**Overview**

School-ready and adaptable to every style of learning

Improve learning outcomes, save teachers time, and engage students with our thinnest rugged convertible, the versatile, manageable HP ProBook x360 11 G4 Education Edition. It has integrated security and is driven by 8th Gen Intel® Core™ processors and enhanced with a 3D Mixed Reality Viewer.

\*Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.
