

Fully Upgradeable, Fully Customizable - A True Workhorse

The Tornado F5 is a high-performance, fully upgradeable laptop which gives customers complete control over their system. Supporting up-to NVIDIA GeForce GTX 1080 graphics, Intel Core i7-7700K processor, 64 GB DDR4 memory and up to 16TB of solid-state storage. A high-performance, fully upgradeable laptop, the EUROCOM Tornado F5 is the world's most powerful 15.6" laptop ever!

SPEC HIGHLIGHTS

CHIPSET	High Performance Intel Z170 Express Chipset
PROCESSOR	Socket based; LGA1151; up to 91W TDP; choice of Core i7, i5, i3 up to 6700K/7700K
MEMORY	Four 260-pin SODIMM sockets; DDR4-2133/2400/3000/3200; up to 64GB
GRAPHICS	Upgradeable MXM 3.0; NVIDIA GeForce: GTX 1080, 1070, 1060, 980M, 970M or 965M; Quadro: M1000M, M3000M, M4000M or M5000M; up to 150W TDP; discrete GPU only (no Optimus)
DISPLAY	Supports up to 4 active displays including internal LCD; up to 3840x2160@ 60Hz
STORAGE	Up to 16TB with up to 3 physical drives: 2x M.2 2280 SSD PCIe 2x/4x or SATA x 2.5" 9.5mm/7mm HDD/SSD/SHDD, RAID 0/1
NETWORKING	1Gb Ethernet LAN on-board; Killer/Rivet E2400, WLAN / Bluetooth
OS	Microsoft Windows: 10, 8.1 and 7
AUDIO	High Definition Audio; Realtek ALC898-GR, S/PDIF Digital Output, Built in microphone, Built in two 2W speakers and subwoofer, Sound Blaster X-Fi MB5, External 7.1CH output, ANSP 3D Sound Technology (headphone output)
AC ADAPTER	230W 100-240V 50-60Hz Auto-switching, DC Output 19.5V, 16.9A, 330W AC Adapter optional
