

Products and Services E-Rate Eligibility

Funding Year 2022 - Edition 1

Juniper Networks E-Rate FY2022 Eligible Service List

Welcome to the Juniper Networks E-Rate Eligible Service List. This list is designed to provide E-Rate applicants and consultants a single resource to verify the E-Rate eligibility of Juniper Networks products and services that fall under Category Two Internal Connections, Managed Internal Broadband Services, and Basic Maintenance. The list is organized in alphabetical order by product model or SKU. This is followed by the item description and what Juniper Networks product it is used in. On the most right hand column of the table is the E-Rate eligibility level for the item. We strive to capture in this list the Juniper Networks products and services most commonly specified by E-Rate Schools, School Districts, School Consortiums and Libraries however if you have a product or service that does not appear in the list, please contact us at erate@juniper.net, your Juniper Networks Account Executive or Authorized Juniper Partner for assistance.

General Information

Juniper Networks solutions for K-12 Education addresses the need for schools and school districts to build the very best networks for digital learning. Our E-Rate eligible services provide for the mission critical network infrastructure for broadband connectivity to and from the internet and within the school and library. The Juniper Networks E-Rate Eligible Service List includes Juniper EX Series Ethernet Switches, QFX Series Switches, MX Series 5G Universal Routing Platforms, SRX Series Services Gateways and Mist AI-Driven Wireless LAN platforms and fall under E-Rate Category One and Two services per Table 1. Juniper Care provides a set of technical support and repair/replacement services designed to keep school and library networks running reliability and are eligible under E-Rate Category One and Two services per Table 1.

E-Rate Category	Eligible Components	EX Series Switches	QFX Series Switches	SRX Series Services Gateways	MX Series 5G Universal Routing Platforms	Mist Wireless LAN	Juniper Care	
One	Modulating electronics	✓	✓	✓	✓		✓	
Two	Internal Connections (IC)	Access points, antennas				✓		
		Cabling, connectors	✓	✓	✓	✓	✓	
		Firewall			✓			
		Switches	✓	✓	✓			
		Routers	✓	✓	✓	✓		
	License, software	✓	✓	✓	✓	✓		
	Managed Internal	Juniper Remote Managed Services (JRMS)						
	Basic Maintenance of Eligible Broadband Internal Connections (BMIC)	BMIC covers repair, configuration changes, basic remote technical support, software upgrades, patches, bug fixes, and security patches, time and material. For all Juniper E-Rate eligible Category Two Internal Connection components, the following Juniper Care services are applicable with the following eligibility factors: <ul style="list-style-type: none"> ✓ Juniper Care Core 100% eligible ✓ Juniper Care Next-Day Ship, Delivery, Same-Day, Onsite options are partially eligible 						

Redundant and Spare Equipment, Cables, Connectors, Mounting Hardware, Training

Internal Connection redundant or spare components that are installed in standby mode, redundant, not active and online, or otherwise not an essential element in the transmission of information within the school or library are consider NOT ELIGIBLE for E-Rate funding. Therefore networking platforms preconfigured and ordered as redundant models will need to be from an E-Rate eligibility perspective cost allocated. Cables, antennas, connectors and rack hardware SKUs used as an integral component of the eligible internal connections installation are eligible. On-site training is eligible as part of installation services but only if it is basic instruction on the use of eligible equipment, directly associated with equipment installation, and is part of the contact or agreement for the equipment. Training must occur coincidentally or within a reasonable time after installation.
