FCC Equipment Authorization Branch

Applicant: Apple Inc.  
FCC ID: BCGA1566  
731 Confirmation Number: TC754839  
Date of Original E-Mail: 8/12/2016

Please make sure that each sample includes all the necessary software including any test software, special software, keys, codes, or tools to set up the device in appropriate test modes. This should include instructions for setting the equipment sample to transmit continuously any available test software that can be used to operate the device. The device should be carrier unlocked and be able to utilize any test sim card, if applicable. Finally, please include conducted power measurement cables and ensure the conducted power measurement port is accessible on the device.

Pursuant to Section 2.943 of the Commission's Rules, please forward a sample of the above referenced equipment to the FCC Laboratory for the purpose of sample testing. If a production sample isn't available, please submit the equipment used for generating the FCC Test Report or a prototype identical to it.

You will have a period of 30 days from the date of this letter to supply the requested sample, or your application may be dismissed pursuant to Section 2.917(c). We have determined that 30 days is a reasonable time limit in which to supply the requested sample. Requests for extension of this time will be accepted in writing only, and must provide an explanation of the circumstances which necessitate an extension. A request for extension will only be granted under extenuating circumstances.

The sample and all related accessories including connecting cables used to generate the test results should be submitted. **ALL** samples and accessories must be properly labeled with the **IDENTICAL** identification as referenced above.

The sample **MUST** be shipped with charges **PREPAID**. To avoid delays in testing and return of the equipment, a copy of this correspondence and the return shipment information listed below should accompany your shipment. Please address the shipping container to the attention of the sender of this correspondence.

Instructions for shipping samples may be found on the Internet at [www.fcc.gov/labhelp](http://www.fcc.gov/labhelp) in KDB publication 287378.

In order to expedite the testing and return of the sample please submit the following information with the sample:

- 1) Provide a list of each piece of equipment submitted, it's FCCID, model number, and serial number.
- 2) Provide the complete shipping address along with the name, email, and US phone number for the contact person to which the sample should be returned.
- 3) Indicate whether or not the equipment should be returned when testing is completed.
- 4) Indicate the preferred carrier for return shipment and the account number.
