PC COLLECTION

Mastered to Perform

The new gaming PC KATANA X02 is your breakthrough-in-performance. This PC is designed with award-winning components to run the most popular games while smoothly operating your stream. Processor powered by Intel Core i7 10700KF 8-Core 16-Thread 3.8GHz (5.1GHz Max Boost) delivers an incredible definition to dedicated gamers who want a powerful experience. Equipped with a Z490 Motherboard for an enhanced system performance.

Engineered to Perform

Enjoy optimized frame rate gains with the powerful GeForce RTX 3070 graphic card integrated with ultra-fast 8GB memory brings the power of real-time ray tracing and AI to your PC games. Optimized with 16GB DDR4 3600 high-performance memory, and 1TB NVMe SSD, the Katana X02 delivers fast boot, seek, and access to your programs and files offering improved performance and power efficiency.

Unlock the Potential

The Katana X02 features a 650W 80 Plus Power Supply, delivering power efficiency, lowering consumption, noise, temperatures and your power bill.

Integrated Gaming Networking

802.11ac WiFi delivers fast data transmission, stream your favorite content and enjoy a LAG free experience in all your favorite games.

All-In-One System Technology

Personalize your setup with ARGB lights controlled by Utility Light software installed in your system or by using the included remote control. Utility Light provides you complete control of RGB lighting of your PC in one software, including your RGB motherboard, graphics card and PC case lighting. The Katana X02 comes with Windows 10 Home 64 Bit installed, including Microsoft Edge, Mail, Cortana, and RGB control software, no bloatware.

The Perfect Addition

Superior airflow and cooling is provided by 4 pre-installed ARGB fans to enhance airflow and ensure optimal thermal dissipation proving the best cooling for your Gaming PC.
