

NEW JERSEY

The simple
choice for
energy
efficiency.

April 2021

Families and businesses are saving with the help of ENERGY STAR®

New Jersey is home to about **520** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

60 manufacturers of ENERGY STAR certified products

9 companies supporting independent certification of ENERGY STAR products and homes

214 companies building ENERGY STAR certified homes

and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

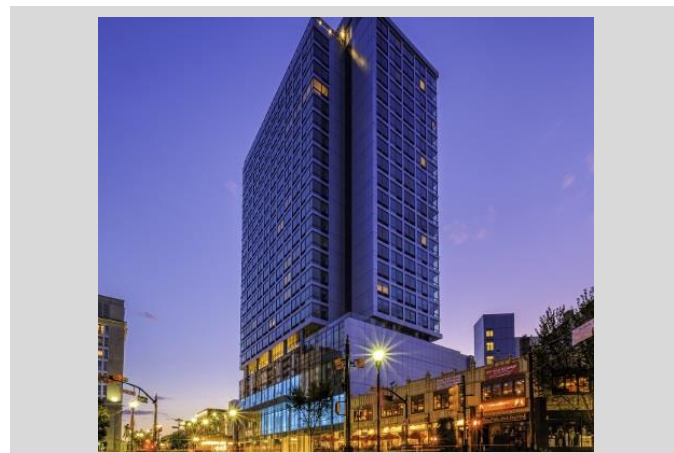

ENERGY STAR Partner Activity in New Jersey

4.1 million customers served by ENERGY STAR utility partners in 2020

4,149 buildings (more than 317 million square feet) benchmarked using EPA's ENERGY STAR Portfolio Manager in 2020

84,026 homes earned the ENERGY STAR to-date

648 buildings earned the ENERGY STAR to-date, including 71 schools, 20 hotels, 271 office buildings and 3 industrial plants.

New Brunswick Performing Arts Center, New Brunswick, NJ. ENERGY STAR Certified in 2020.

State Spotlights

"Our partnership with ENERGY STAR allows us to affect positive change by leveraging an established brand with a proven model built upon sound building science." Scott Fischer, Managing Member, Ciel Power LLC of Kearny, New Jersey

Hayward Industries Inc., a residential and commercial pool equipment manufacturer, offered the most efficient variable-speed pool pumps certified as ENERGY STAR in 2020 and educated trade and consumers through a web series highlighting the value of ENERGY STAR.

Merck & Co., Inc., a global healthcare company, achieved more than a 3 percent energy intensity reduction across its operations worldwide in 2020 and earned ENERGY STAR certification for five buildings and one manufacturing plant.

Samsung Electronics, a manufacturer of home appliances, consumer electronics, and mobile communications, continued its outstanding leadership in efficiency, providing extensive technical support to the ENERGY STAR program in 2020, delivering on its commitment to efficiency innovation, and maintaining a commitment to reducing the impact of its facilities through energy management.
