Re: Application dated July 11, 2001 and received July 11, 2001
Equipment Class:
TNB-Licensed Non-Broadcast Station Transmitter
FCC ID: E5M-LEDR400S

Gentlemen:

The application for the above equipment is hereby DISMISSED pursuant to Section 2.917(a) of the Commission's Rules.

1) This device does not qualify for a Class II permissive change under the provisions of Section 2.1043(a) of the Rules. The frequency range, channel spacing and RF filtering are different from the original Grant. This will require a new original application and new FCC ID.

If you elect to refile for equipment authorization you must submit a currently dated and originally signed Form 731, accompanied by the appropriate filing fee pursuant to Section 1.1103, and all data required by the Rule sections applicable to the equipment. Please be advised that resubmitted applications are not given priority in processing.

You are cautioned that importation and marketing of equipment in the United States bearing the referenced FCC Identifier is prohibited by Section 2.803 of the Rules. Violation of this regulation may subject you to penalties provided in Sections 501 and 502 of the Communications Act of 1934, as amended.

Sincerely,

Andy Leimer
Electronics Engineer
Equipment Authorization Branch
