Re: FCC ID E5M-LEDR400S

Applicant: Microwave Data Systems, Incorporated
Correspondence Reference Number: 19512
731 Confirmation Number: EA101178
Date of Original E-Mail: 6/5/2001

Subject: Technical Request

1) Your response still does not answer my question. Subpart C is the Technical Requirements. The frequencies listed in the application do not match any of the Radio Services in Part 22. I need to know the Radio Service (ie: Trunked Mobile Operation, Rural Radiotelephone Service, Air-Ground Radiotelephone Service, etc.). In addition I need to know the exact frequencies that will be used under Part 22. For example Rural RadioTelephone Service uses 454.025 to 459.650 MHz under Part 22.725.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal pursuant to Section 2.917(c) and forfeiture of the filing fee pursuant to Section 1.1108

DO NOT Reply to this email by using the Reply button. In order for your response to be processed expeditiously, you must upload your response via the Internet at www.fcc.gov, E-Filing, OET Equipment Authorization Electronic Filing. If the response is submitted through Add Attachments, a message which informs the processing staff that a new exhibit has been submitted must also be submitted via Submit Correspondence. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
