### Marketing Description

The QMB Series combines enhanced professional features, streamlined setup and maintenance, and stunning design to elevate any business environment. From improving collaboration to showcasing rich content in new formats, QMB delivers innovation and efficiency to help businesses reach their goals.

### Product Features

■S Dynamic Crystal Color: experience true-to-life colorsEvery picture is more immersive with one billion shades of color. Dynamic Crystal Color delivers true-to-life variations, allowing customers to see every subtlety.■S Quantum Processor 4K: view lifelike shades of color in powerful 4KSamsung's industry-leading video processing technology enhances every piece of content for clarity and consistency. Intelligent UHD upscaling technology, powered by Samsung's Quantum Processor 4K, elevates lower-resolution video to UHD-level quality, providing professional picture quality.■S Non-glare panel: ensure critical information is always visibleAll QMB Series displays feature reliable, non-glare panels that provide better visibility from all angles, any time of day. The non-glare display enables businesses to deliver accurate information in critical locations, such as airports and train stations.■S Slim design that maximizes spaceNarrow bezels and a symmetrical design allow for seamless integration into any environment with simplified mounting and installation. To maximize space savings, all terminals face outwards, ensuring the display hangs flush against any wall.■S Clean

cable guide: zero obstacles to the viewing experienceQMB blends perfectly into any business environment. With clean cable guide feature, the screen draws maximum focus to what is on the display, not the cables connected to it.niS SmartView+: collaborate between screens with wire-free speedSmartView+ enables wireless screen sharing without cable connections, ensuring full collaboration. Users can now enable screen sharing functionality at the start of a meeting, allowing the meeting admin to quickly switch between screens with one click.
