

Product Description

- AAU3940 (Easy Macro™) cylindrical design with the perfect blend of the surrounding environment, small size but with macro-level power, supports flexible installation on lamppost, utility pole, wall and other scenes, which greatly reduces the difficulty of site acquisition, and improves the efficiency of network deployment.

AAU3940		
Active & Passive Configuration	2A	
Frequency	Active: 1.8G, 2.1G	Active: PCS, AWS
TX/RX	2T2R	
EIRP	2*58.8dBm	
Technology	UMTS, LTE	
Dimensions (H x W x D)	750mm (H)*150mm(Ø)	
Weight	15kg	
Temperature	- 40℃~50℃	
Heat Dissipation	Natural Cooling	
Wind load	Frontal/lateral/rearside:100N/100N/115N at 150km/h	
Passive Connector	NULL	
Power Type	AC / DC	DC
Electrical downtilt	-3 - 12° , continuously adjustable
