Subject: Change in Identification of Equipment

Dear Sirs:

Our equipment has been granted with FCC ID: **ARSPD4203G** on 05/05/2004. This letter is to inform you that there is a change in the FCC Identifier for this equipment. The original FCC ID carried grantee code of the manufacturer, but since this product will be imported to USA via local company Norcent Technology Inc., therefore we would like to request a change on FCC identifier number of this product to become FCC ID: **R46PD4203G**.

We would like to declare that no modification was made, besides the FCC ID, on the equipment. Since this product's original submission bearing the NORCENT brand name, the original test report, photograph and other submission files are still applicable to the equipment bearing the changed ID.

Thank you for your help to our equipment authorization. If you have any further questions or comments regarding the above, please don't hesitate to contact Mr. Mike Su or Ms. Yemmy Soong of Advance Data Technology Corporation, whose acting on behalf of our company.

Sincerely yours,

Frank Yang / R&D Project Manager
