QUICK START GUIDE

TO USE:

1 Fully **charge power** with included charging cable.

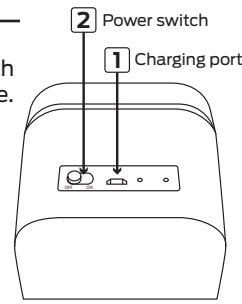

2 Turn **ON power** by sliding the switch on the back to "ON".

-Once "ON", speaker automatically enters pairing mode.

3 Pair with your phone or device. blue lights flash quickly=pairing is starting. On Bluetooth device, go to the Bluetooth menu and scan for devices (make sure Bluetooth is enabled). Select **MONSTER SPEAKER** from the list.

PAIRING NAME: MONSTER SPEAKER

Wait 5-6 seconds, a tone will prompt out and one of the bluetooth indicator lights will flash slower to show pairing success. The other blue light will still flash quickly.

TO PAIR WITH ANOTHER CUBE WIRELESS SPEAKER:

- 1** Turn on your speaker. Device will automatically enter pairing mode. Pair with your phone or music device.
- 2** Turn on your other cube speaker. As long as speaker is within 33ft, it will automatically pair with currently paired.

CHARGING:

- 1 Power:**
-Rechargeable Lithium battery.
Charge your speaker fully before first use.

To charge the battery:

Use a Micro USB cable (included), insert the jack into Charging port and then plug the USB connector into a USB power port for charging.
-A red light will indicate charging. When battery is full, the red light will turn off automatically.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a wireless power charger, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction
