R&D and Innovative Technology

- More than 1.500 R&D staff, employed in Turkey, UK, USA, Taiwan
- Continuous cooperation with national and international universities and institutes
- Globally recognized and awarded designs and products

Intellectual Property Management

- The patent leader in Turkey, developing its own technology without using licenses
- The only Turkish company listed in WIPO's "Top 500 Companies" for 5 years & listed in top 100 with a ranking of 67 in 2019

Environment & Energy Efficiency

- **Sustainable Development** and principle of environmental protection as a requirement of the Total Quality Management approach
- Production of goods that respects both human life and the environment
- Recycling Facilities in Eskişehir & Bolu in Turkey

Sustainability

In line with our corporate vision, we are striving to leave a better world for next generations.

- Record Breaking Products in Energy Efficiency
- Platinum–Certified Green Factories
- One of the first signatories «2°C Climate Communique»
- Member of Corporate Leaders Network for Climate Action
- Listed in the Istanbul Stock Exchange Sustainability Index
- Signed the “Paris Pledge for Action” before COP21
- Signed the Road to Paris: «Responsible Corporate Engagement in Climate Policy»
- SEE4All U4E Project Partner in South Africa & Thailand

Financial & Operational Highlights

Revenue Growth

Solid Growth & Increasing International Presence

- Double-digit annual growth recorded since 2010 thanks to strong organic growth and acquisitions

(TRY million)

■ Domestic ■ International

Expanding and Diversifying Revenue Growth

Expanding Production Base

- Production has expanded into new regions with acquisitions and green field investments, enabling Arcelik to have a more diversified facility portfolio.

Increasing Emerging Market Exposure

- In addition to the improving presence in Europe and other Developed Markets, Arcelik's exposure to Emerging Markets has risen through successful acquisitions and opening of new sales offices.

Production Breakdown – MDA6*

Revenue Breakdown

MDA 6 includes refrigerators, washing machines, dishwashers, cookers, freezers, dryers

Strong & Sustained Profitability

Sustainable Margins

- Despite all the ups and downs in the macro conditions, Arcelik managed to deliver a sustainable profitability thanks to its global sourcing power, prudent management and strong position in key markets

Receivable Risk

- Credit risk of receivables is managed by securing receivables with collaterals covering receivables at the highest possible proportion.
- Apart from bank guarantees (guarantee letters, LOC etc.), Arçelik utilizes credit insurance for international receivables and mortgages for receivables in Turkey.
- In credit risk control, for the customers which are not secured with collaterals, the credit quality of the customer is assessed by taking into account its financial position, past experience and other factors.

Liquidity Risk

- Arçelik seeks to minimize gap risk in its financial and commercial liabilities by managing its balance sheet according to expected cash flows. Maturities of financial liabilities are arranged according to maturities of assets, and where possible, a mismatch between the maturities is eliminated

FX Risk

- Arçelik targets to maintain a net FX position close to zero and limit its exposure to set amounts as a % of capital.
- On top of the on-balance sheet natural hedge and financial liability management, derivatives are also employed to maintain the FX risk at targeted levels.

FX Risk Management

FX POSITION - CONSOLIDATED

(TRYmn)	Before Hedge	Hedged Position	Net Position
EUR	-15	14	-2
USD	10	-18	-8
GBP	11	-11	0
Other	1,347	-1,907	-560
TOTAL	1,353	-1,923	-570

Net FX Position/Equity	-4.1%
-------------------------------	--------------

- FX hedging is a strictly pursued policy in Arçelik since more than 30 currencies are actively managed in global operations.
- It is a KPI for the company management not to have an FX exposure exceeding low single-digit % of equity.

- The primary strategy is on balance sheet hedging mainly through cash, receivables, payables and financial liabilities, and the remaining part is hedged through financial derivatives.

Competitive Strengths

Competitive Strengths

Strength in Turkey

- Leading producer of white goods with >50% market share
- Exclusive dealer network for Arçelik and Beko brands
- Exclusive authorized after-sales service points, the widest network in Turkey

Solid Presence in Europe

- Beko the second brand in Europe (up from 7th position in 2004)
- Arçelik the third largest white goods player in Europe
- Expansion into higher segment via Grundig brand in appliances

International Growth

- Greenfield investment in Thailand
- Acquisition of Pakistan's leading brand Dawlance
- JV with Voltas, a TATA Group Company, in India
- Acquisition of Singer Bangladesh

Leading R&D Capabilities

- Manufacturing with its technology, no external licensing
- The only TR company repeatedly on the top 200 PCT applicants list of WIPO
- Strategy: delivering an innovative product pipeline with energy efficient products

Cost Competitiveness

- Production in low cost regions which are in close proximity to key markets
- Manufacturing facilities are largest of their kind leading to economies of scale
- Flexible manufacturing to address different local needs efficiently

- Around 68% of sales from international sales
- Sales and marketing organizations in 35 countries, sales in 150+ countries
- Opportunistic approach to seize inorganic growth alternatives to further boost global presence

Strength in Turkey – *Strong sales and dealer network*

Exclusive Dealer Network

- Around 3,000 exclusive dealers in Turkey for Arçelik and Beko brands on long-term relationship
- Dealer network => customer loyalty, proximity, and brand awareness
- Arçelik manages marketing, store formats and dealer training
- Indirect consumer financing=> Arçelik supports dealers via payment terms, while dealers bear consumer risk

After-sales Service

- After-sales services includes delivery, assembly, installation, repair and general customer support processes
- 10 regional after-sales service centers
- Widest after-sales service network in Turkey, +600 exclusive after-sales service points
- Strong technology infrastructure. Extensive database and immediate feedback on product performance
- Local call center to address customer issues quickly and effectively (7 days/24 hours)

Lovemark

Arçelik and Beko brands are among the most loved brands according to IPSOS survey in WHITE GOODS category.

1. Arçelik 35

2. Bosch 15

3. Beko 11

4. Vestel 7

5. Profilo 4

6. Samsung 3

7. Siemens 3

Areas Questioned in the Survey

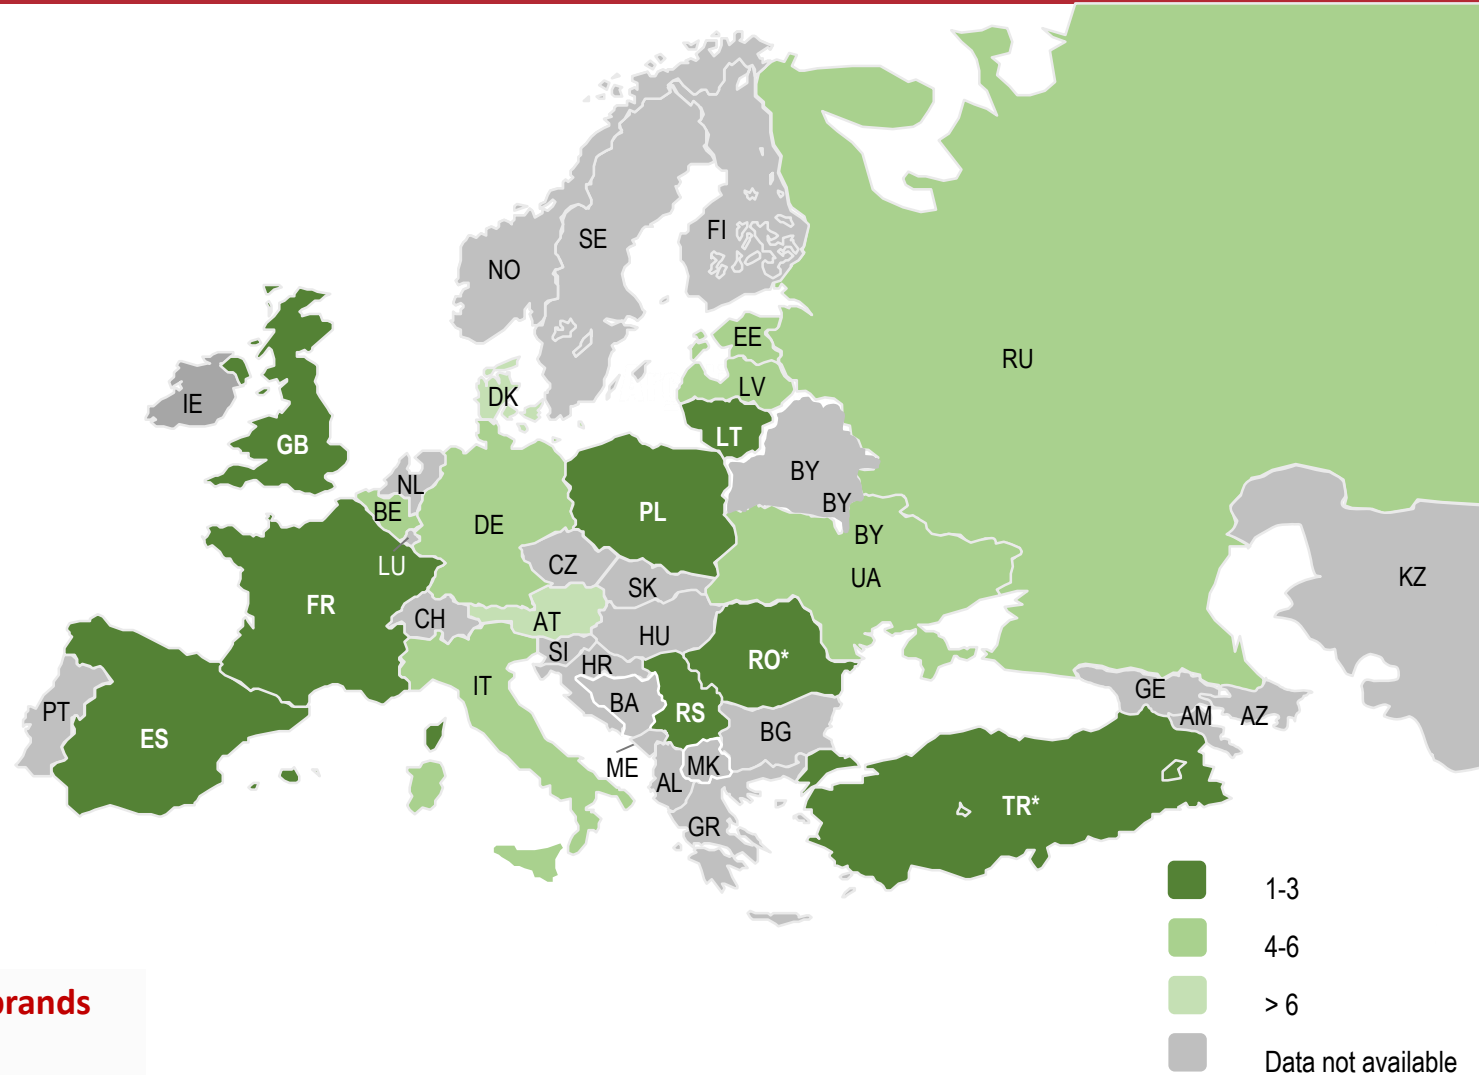

- Spontan Awareness
- Feeling Close to
- Fulfilling Expectations
- Most Loved, Never Give up

Solid Presence in Europe – Core Positions in European Markets

Beko is

- The 2nd largest brand in total and the 1st brand in free-standing segment in total Europe
- The leading brand in East Europe
- The leading brand in the UK and Poland total white goods market
- Leader in France in the freestanding white goods market
- Leader in Belgium in FS cooker segment
- Leader in Italy and Spain in freezer segment

In addition to Beko's success, Arçelik and Arctic are the leading brands in Turkey and Romania, respectively.

Source: Panel market, Jan-December 2019 (ranking based on volume share)

Solid Presence in Europe – Core Positions in European Markets

- Beko: Fastest growing white goods brand in the European market since 2000.
- Beko moved from 21st position in 2000 to 2nd position in 2013
- Beko is the Number 1 brand in free-standing market in Europe (excl. built-in segment) in 2017

- Despite Beko's price index has increased more than 30%, market share gains continue, though at a lower pace compared to 2000s.

- Beko is moving up the ranks in built-in segment, which is more profitable and growing faster compared to FS.

Beko Built-in Market Share (EU27)

Source: Panel market, unit volume share

Solid Presence in Europe – *Entry into Premium Segment*

A Premium Brand into MDA Market

- Leveraging Grundig's German heritage and strong image in Consumer Electronics
- Expanding the brand into Premium White Goods Segment (*Price Index around 120 in Europe*)
- The only European to have a full product range which includes both MDA, SDA and Consumer Electronics

GRUNDIG

HIGH QUALITY: OUTSTANDING QUALITY AND DESIGN THAT IS ROOTED IN OUR GERMAN HERITAGE.

REFINED PLEASURE: FEATURES THAT ENRICH PEOPLE'S LIVES, ENABLING THEM TO GET THE MOST OUT OF THE THINGS THAT MATTER TO THEM – ALSO IN TERMS OF TIMELESS MODERN DESIGN.

RESPECT RESOURCES: PROTECTING THE WORLD BY OUTSTANDING EFFICIENCY AND SAVING RESOURCES.

International Growth – ASEAN

Thailand Refrigerator Plant Overview

- Investment of around USD 100 mln. (during initial three years), including working capital requirement
- 263k sqm plot at Hemaraj Rayong Industrial Land.
- Expandable capacity up to 800 K units
- Production started in 1Q16 and already reached ~350K units in 2018

ASEAN Market

- 620 mln. population
- Low penetration of white goods
- Expected GDP CAGR between 14 and 2017E: +5%
- Washing Machine market is estimated to be around USD 1.65 bln. and at 6.8 mln. units*
- Refrigerator market worth around USD 2.5 bln. at appr. 8.6 mln. units*

Strategy

- Leverage Beko brand and its European image across the region
- Sourcing to 10 countries incl. Philippines, Vietnam, Malaysia, Singapore, Indonesia, Australia and New Zealand
- Local refrigerator production from Thailand. Washing machines sourced from other Arçelik plants.

Incentives

- Corporate tax exemption for 8 years (capped at investment amount excluding land cost). Reduction on corporate tax during the following 5 years
- Exemption on import duties on machinery
- Partial exemption on duties on raw materials

International Growth – *Pakistan*

Why Pakistan?

- A potential with its large population size and economic growth expectation
 - 6th largest country (200 mln.) in terms of population
 - Stable GDP growth over the years (CAGR of 3,9% in last 5Ys, expected CAGR of 5% in next 5Ys)
- FDI of multinationals, ranging from automobiles to energy, FMCG, medicine, telecom
- Mega infrastructural projects underway (China Pakistan Economic Corridor)
- Member of SAFTA (South Asian Free Trade Area)
- Relatively low-cost country
- An estimated market size of 1,9 mln. units of refrigeration and laundry, and 0,9 mln. units of air conditioners and microwave ovens

Why Dawlance

- Leading appliance company in Pakistan
- Market leader in cooling and microwave ovens (around 45% unit market share)
- Runner up in laundry and A/C segments
- One of the most recognised brands in Pakistan
- A workforce of around 3.000 with a professional management team & well equipped engineers
- Three production facilities in Hyderabad and Karachi
 - Karachi Refrigerator & Washing Mac.
 - Karachi Air Conditioner & MW Oven
 - Hyderabad Refrigerator & Freezer
- Extensive distribution and service network with 16 sales offices, 181 after sales service centers and around 2.000 dealers
- Annual sales of ~USD230 million in 2018

International Growth – *India*

Why India?

- Huge potential with its large population size and economic growth expectation
- 2nd largest country (1.3 billion) in terms of population (18% of World's total)
- 248 million households
- Stable GDP growth over the years
 - ❖ *Average of 7.3% in 2010-2015 period*
 - ❖ *Expected GDP growth in 2016-2021 is 7.8% (CAGR)*
- An estimated market size of 12 million units of refrigerators and 6.5 million units of washing machines (worth app. USD 4.5 billion)
- Low penetration for home appliances, resulting in high growth rates (CAGR of 9% for MDA9* in 2006-16 period)

About Voltas – Our JV Partner

- Part of India's largest conglomerate TATA Group
- Leading player in Indian A/C market
- Sales of USD 895 mln. in 2015/16 FY

JV at a Glance

- Leverage both parties strengths: Arcelik's technology and brand image; Voltas' local expertise and sales network
- Total CAPEX of USD 155 mln. in 10 years
- USD 100 mln. capital
- Arcelik started supplying products to the JV in 2H18, and sales to India reached around TRY 100 mn in 2019.
- Around 10% market share and USD 1 bln. revenue in 10th year
- Products are labelled under Voltas-Beko co-brand.
- Refrigerator plant in Gujarat started mass production by January 2020.

International Growth – *Bangladesh*

Why Bangladesh?

- Strong Demographics
 - Population of 163 million
 - 38 million households
 - Urban population: 35%
 - Middle income population is expected to grow significantly during the next decade.
- Sustained, high GDP Growth (CAGR of 6,6% between 2010-2018) (Source: IMF)
- Favorable Appliance Market
 - Refrigerator Market estimated around 1,2 million units
 - Estimated market size of around 600 K units for washing machines, freezers, A/Cs and microwave ovens
 - TV market is estimated around 700 K units
 - Low penetration rates (Around 20% for refrigerators, single-digit for other segments)

Why Singer Bangladesh

- Strong Position in Appliance Market
 - Leading position in multiple product categories
 - Singer, one of the most recognized brands in the country
 - Wide product range (home appliances, consumer electronics, others)
 - Extensive retail and service network
 - Around 90% of sales under Singer brand
 - International business partners
- Strong Financial Track Record
 - Growth CAGR of 15% in USD terms since 2005
 - Above the industry-average profit margins
 - Reported EBIT Margin : 12,1% (2019)
 - Reported Net Profit Margin : 6,7% (2019)

SINGER®
BANGLADESH LIMITED

International Growth – United States

Small but highly profitable

- Mainly serving to residential projects with higher-end products under Blomberg brand
- Continuing to build retail distribution by signing new deals under Beko and Grundig brands
- Capability to produce compact products with strong features is the key in this niche market
- Profitability is higher compared to consolidated level
- Always on the look-out for a possible acquisition to enter into mass market

Mercedes Building, New York

The Bond, Washington, DC

International Growth – Building a Brand Image through Sponsorships

Beko Basketball League Sponsorships

- Germany: German Basketball League- Beko Basketball Bundesliga
- Italy: Premier Basketball League-Beko Lega Basket Serie A
- Lithuania: Lithuanian Basketball League-Beko LKL League

Presenting Sponsor of

- 2015 EuroBasket European Basketball Championship (France, Germany, Latvia, Croatia)
- 2014 FIBA World Basketball Cup (Spain)
- 2010 FIBA World Basketball Cup (Turkey)

VUX - Virtual User Experience

- Virtual Control Panel with a Projector
- Interactive interface icons and ability to control different products (hood, hob, dishwasher) from a single panel
- Granted most prestigious design awards; IF Design, German Design, UX Design, EDIDA

HomeWhiz

- Connected smart appliances, remotely monitored and controlled
- Smart energy management
- Ease of Use (Favorites, Wizard, etc)
- Expert Diagnosis

Click on the image for an introductory video.

Cost Competitiveness

Low Cost Base

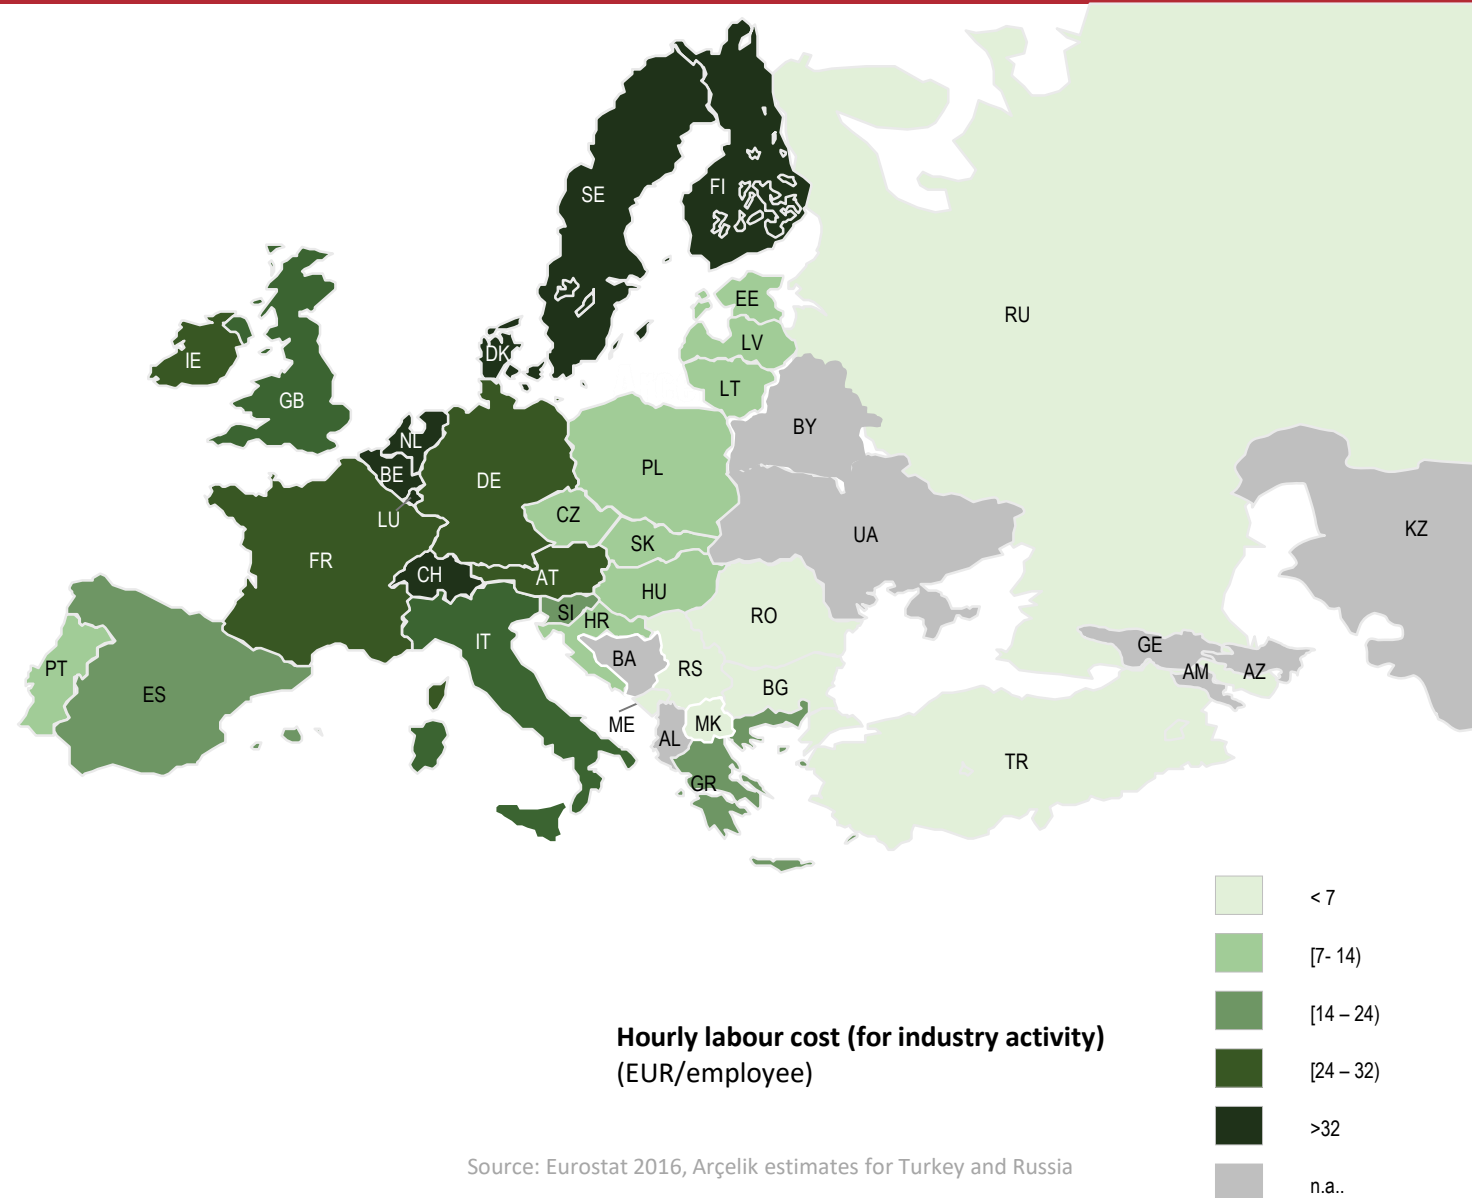

- Most labor intensive functions including HQ, R&D and production plants located in low cost countries (LCC)

Economies of Scale

- Huge production capacities in Turkey and Romania
 - REF and WM in Turkey are the largest plants under one-roof in Europe
- High capacity utilization ratios, especially in largest production hubs (min. 80%)

Geographical Proximity to Target Markets

- Production hubs, serving nearby geographies with favorable lead times
 - Europe, CIS and N. Africa from Turkey, Romania and Russia
 - Sub-Saharan Africa from S. Africa
 - ASEAN and China from Thailand and China

Appendix

Dividend Policy

Arçelik conducts a dividend policy within the framework of the provisions of the Turkish Commercial Code, Capital Markets Legislation, Tax Regulation, other relevant legislation and the provisions of the Articles of Association governing the distribution of profits. A balanced and consistent policy incorporating shareholders' and Company requirements in line with Corporate Governance Principles is followed.

In principle, subject to be covered by the resources existing in legal records, by taking into consideration market expectations, long-term strategy, investment and financing policies, profitability and cash position, other legislation, and financial conditions, minimum 50% of the distributable profit for the period calculated within the framework of the Capital Markets Legislation is distributed in the form of cash or stock.

The dividend distribution date is determined by General Assembly and targeted to be within one month after General Assembly Meeting date. General Assembly, or if authorized Board of Directors, could decide to pay dividend in installments within the framework of Capital Markets Legislation.

According to Company's Articles of Association, Board of Directors can distribute advance dividend with the condition of being authorized and compliant with Capital Markets Legislation.

* Bonus share distribution on 2008 income

** Board of Director's offer of TRY500mn dividend on February 20, 2020 has been rejected by the General Assembly due to COVID-19 pandemic
