Key Features

Web Description

Acer ET322QU bmbpx 31.5" WQ HD (2560 x 1440) IPS Monitor with AMD FREESYNC Technology (Display Port, HDMI 1.4 Port & VGA Port)

Big, Boundless Viewing

Delve into the world of awesome with Acer's ET322QU monitor, which offers an unmatched viewing experience. An extra-large 31.5" screen delivers astonishing, 2560 x 1440 WQHD resolution with excellent detail and world-class sound, bringing the movie theater experience to you! With the 6-axis color adjustment, images are as vivid and crisp as possible—pushing the entertainment experience to another level. Includes richer graphics so, you can view clearly at angles of up to 178° while maintaining the same level of high-quality color. Popcorn not included.

Features

Think Big - 31.5" Big

Acer's stunning 31.5" monitor delivers 2560 x 1440 WQHD resolution presenting stunning, high quality images with excellent detail. Bask in the bright, boundless view of your movie-like display as the cinema comes to life in your very own home.

Rapid Refresh Rate

The 75Hz refresh rate speeds up the frames per second to deliver smooth 2D motion scenes. With a rapid refresh rate of 75Hz, Acer Monitors shorten the time it takes for frame rendering, lower input lag and provide gamers an excellent in-game experience.

Flawless Frame Rate

Enjoy seamless viewing with AMD FreeSync technology, which eliminates screen tears so that you can game without the possibility of jitter. With AMD FREESYNC, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor.

Built-in Speakers

Two 2W speakers, directly built into the monitor, save on desk space while still offering up a powerful listening experience. Enjoy the sound of whizzing bullets, crunching glass, and huge explosions bringing great sound to your entertainment.

6 Axis Color Adjustment

Bright and Clear

Images come to life and games pop thanks to the 6-axis color adjustment ensuring the screen displays the highest standard of color accuracy desired by design professionals and photo enthusiasts.

Stunning Images from Every Angle

Acer's Wide viewing angle feature displays color accurately up to 178 degree so that no matter which angle you choose to view it from, your monitor will display colors perfectly.
