

Hand-held and wall-fixed Emitters available, Single or dual channels are available.

Emitters are equipped with wall stickers and connection frame

Product name : Remote Control
 Product type : HUNTER101
 Frequency : 433.92MHz
 Channel : Single channel/Double channel
 Battery : 3V CR2032
 Battery life : 2 years (Rated power 210MAH)
 Distance : 50 m
 Fixed mode : magnetic suction base
 Size : 66mm X 33mm X 10mm

Hand-held single channel emitter

Hand-held dual channel

Wall type single channel emitter

Wall type dual channel emitter

Installation

3M sticker

Frame

Emitter

Battery replacement

Rotate battery cover ,
 replace the battery
 Battery Type NO.:CR2032

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- * Reorient or relocate the receiving antenna.
- * Increase the separation between the equipment and receiver.
- * Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- * Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
