## User Guidance

Can be used when you turn it on, no need to connect Bluetooth and APP.

- Before the first use, please use the included Type C charging cable to connect the Stylus to a computer, power bank or USB charger for charging.
- While charging, the red indicator is always on; when the battery is fully charged, the green indicator light is always on. The whole charging process takes about 15 minutes.

### Turn On:

Press and hold the touch area on the top of the Stylus, the indicator light will be on, and the power status will be displayed in real time.

### Turn Off:

1. In the power-on state, double-click the touch area on the top of the Stylus, the red indicator light will flash once and then the indicator will turn off, and the shutdown is completed.
2. During use, the Stylus will automatically shut down after the indicator turns red for 5 minutes when the battery is too low.

### Battery Status Display:

Inside the Stylus is an intelligent power manager. In the power-on state, when you leave the Stylus for 5 minutes, to avoid unnecessary power consumption, the Stylus will automatically shut down.

### Battery Saving Mode:

In the power-on state, Stylus will display the remaining power in real time through the indicator light "green 100~90%, blue 89~20%, red 19~1%".

### Tilt Pressure Sensitivity:

When using tools such as brushes on the iPad, Stylus automatically adjusts the thickness of the notes according to the tilt angle of the gesture.

### Anti-Mistouch:

When using Stylus, your palm is free to rest on the screen, giving you the same freedom as drawing and writing on paper.

### No Need To Connect Bluetooth & APP:

No Bluetooth or Stylus connection is required during use, just long press on the touch sensitive area at the top of the pen to turn it on and use it.

### Accurate Without Delay:

Stable performance, accurate pointing during use, no delay in writing small fonts.

### Multiple Spare Nibs Included:

The nib can be replaced by yourself, doubling the life of the Stylus.

## Wide Compatibility

**iPad Pro 11 inches(2018-2022)** A1980/A2013/A1934/A1979/A2228/A2068/A2230/A2231/A2301/A2459/A2460/A2377/A2435/A2761/A2762  
**iPad Pro 12.9 inches(2018-2022)** A1876/A2014/A1895/A1983/A2229/A2069/A2032/A2233/A2361/A2362/A2378/A2379/A2437/A2764/A2766

### Note:

1. Not compatible with iPad before 2018, and also not compatible with devices such as iPhone, Android and Windows.
2. The IOS system needs to be upgraded to version 12.2 or above to use Stylus normally.

## Maintain

- In order to ensure the normal use of Stylus, please take care of your Stylus, avoid falling from high places; keep away from high temperature and humid environment.
- Please keep the Stylus out of the reach of children, some of the small parts (such as the pen tip) are removable and may be dangerous if swallowed.
- Since the Stylus has a built-in lithium-ion polymer battery, if the Stylus is damaged and you want to dispose of it, please follow local laws to ensure environmental protection.

## Precautions

1. Please use a DC5V charger to charge, to avoid high-voltage charging damage to the internal parts of the Stylus.
2. Do not use thickened screen protectors, thickened screen protectors may affect Stylus sensitivity.
3. Please keep your iPad screen dry and clean, water or dirt may cause disconnection or delay.
4. Please fully charge the battery before using it for the first time.

## Specifications

Size	Φ 9.1mm*166mm
Weight	16g
Lithium-ion polymer battery capacity	3.7V/130mAh
Charging voltage/ current	5V/1A
