2" Floor pan
- » Long floor for more leverage
- » 3 Replaceable teeth

AVAILABLE FOR: SSV65 / SSV75 / SVL75-3 / SVL95-2S

SC60 SKID CUTTER

- 18-30 gpm
- 72" Width
- » 6" Cutting capacity
- 1/4" Deck thickness
- Single plate blade carrier
- Replaceable carbide teeth on bottom of carrier
- » Patent pending retractable door
- Wide angled full length skid shoes

AVAILABLE FOR: SSV75 / SVL75-3 / SVL95-2S

MULTI-USE ATTACHMENTS

Kubota's SSV and SVL multi-use attachments are designed to extend the near-limitless versatility of your machine. These attachments can be used on any job site by a wide variety of industry professionals.

DZ30 6-WAY DOZER BLADES

- » 84" (1345 lbs), 96" (1440 lbs)
- » 3/8" Moldboard w/ full boxed bracing
- » 3/4" x 8" Reversible cutting edge 3 piece design
- » 3" Pivot pins
- » 3-1/2" x 8" Welded cylinders
- » 1/2" x 4" Full length wear bar

Preparing rough grade, moving material around the job site, pushing silage or manure, cutting or clearing ditches.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

TR TRENCHERS

- » 48" (858 lbs), 60" (886 lbs)
- » Adjustable auger
- » 15-24 gpm, 25-40 gpm Motor options
- » Manual or hydraulic sideshift
- » 6" 10" Width chain options
- » Patented depth gauge

Used by rental yards, contractors and developers to dig trenches for water, electrical, drainage or footings in many different soil conditions.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SA20 SKID AUGER

- » 10-30 gpm; 2 Motor options
- Weight: 244 lbs
- » 6" 36" Diameter augers
- » 2" Hex output shaft
- » Center and 18" offset mount to the right
- » Planetary gearbox

The SA20 is ideal for nurseries, landscapers, contractors, construction companies, farmers, ranchers, and municipalities.

SA35 SKID AUGER

- » 15-25 gpm
- » Weight: 362 lbs
- » 9" 36" Diameter augers
- » 2" Hex or 2-9/16" round output shaft
- » Planetary gearbox

The SA35 meets the industrial duty applications of nurseries, landscapers, contractors, construction companies, farmers, ranchers, and municipalities. The 36" auger is perfect for planting ball rooted trees.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

ROCK AUGERS

- » 3.5" High strength tube
- » 3/4" Double flight bore head
- Bullet style carbide tips
- » 1-3/4" Square shanked pilot
- » 6", 9", 12", 15", 18" & 24"

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

REQUIRES: SA20 OR SA35

BOLT-ON ROCK HEADS

- » Mount to any existing Aggressor auger
- » Carbide bullet teeth
- » Pllot bit w/teeth
- » Wear caps for leading edge of flights
- » 6", 9", 12", 15", 18" & 24"

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

REQUIRES: SA20 OR SA35

LB60 LOADER BOOM

- Weight: 395 lbs
- » 6" x 6" Tube construction
- » 6,000 lbs. Lift capacity
- » Flat front
- » Two 1" lifting lugs
- » Stabilizer chain connections / side plates

Provides a stable lifting platform for placing and removing concrete forms, and transplanting trees and shrubs.

AB ANGLE BROOMS

- » 72" (865 lbs), 84" (884 lbs)
- » Hydraulic range: 12-30 gpm
- » Brush speed: 100-230 rpm
- » 32" Brush diameter
- » Replaceable hex drive system
- » Poly, wire, or combination bristles
- » Optional dust suppression system with 25 gallon tank

Angle Brooms are ideal for construction site cleanup, road maintenance, light snow removal on paved surfaces, and cart path maintenance.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

LANDSCAPE ATTACHMENTS

Tame the wild with landscape attachments that are specifically engineered to make the SSV and SVL perfect machines for any municipal and commercial landscaper. If nature can grow it, then there's a landscaping attachment to chop, grind, pull, rake, and till it down to size.

SRT25 SKID TILLERS

- » 62" (785 lbs), 76" (880 lbs)
- » 14-42 gpm
- » Case drain protection
- Ripper shanks
- » Forward or reverse rotation
- » Spiral rotor design with C-shaped bidirectional tines

Forward and reverse rotation tillers are great for seedbed or garden plot soil preparation used in landscaping, nurseries, gardens, and light commercial applications.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SR27 POWERED RAKES

- » 72" (766 lbs): 12-19 gpm / 90" (1162 lbs): 15-23 gpm
- » Rigid or float option
- » Manual or hydraulic angle
- » Cast chain housing
- » Larger U-bolts on gauge wheel

Landscapers, nurseries, rental yards, and housing contractors can prep and level ground for seeding, remove unwanted material and debris, and rejuvenate driveways and gravel lots.

SRT25 SKID TILLERS

- » 62" (785 lbs), 76" (880 lbs)
- » 14-42 gpm
- » Case drain protection
- » Ripper shanks
- » Forward or reverse rotation
- Spiral rotor design with C-shaped bidirectional tines

Forward and reverse rotation tillers are great for seedbed or garden plot soil preparation used in landscaping, nurseries, gardens, and light commercial applications.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SR27 POWERED RAKES

- » 72" (766 lbs): 12-19 gpm / 90" (1162 lbs): 15-23 gpm
- » Rigid or float option
- » Manual or hydraulic angle
- Cast chain housing
- » Larger U-bolts on gauge wheel

Landscapers, nurseries, rental yards, and housing contractors can prep and level ground for seeding, remove unwanted material and debris, and rejuvenate driveways and gravel lots

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SRF27 POWERED RAKES

- 72" (711 lbs): 12-19 gpm / 90" (940 lbs): 15-23 gpm
- » Fixed hitch no angling
- » Cast chain housing
- » Larger U-bolts on gauge wheel

Landscapers, nurseries, rental yards, and housing contractors can prep and level ground for seeding, remove unwanted material and debris, and rejuvenate driveways and gravel lots.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SC25 SKID CUTTERS

- » 60" (1098 lbs), 72" (1350 lbs); 15-25 gpm
- » 2" Diameter cut capacity
- » 1-1/2" 18" Cutting height; infinitely variable
- » 10 Gauge steel deck; 1/4" side skirt

Ideal for tightly restricted areas under fences, in and around boxed in corner sections of corrals and out buildings, vineyard, nursery rows, wooded lots, and approaches to ditches and waterways.

SC40 SKID CUTTERS

- » 60" (1356 lbs), 72" (1718 lbs)
- » Motor options: 15-25 gpm and 26-43 gpm
- » 4" Diameter cut capacity
- » 1/4" Deck thickness
- » Pressure gauge
- » Tapered full length skid shoes
- » Inline bearing

Farmers/ranchers, developers, contractors, and rental yards can clear land or small trees, shrubs, bushes and grass.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SC70 SKID CUTTER

- » 72" (2456 lbs)
- » 7" Diameter cut capacity
- 4 Swinging blades, reversible
- » Retractable front door
- » Replaceable carbide teeth on bottom of blade carrier
- » Wide, angled full length skid shoes

Farmers/ranchers, developers, contractors, and rental yards can clear land or small trees, shrubs, bushes and grass.

AVAILABLE FOR: SVL95-2s

SG25 SKID GRADERS

- » 72" (886 lbs), 84" (952 lbs)
- » Standard ripper teeth
- » Bidirectional blades; Adjustable cutting angles
- » Replaceable skid shoes
- » Correct hitch angle
- Bucket carrier on top

Landscapers, contractors, homeowners, rental yards, and developers can level construction sites, or for seed preparation and rejuvenating driveways and parking lots.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SSG25 STUMP GRINDER

- » 17-32 gpm; 1100 rpm
- Weight: 540 lbs
- » 24" Diameter cutting wheel
- » Maximum cutting arc of 55 degrees
- » Hydraulic motor with electric over hydraulics
- » Depth of 8" below ground
- » 1/2" Thick by 20" diameter with carbide teeth

A great choice for contractors, landscapers, and forestry departments, the SSG25 turns large stumps into small chips.

STP15 TREE/POST PULLER

- » 30-65 HP Machine size
- » Weight: 240 lbs
- » 10" Jaw opening
- » Laser cut saw tooth design
- » 3" x 3-1/2" Square tubing frame
- » Cylinder cover

Great for residential and small landscaper uses with moving shrubs, saplings, and small trees; pulling them from the ground, roots and all.

AVAILABLE FOR: SSV65

STP25 TREE/POST PULLER

- Top to bottom pivot shaft
- Weight: 416 lbs
- Interlocking teeth on the jaws
- » Reinforced jaws
- » Shielded cylinder

Farmers/ranchers, fence builders, homeowners, recycling plants, municipalities and rental yards can use the STP25 to pull trees, bushes, poles, or posts out of the ground, leaving no root or stump to contend with.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

UB25 UTILITY BUCKET

- Weight: 420 lbs; Grade 50 steel
- » Replaceable digging teeth
- » Bent bottom to aide in leverage
- » Top tapered ripper teeth in side wall
- » Hardened cutting edge
- » Built in connection points for tie downs

This construction grade utility bucket acts as a shovel-like attachment for stump and small tree removal, relocating landscaping rocks or boulders, and light trenching.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

TC25 TREE CARRIERS

- » 36" (285 lbs), 42" (315 lbs), 48" (345 lbs)
- » Universal quick-attach plate
- » AR400 blade
- » Curved and tapered front edge
- Side gussets
- » Tie down connection points on hitch

The Tree Carrier is available in a variety of sizes to help landscapers and nurseries handle multiple widths of root balls to easily remove, plant and move small trees and shrubs.

SNOW ATTACHMENTS

Keep travel flowing at all elevations with these Kubota snow removal attachments. Whether it's blowing snow from a park pathway or clearing a major thoroughfare, this versatile line-up of snow attachments will make safe and short work of all snowy conditions.

SSP15 SNOW PUSHERS

- » 72" (685 lbs), 84" (638 lbs), 96" (688 lbs)
- » 30" Moldboard, 29" depth
- » AR400 Skid shoes
- » Rubber pull back blade option
- » Adjustable rubber or steel cutting edge

The SSP15 pushes snow and other loose materials straight ahead without leaving windrows on the side or damaging the pavement below when using the optional rubber snow blade.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SSP25 SNOW PUSHER

- » 96" (928 lbs)
- 36" Moldboard, 35" Depth
- » Rubber pull back blade
- » Exterior gussets
- » Adjustable rubber or steel cutting edge
- » AR400 skid shoes

Push snow and slush straight ahead without leaving windrows or use the optional pull back blade to remove snow close to garage doors.

LM25 LIGHT MATERIAL / SNOW BUCKETS

- » 84" (719 lbs), 96" (803 lbs), 108" (869 lbs)
- » Cut out in backplate for visibility
- » BOCE optional
- » Heavy-duty construction
- » Inside bend gussets

Great for moving large volumes of loose material, snow removal, cleaning bedding and manure from events.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

TB25 TRIP BLADES

- » 96" (634 lbs), 108" (653 lbs)
- » Steel moldboard construction
- » 10 Gauge moldboard thickness
- » Adjustable spring loaded trip edge protection

Ideal for landscapers, construction companies, farmers, ranchers, homeowners, school systems, and municipalities to push snow or light aggregate materials such as pea gravel or livestock feed.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

ACCESSORIES

These accessories and upgrades were designed to make your job easier, safer, and more comfortable. They help your machine be more visible, give you a smoother ride, and provide added safety features that comply with local regulations where applicable.

RADIO

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

HOSE STAY

Keep your accessory or attachment hoses organized and safe with this Hose Guide Bracket. SVL75-3 / SVL95-2s model shown.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

SPECIAL APPLICATION TILT-UP DOOR (Built by KBT)

This high quality Tilt-Up Door features tough polycarbonate-glass to protect the operator from flying debris. It is required when using a hammer/breaker. Available for SVL factory Cab and SSV factory Cab or ROPS models.

14-PIN CONNECTOR FOR ATTACHMENT CONTROL

The industry standard 14-Pin connector is an option and is used to control 2-functions on an attachment. The 4-wire system is using industry standard connector numbers.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

MULTI-FUNCTION CONTROL GRIP KITS

Used in conjunction with the 14-Pin connector for attachments requiring electrical on-off and momentary switch inputs. *Hand & Foot grip shown*.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

ENGINE BONNET LOCK KIT

Engine compartment door can be locked with this optional key-lock.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

ENGINE BLOCK HEATER

A Block Heater keeps the engine warm in cold temperatures and helps eliminate cold start engine damage. These Block Heaters are simple to install and are a reliable and efficient way to pre-heat your engine block.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

RETRACTABLE SEAT BELT 3" WIDE

The 3" Seat Belt Kit is a replacement for the 2" seat belt shipped from the factory. Use the 3" Seat Belt Kit to increase operator comfort and as required in some states for OSHA compliance.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

AIR RIDE SEAT SUSPENSION KIT

This Air Ride Seat Suspension Kit provides the operator with ultimate comfort when working on uneven terrain. SVL seat model shown.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

STROBE LIGHT KIT

When working in cities and areas with a lot of foot traffic, a Strobe Light Kit is a great added safety feature. Consumes ½ Amps.

ROTATING BEACON LIGHT KIT

When working in cities and areas with a lot of foot traffic, a Rotary Beacon Light Kit is a great added safety feature. Consumes 5 Amps.

AVAILABLE FOR: SSV65 / SSV75 / SVL65-2 / SVL75-3 / SVL95-2s

ACCESSORIES (SVL only)

RADIATOR SCREEN KIT

The Radiator Screen reduces downtime for radiator cleaning as it can be pulled out on regular intervals to remove leaves and other debris that would otherwise collect between the cooling fan and the radiator. The radiator needs to be pulled forward to access the screen.

AVAILABLE FOR: SVL65-2 / SVL75-3 / SVL95-2s

RED TAIL LIGHT KIT

Tail Lights are required by law in some states if you plan on operating on public roads.

AVAILABLE FOR: SVL65-2 / SVL75-3 / SVL95-2s

REAR VIEW MIRROR

For added rear visibility.

AVAILABLE FOR: SVL65-2 / SVL75-3 / SVL95-2s

ENCLOSURE KITS (for SVL ROPS models only)

Enclosure Kits transform your open ROPS SVL into a full cab machine. Offered as separately available components, such as the heater kit, you can customize your SVL cab to suit your regional weather and usage conditions. Popular kit components include side windows, as they afford the most protection from wind, rain, and dust. The intelligently designed entry door swings outward and is equipped with a release handle to separate the window from the steel door in case of attachment or debris blockage.

Swing Door Kit

This Swing Door Kit features Quick Release glass which allows the operator to easily exit the SVL in case the position of the attachment does not allow the swing door to open, or when material or debris blocks the door.

SPECIAL APPLICATION SWING DOOR - POLYCARBONATE

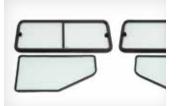

(includes Quick Release handles) Required for the use of hammer/breaker.

AVAILABLE FOR: SVL75-3 / SVL95-2s

SPECIAL APPLICATION SWING DOOR KIT W/ FRAME AND WIPER

Front Swing Door Kit with Quick Release and Tempered Glass.

AVAILABLE FOR: SVL75-3

SLIDING SIDE WINDOW KIT

Sliding Side Windows allow the operator to close the cab during cold weather or open up the windows for venting when it's warm.

AVAILABLE FOR: SVL75-3

HEATER KIT

Cab Heat Kit for ROPS with Door and Side Window Kit. Working in the cold is made comfortable and efficient with this Cab Heat Kit.

AVAILABLE FOR: SVL75-3

WINDSHIELD WASHER BOTTLE KIT

Wash away dust and mud for a clear field of vision with this Front Window Washer Kit for the Swing Door.

AVAILABLE FOR: SVL75-3

CIRCULATION FAN KIT

Circulate the air inside the enclosed cab with this easy-to-install Circulating Fan Kit. AVAILABLE FOR: SVL75-3

MOUNTING PLATE KIT

Mount Bracket for Magnetic Bases with Control Handles.

AVAILABLE FOR: SVL75-3 / SVL95-2s

KX SERIES

Excavators K008-5 | KX018-4 | **NEW Model KX030-4** | KX033-4

Kubota's compact excavators combine maneuverability, power, and reliability with economy to help you haul away more pay dirt on every job.

- The KX030-4's operation is aided by two new features, the auto downshift feature (Hi to Low) and the dozer blade float for back dragging
- Compact size increases productivity in confined areas
- Superior stability with long tumbler distance and wide variable track width (KX018-4) enables you to safely perform jobs using a host of Kubota attachments
- Variable-width track frame can be hydraulically retracted with the switch of a lever to fit through most doorways (K008-5) and gates (KX018-4)
- One of the largest cabs in its class, the KX018-4 features ample legroom, adjustable seating, and a wide door to bring comfort to tough work

- Digital display allows easy access and operation (KX018-4)
- > Two-pattern selection system lets operator choose ISO or SAE operating pattern
- > Easy access makes engine maintenance simple
- With the stability and lifting capacity of a much bigger machine, the 3-ton KX033-4 offers a level of performance to handle a wide variety of tough excavating jobs
- With a larger entrance, more legroom, and enhanced ergonomics that simplify routine operations, the KX033-4's luxurious cabin redefines operator comfort

KX SERIES

Excavators KX040-4 | KX057-5 | KX080-4S2

Get down to bedrock with these powerhouse excavators. The KX series has outstanding utility and exceptional operation.

- > Remarkable breakout force of 14,660 lbs. helps ensure high productivity in the toughest applications (KX080-4)
- Advanced Load-Sensing Hydraulic System provides optimum oil flow to each cylinder, making operation under most loads easier and smoother
- > Kubota's original ECO PLUS® prioritizes fuel economy for long hours on the job
- Hydraulic 6-in-1 blade for KX040-4 angles 25 degrees and tilts 10 degrees to make leveling and backfilling work incredibly easy
- Oil-flow settings are adjusted and stored via a new digital panel for quick retrieval from job to job

- Superior cabin design features air conditioner, two-pattern selection system, 2-speed travel switch, deluxe suspension seat, and retractable seat belt
- Triple Open Covers, ground-level access, and angle track frame give you easy, hassle-free maintenance

KX057-5 Excavators

- The KX057-5 showcases an all new 7" LCD color display with an excellent working picture and clear visibility
- Keyless Start and Rearview camera are now optional kits for the KX057-5
- Operator comfort is greatly improved on the KX057-5 with the new dual adjustable seat and console as well as a much quieter cab

U SERIES

Excavators U10-5 | U17 | U27-4 | U35-4 | U48-5 | U55-5

The U Series excavators offer performance, durability, convenience, and comfort to help you tackle tougher jobs in even tighter spaces.

- > Two-pattern selection system lets operator choose ISO or SAE operating pattern
- Zero and tight tail swing offer excellent balance, stability, and better visibility in confined areas
- Hydraulic variable-width track frame retracts to fit through gates, expands for stable operation (U17)
- > Tried and true Kubota diesel engine
- Unique hydraulic system and large-capacity variable displacement pumps deliver exceptional boom, arm, and bucket movements in the industry
- The U27-4 has a dig depth of 9' 5" and provides one of the largest operator stations in the industry with a tight tail swing design

- Optional cabs offer spacious operator area with air conditioning, interior light, and windshield wiper/washer for comfortable all-weather operation (U35-4, U48-5, and U55-5)
- Digital display enhances productivity and makes operation easier

U48-5 and U55-5:

- > 7" LCD color display with an excellent working picture and clear visibility
- Keyless Start and Rearview camera are now optional kits for the U48-5 & U55-5

U-10:

The U10-5 now has side lever joysticks, for easier and more productive excavator operation

KX AND U SERIES

Take Your Excavator to the highest level of performance and productivity.

Your Kubota Excavator already performs at the highest levels of its design and is capable of even more. The HEAVY DUTY attachments, tools, and accessories offered here are of the highest quality, engineered to fit your Kubota Excavator and designed to take your machine to the next level.

Kubaha

EXCAVATOR ACCESSORIES & ATTACHMENTS

EXCAVATOR BUCKETS

Your Kubota Excavator is an outstanding working tool capable of performing a wide variety of jobs. Increase the versatility of your Kubota to get the job done more quickly and easily with these high-quality buckets. Kubota buckets are designed for an easy cut, and feature tapered side plates, horizontal wear straps, an extra rigid channel, and tip radius to Kubota specifications.

Trenching Buckets

Trenching Buckets are recommended for moderate to heavy soil with loose rock. All Kubota Trenching Buckets feature quality construction with high-strength steel. Pin-on buckets are available in orange. Quick attach buckets are available in blue.

PIN-ON

Pin-on trenching buckets are available in a variety of widths from 8" to 36".

AVAILABLE FOR: K008-3 / U17 / KX018-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / KX080-4s

OUICK ATTACH

Quick attach trenching buckets are available in a variety of widths from 9" to 36".

AVAILABLE FOR: U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

Ditch Cleaning / Grading Buckets

Ideal for ditch maintenance, construction, grading, and finish work (DCG buckets have no teeth). Features include a rigid top channel and bottom wear straps for extra reinforcement and longer work life. Kubota recommends the optional bolt-on cutting edge with these buckets.

PIN-ON & QUICK ATTACH

Ditch Cleaning / Grading Buckets are available in a variety of widths from 36" to 60" in Pin-On and Quick Attach models.

AVAILABLE FOR: KX040-4 / U55-4 / KX057-4 / KX080-4s

Tilt Grading Buckets

Recommended for angled slope work, ditch maintenance, grading, and finish work, Tilt Grading Buckets feature 45° hydraulic tilt action. Kubota recommends using the optional bolt-on cutting edge with these buckets.

QUICK ATTACH

Tilt Grading Buckets are available in a variety of quick attach widths from 36" to 54". AVAILABLE FOR: KX71-3 / KX033-4 / U35-4 / KX040-4 / KX080-4s

Cemetery Bucket

Originally designed to dig graves, the Cemetery Bucket is ideal for any job that requires straight, vertical wall digging at maximum depths. The flat bottom and round back ensure there is no drag when curled.

36" CEMETERY BUCKET

AVAILABLE FOR: U55-4 / KX057-4

Quick Coupler

Quickly and easily exchange your excavator attachments, all without the use of tools. Quick Couplers are offered for almost the entire line of Kubota Excavators and maintain the original tip radius as pin-on buckets for powerful digging forces.

TWO HOLE QUICK COUPLER

Excellent breakout force for moderate to heavy soil conditions.

AVAILABLE FOR: U17 / KX018-4 / U55-4 / KX057-4

THREE HOLE QUICK COUPLER

Curl hole and power hole built into quick coupler. Use the curl hole for increased bucket rotation for truck loading. Use the power hole for excellent breakout force in tough digging applications.

AVAILABLE FOR: U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / KX080-4s

HYDRAULIC QUICK COUPLER

The Kubota Konnect® Hydraulic Quick Coupler system allows operators to easily, quickly, and safely exchange attachments. T-1 steel is used in all critical wear components to ensure that this coupler has a long operation life. Hardened bushings are used at all pivot points, as well as hardened pins for wear and corrosion. Various safety features are incorporated in the coupler design to ensure safety and positive hook-up. The Kubota Konnect® system is the most convenient way to speed Kubota excavator attachment changes.

AVAILABLE FOR: KX040-4

EXCAVATOR ACCESSORIES & ATTACHMENTS CONTINUED

ATTACHMENTS

Your Kubota Excavator is designed for ultimate performance. The high-quality work tools and accessories offered here are engineered to fit your Kubota Excavator perfectly and take your machine to the next level.

HYDRAULIC THUMB KIT

The Hydraulic Thumb greatly enhances the versatility of your Kubota Excavator. It is excellent for manipulating, handling, or loading irregular-shaped objects, debris, rocks, and can even pick up logs. It is custom-designed to match bucket tip radius and is retractable (out of the way) for trenching.

AVAILABLE FOR: U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

HYDRAULIC BREAKERS

These Hydraulic Breakers are powerful percussion hammers fitted to your Kubota excavator for demolition and recycling applications. Kubota offers Hydraulic Breakers for the entire line of excavators.

AVAILABLE FOR: K008-3 / U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

FLAIL BRUSH SHREDDER

The K4080 is a severe-duty brush shredder that has a 1/2" thick cutter drum with 5/8" ears holding 24-2.25 lb. outer knives and 12-2 lb. inside knives and does not require a case drain. The integrated thumb saddle is used in conjunction with the thumb to pick up debris and move obstacles.

AVAILABLE FOR: KX080-4s

24" FROST RIPPER

Designed to pre-rip frozen ground or soil, this tool can also break roots, remove stumps, and rebar. This Frost Ripper features a single point tooth and a heavy-duty ripper shank for best penetration. An extra heavy-duty upper gusset helps prevent tooth torque on tough jobs.

AVAILABLE FOR: U55-4 / KX057-4 / KX080-4s

GRADING BLADE

Grading Blades are useful for back filling, finishing grade, loose dirt, stone, and landscape finishing and shaping. The backed cutting edge has a reinforced plate and side wear plates reinforce the edge, blade, and rear plate. The edge features an extra thick cutting edge and a reinforced blade for longer life.

AVAILABLE FOR: KX71-3 / KX033-4 / U35-4 / KX040-4 / KX080-4s

SOLID TINE GRAPPLE

The 36" Pin-On Solid Tine Grapple is an extremely versatile attachment designed to handle various objects such as brush, rocks, and demolition debris. This tool features a wide mouth opening for greater range when grappling brush.

AVAILABLE FOR: KX080-4s

EXCAVATING RAKE

The Excavating Rake is recommended for land clearing, gathering demolition debris, and sorting material. These rakes are built with large gussets between the tines, a steel tube, and two skins for added strength.

AVAILABLE FOR: KX71-3 / KX033-4 / U35-4 / KX080-4s

VIBRATORY COMPACTOR

Ho-Pacs are ideal for trench, slope, and excavation compaction. Ho-Pacs compact in densities in excess of 95% Proctor. Ho-Pacs are also used for compacting waste materials and for breaking up frozen coal. Vibratory Compactors are Allied Approved attachments.

AVAILABLE FOR: U17 / KX018-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

COMPACTION WHEEL

These Compaction Wheels feature multiple wheels with foot pads staggered for even compacting in a wide variety of soil conditions. Constructed with high-quality steel with replaceable bearings and wheels, this tool is built to last and offer years of service.

AVAILABLE FOR: KX080-4s

HYDRAULIC AUGER

All 75 Series hydraulic motors drive the auger through a sealed planetary gear reduction. The heavy-duty all-gear design gives these units a long life with minimal maintenance and service costs. Hydraulic Augers are Allied Approved attachments.

AVAILABLE FOR: U17 / KX018-4 / U25S / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

EA20 EXCAVATOR AUGERS

- » 4 Mounts to fit all Kubota Quick-Attach models (except U25/U27)
- » 3 Motor options: 6-15 gpm; 10-20 gpm; 15-30 gpm
- » Drive units can be used with either SA or EA mounts
- » All mounts accept cradle option

Ideal for dirt or building contractors, rental yards and fencing contractors to reach hard to access areas with an excavator.

AVAILABLE FOR: U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

EA35 EXCAVATOR AUGERS

- » 4 Mounts to fit all Kubota Quick-Attach models (except U25/U27)
- » 15-25 gpm Motor
- » Drive units can be used with either SA or EA mounts
- » All mounts accept cradle option

Allow use of an auger to dig holes using an excavators flexibility to access hard to reach areas or dig to greater depths than a CTL/skid steer is capable of.

AVAILABLE FOR: KX040-4 / U55 / KX057-4 / KX080-4s

EXCAVATOR ACCESSORIES & ATTACHMENTS CONTINUED

CONTROLS, COMFORT, AND CONVENIENCE

Working with your Kubota may make you feel like a king, but a long day's work still deserves a little comfort in the cab. Alleviate some stress with Kubota Comfort & Convenience products. These radios and arm rests help make your Kubota feel like a home away from home. And the accessories enhance the versatility and productivity of your excavator.

HYDRAULIC BREAKER ACCESSORIES

Kubota offers everything you need to work with your new Hydraulic Breaker. Hose Kits, Quick Attach, and Pin-On Mounting Brackets put you and your Hydraulic Breaker to work quickly and safely.

AVAILABLE FOR: K008-3 / U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

BUCKET HANGERS

The bucket hangers are designed to convert a non-Kubota bucket to a Kubota quick attach bucket. Use these when a customer changes from another brand bucket and wants to keep the original attachments.

AVAILABLE FOR: U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

BOLT-ON CUTTING EDGES

The Cutting Edge of your Grading Bucket does the detail work. These Bolt-On Cutting Edges for Grading Buckets are an inexpensive way to strengthen the cutting edge and prolong the life of your Grading Bucket.

AVAILABLE FOR: KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

SPARK ARRESTOR MUFFLERS

Working in extremely dry brush and grass may require the added safety of a Spark Arrestor. Order the Spark Arrestor Muffler as a replacement for the standard muffler. A Heat Shield (shown attached to the muffler) is required to complete the package.

AVAILABLE FOR: K008-3 / U27-4 / KX71-3 / KX033-4 / U35-4

SCREEN TYPE SPARK ARRESTOR MUFFLER

Kubota also offers a Screen Type Spark Arrestor for installation in the muffler's exhaust pipe for certain excavator models.

AVAILABLE FOR: K008-3 / KX018-4 / U27-4

TRAVEL ALARMS

Get to and from the job site safely with a Travel Alarm Kit. Alert other workers that your Excavator is on the move.

AVAILABLE FOR: U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

CANOPY LIGHT KITS

Extend your work hours on dark days and late nights with a Canopy Light Kit. The boom light illuminates the bucket area. Canopy Light Kits illuminate the surrounding area.

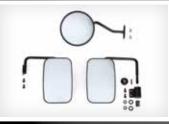

AVAILABLE FOR: U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4

STROBE LIGHT KIT

When working in areas where high visibility is required, a Strobe Light Kit is a great added feature. Available for cabs only.

AVAILABLE FOR: U35-4 / KX040-4 / KX033-4 / KX057-4 / U55-4 / KX080-4s

MIRROR KIT FOR CABS

Use these Mirror Kits to monitor movement of construction vehicles, equipment, and personnel within the work zone.

AVAILABLE FOR: U27-4 / U35-4 / KX033-4 / KX040-4 / U55-4 / KX057-4

BLOCK HEATER KITS

A Block Heater keeps the engine warm in cold temperatures and helps improve cold engine starting performance. These Block Heaters are simple to install and are a reliable and efficient way to pre-heat your engine.

AVAILABLE FOR: KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

STEEL TRACK KITS

Some of our customers are looking for longer track life under operating conditions such as sharp stones, recycling, and demolition applications. Steel Tracks are more durable under those conditions, and experience less damage to the track.

AVAILABLE FOR: KX71-3 / KX033-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

WIDE STEEL TRACKS / DOZER BLADE EXTENSION KIT

Wide Steel Tracks provide better flotation and decreased ground pressure, reducing damage to sensitive surfaces. Wide Steel Tracks enhance machine stability as well, especially over the side. Be sure to install the Dozer Blade Extension Kit so that the blade and track width match.

AVAILABLE FOR: KX080-4s

EXCAVATOR ACCESSORIES & ATTACHMENTS CONTINUED

ADDITIONAL COUNTERWEIGHT KIT

Use the Additional Weight Kit with Thumb applications in combination with large loads or heavy attachments.

AVAILABLE FOR: KX080-4s

BRUSH GUARD KIT

Used for excavation, demolition, waste handling, construction or demolition sorting, and scrap-handling applications, this front- and top-operator protective guard meets the requirements of ISO 10262 1998 Level II Top, Front Guard.

AVAILABLE FOR: KX080-4s

TWO-WAY SERVICE PORT KIT

The K008-3 is equipped with a one-way service port for Hydraulic Breakers. Enhance the versatility and attachment use of your K008-3 with this Two-Way Service Port Hydraulic Kit to operate an Auger or similar attachment.

AVAILABLE FOR: K008-3

3" SEAT BELT KITS

The 3" Seat Belt Kit is a replacement for the 2" seat belt shipped from the factory. Use the 3" Seat Belt Kit to increase operator comfort and as required in some states for OSHA compliance.

AVAILABLE FOR: U17 / KX018-4 / U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

TRAVEL PEDAL KIT

For our customers that want to keep their hands on the pilot controls when operating, install the optional Travel Pedal Kit for foot operation.

AVAILABLE FOR: KX018-4 / U27-4

RADIOS

Enjoy your favorite music or stay tuned to the latest weather forecast with this outstanding AM/FM/WB Radio with MP3 Port. Most excavators are radio ready, including speakers and antenna. Check your price book for details.

AVAILABLE FOR: U27-4 / KX71-3 / KX033-4 / U35-4 / KX040-4 / U55-4 / KX057-4 / KX080-4s

R SERIES

Wheel Loaders R430 | R540 | R640

Our highly versatile R Series wheel loaders are equipped with features to offer high visibility, unrelenting power, and productivity for many worry-free years to come.

- 4-wheel drive, 100% on-demand differential lock, and rear frame oscillation provide excellent traction and stability
- The ultra-comfortable, enclosed cab helps ensure year-round comfort with great visibility, a suspension seat, and hangingtype foot pedals
- > Easy access makes engine maintenance simple
- Equipped with Kubota's own powerful Tier 4 Final diesel engine
- Joystick mounted FnR switch allows on-the-go directional changes without clutching or braking (Only on the R540 and R640 models)

Make fast, safe, and easy attachment changes with the Quick Coupler

R40 Wheel Loader

- Improved visibility larger front window; full size right window (door size); new delta shaped wheel loader arms
- Operator comfort moved console of switches to the right side of the cab increasing foot and leg space; R540 multi function control lever is now standard

TLB SERIES

Loaders/Landscapers B26 | L47 | M62

Our unique line of 4WD utility tractors is versatile and rugged enough to landscape or load up the farm, the front yard, or the ground floor of a construction site.

- E-TVCS diesel engines provide a total balance of torque, minimal noise, vibration, emissions, and quick starts on cold mornings
- Tractors are available as either tractor/loaders (TL) or tractor/ loader/backhoes (TLB)
- > Backhoes are quick-attach, exposing a Cat. I or Cat. II (depending on model) hydraulic, independent, 3-point hitch
- > Powered by reliable Kubota diesel engines

- Side-positioned loader controls, engine controls, and display provide operator ease and information at a glance whether using the loader or the backhoe
- Sloped loader arms match the slanted hood for improved visibility in tight working areas
- > Quick couplers combine with auxiliary hydraulics for quick attachment changes and a variety of tools for both the loader and backhoe

Mighty Capability. Nimble Package.

- Powerful Kubota Liquid-Cooled EFI Engine. A more powerful 2-cylinder engine provides increased horsepower, with quiet and reliable muscle for most jobs. Kubota built, the durable engine is liquid-cooled to ensure consistent performance throughout the day. Electronic Fuel Injection (EFI) makes starting the engine in cold-weather easier, and provides instant power with greater throttle control
- Capable Towing Capacity. The reliable engine delivers capable towing capacity, made simple with a standard trailer hitch for greater versatility and an ability to attach trailers or pull-behind equipment. For those who refuse to compromise, the mighty RTV520 can tackle even the toughest jobs with its 1,168 lbs towing capacity
- Comfortable Seat Design. The stylish matte-black and contoured seats have been redesigned with a 30% softer padding material, to provide better comfort during long rides

- Quiet Engine. A new, water-cooled 2-cylinder engine produces less noise than both the competition and previous models, making for a quiet and enjoyable ride
- Narrow Stance. The RTV520's compact dimensions let you nimbly maneuver into and out of tight spaces with ease
- Tight Turning Radius. With a tight turning diameter of just 21.7 ft., the RTV520 can work in narrow sites where bigger utility vehicles can't go
- Metal Cargo Bed. Unlike the plastic cargo beds found on some competing utility vehicles, the RTV520 features a durable metal cargo bed that can withstand hard use
- New Radiator with Screen. The new radiator which features a screen to maximize protection of the radiator. A window provides superior accessibility for cleaning and maintenance

SIDEKICK Shown with optional accessories

The gas-powered, large chassis Sidekick is where "Durability Meets Speed"

- The Sidekick is built upon the robust, heavy-duty platform to provide proven durability and performance
- Electronic Fuel Injection (EFI) and a powerful 48 HP gasoline, water-cooled engine provide plenty of torque, astonishingly quick acceleration, and high transport speed (up to 40 mph)
- > Idle Speed Control (ISC) ensures stable power
- The Continuously Variable Transmission with centrifugal clutch (CVT-Plus) provides fast acceleration, smooth operation, and controlled braking with engine-assisted deceleration
- The cogged belt on the CVT-Plus is kept tight for minimal slippage and excellent durability, fully shielded to help keep out dust and water, and cooled with a large fan for even greater longevity

- Light at low speeds and firm at high speeds, the Sidekick's speed-sensitive 45A Electronic Power Steering (EPS) is standard on all models and offers exceptional steering control, handling and stability
- EPS helps to ensure outstanding performance even when the cabin/cargo box is heavily loaded or the snow blade is attached — operating at higher speeds, EPS safeguards against over-steering, increasing stability and control
- Even when fully loaded, the Sidekick won't bottom out—front and rear adjustable independent suspension delivers a smooth ride with plenty of clearance
- The aggressive style is offered in four distinct colors, including the Special Edition Black Model, which comes with alloy wheels, spray-on bed liner, and visually distinct design and graphics to signify being "ready for anything"

Whether you're hauling half a ton of cargo on the job site or feeding livestock out in the pastures, the smooth-riding, hard-charging RTV-X900 gets it done.

- Our RTV-X900 offers a 3-cylinder, liquid-cooled,
 21.6-horsepower* Kubota diesel engine and has a reputation for dependable performance even in the harshest terrains
- 1,300 lbs. towing capacity with standard front and rear twoinch hitch receivers at the front and back
- > Up to 15.2 cubic feet of cargo heavy-duty steel cargo box can carry up to a half-ton (1,102 lbs.) of tools, firewood, gear, supplies, and whatever you need to haul from here to there and back again
- 2-speed in-line shift allows you to shift less often and maintain better control

- > Front and rear height-adjustable independent suspension ensures an exceptional ride, and Extra Duty IRS (Independent Rear Suspension) sets a new standard for durability
- > Kubota's advanced VHT-X (Variable Hydraulic Transmission) offers a wide torque band, advanced designed HST motor, and large oil coolers to boost durability and increase performance
- VHT-X transmission's Dynamic Braking provides additional braking power for driving control, making you feel more secure, especially when traveling down long inclines

KUBOTA SERVICES

KUBOTA PARTS

Kubota Tractor Corporation (KTC) Parts operations provide customer parts support, parts, and manuals through Kubota's national dealer network. We support our dealers with four large warehouses located strategically throughout the United States and two super warehouses in Japan.

KTC Parts offers a full line of O.E.M. service and maintenance parts designed and engineered to original factory specifications to keep your Kubota equipment operating at peak performance.

KUBOTA ORANGE PROTECTION PROGRAM®

The Kubota Orange Protection Program gives you the opportunity to extend your coverage, without interruption, by one or two years. You can purchase your warranty extension through your Kubota dealer any time before the expiration of the regular Kubota Limited Warranty.¹

BENEFITS AT A GLANCE

- Comprehensive coverage
- > Protects your investment
- > Provides peace of mind
- > Reliability of genuine Kubota parts
- > Extends both the Basic and applicable Power Train coverage
- > Administered by Kubota Tractor Corporation
- > Sold and serviced by your authorized Kubota Extended Warranty dealer
- > Financing available, if purchased at the same time as your tractor
- > No deductibles
- > Fully transferable

FOR MORE INFORMATION: VISIT YOUR LOCAL KUBOTA DEALER OR CALL 888-398-9782

KUBOTA-BACKED, NO DEDUCTIBLE EXTENDED WARRANTY SOLUTION

KUBOTA CREDIT CORPORATION, U.S.A.

Since 1982, Kubota has extended a wide range of financing alternatives to customers through Kubota Credit Corporations, U.S.A. (KCC). KCC offers competitive interest rates, flexible down payments, monthly and seasonal payment terms, and a Kubota-sponsored property damage insurance program. Kubota dealers can tailor a variety of finance programs² to meet the specific requirements of their customers.

FOR MORE INFORMATION, VISIT YOUR LOCAL KUBOTA DEALER OR WWW.KUBOTACREDITUSA.COM

- 1 Orange Protection is available in Florida for Commercial Customers only.
- 2 Subject to credit approval through Kubota Credit Corporation, U.S.A.

KUBOTA SERVICES

KTAC INSURANCE AGENCY

Created specifically for Kubota customers, KTAC Insurance is a Kubota-endorsed physical damage insurance program providing "all risk" protection.*

BENEFITS AT A GLANCE

- Coverage against flood, wind, infestation, upset and collision, falling objects, theft, fire, vandalism, and more
- In-transit and off-property protection
- > Low \$250 deductible
- Convenient payment options
- Transportation reimbursement

KCC customers also receive original sales price protection (including taxes and fees)** for the first 60 months of the finance agreement.

FOR MORE INFORMATION, CONTACT A KTAC REPRESENTATIVE AT 800-348-5802 OR VISIT WWW.KTACINSURANCEAGENCY.COM.

KUBOTA LEASING

In this credit-tight economy, leasing is critical to getting the Kubota equipment your business needs to grow. With the new Kubota Leasing program, commercial customers have access to flexible leasing that makes the full Kubota product line more affordable.

PROGRAM HIGHLIGHTS INCLUDE:

- > Affordable monthly payments
- Fast, easy application process
- > Application only required up to \$150,000
- > Same-day credit decisions with complete information
 - Transactions starting at \$3,000 and up
 - > 24-, 36-, 48- or 60-month terms
- > Flexible structures to match your cash flow and budget

Kubota Tractor Corporation reserves the right to change the stated specifications without notice. This brochure is for descriptive purposes only and reasonable efforts were used to set forth the contained information; some items shown may be optional and some products shown may not be available at all dealerships. Kubota disclaims all representations and warranties, express or implied, or any liability from the use of this brochure. For complete warranty, safety and product information, consult your local Kubota dealer and the operator's manual. Power (HP/KW) and other specifications are based on various standards or recommended practices. For your safety, Kubota strongly recommends the use of a Rollover Protective Structure (ROPS) and seat belt in almost all applications. This brochure is intended for the United States and US territories only. For information regarding Kubota products or services outside these areas, see Kubota Corporation's global web site. Kubota does not provide parts, warranty or service for any Product which is re-sold or retailed in any country other than the country for which the Product(s) were designed or manufactured.
