PEN

FIXED

Pen 3in1 stylus and stand

FIXED Pen is a practical help for every smartphone or tablet owner. It hides three useful features to make your everyday life easier.

As a stylus, it's designed to conveniently handle all of the capacitive displays and dramatically improve work and writing on your smartphones or tablet. The rubber tip is gentle on the display, and you will not have to deal with constant smudges and fingerprints.

Simply turn the stylus into a classic pen that you will always have at your fingertips.

The FIXED Pen can also serve as a stable base for your device, thus fulfilling the function of a practical stand. You can conveniently watch movies, browse the web, or make a video call.

FIXED Pen is available in three versions – aluminium, plastic and bamboo. All three types have an antibacterial surface.

ICON AIR-VENT MINI

FIXED ICON-Powerful in every angle

Magnetic holder FIXED ICON solves the problem of how to use a mobile phone in a car comfortably, easily and most importantly safely. Just attach the phone to ICON and the magnets will take care of everything, not even moving.

Clever design from the Czech head

In cooperation with the leading Czech design studio NOVO, after almost a year of hard work and testing, a new series of FIXED magnetic holders called ICON was created. It has everything you've always wanted from a car holder, and it looks great.

Ultra strong magnets for perfect hold

It just doesn't move, we guarantee it. You can easily go off-road. And no worries, ICON magnets do not interfere with the mobile signal, nor do they harm the hardware inside your phone.

TABLE
STANDS

FRAME PHONE

Aluminum stand for mobile phone

Practical and elegant stand for smartphone. The combination of brushed aluminum and modern minimalist design makes the stand a luxurious accessory for work desks at home and in the office.

The stand can be completely folded, so it easily fits in a bag or backpack. You can conveniently set the inserted phone in the stand to the right angle.

For the complete safety of your mobile phone, the upper part of the stand is covered with fine silicone, which prevents scratches and accidental slipping.

At the back of the stand you will find a hole for passing the charging cable.

SMART
TRACKER

SMILE PRO

Bluetooth tracker with motion sensor

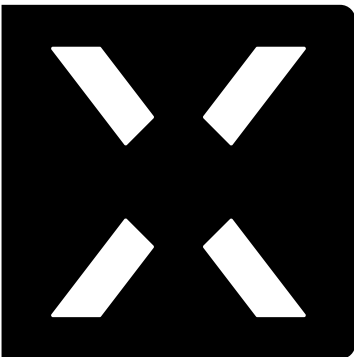

FIXED Smile PRO tracker monitors your personal things via Bluetooth (version 5.0).

Smile PRO has its own **mobile application FIXED Smart**, which is available for iOS and Android. The application displays the last recorded location of Smile PRO on the map. Pin Smile PRO to the bundles of keys and find them with one click. Press the beep in the app and the tracker will immediately ring and flash. FIXED Smile PRO allows you to change the sound expression.

By double-clicking the button on the tracker, you can ring your smartphone.

Smile PRO has an **integrated motion sensor**, which after activation warns of unwanted or unwanted movement. You will receive an alert immediately in the application and the tracker itself will sound a loud alarm.

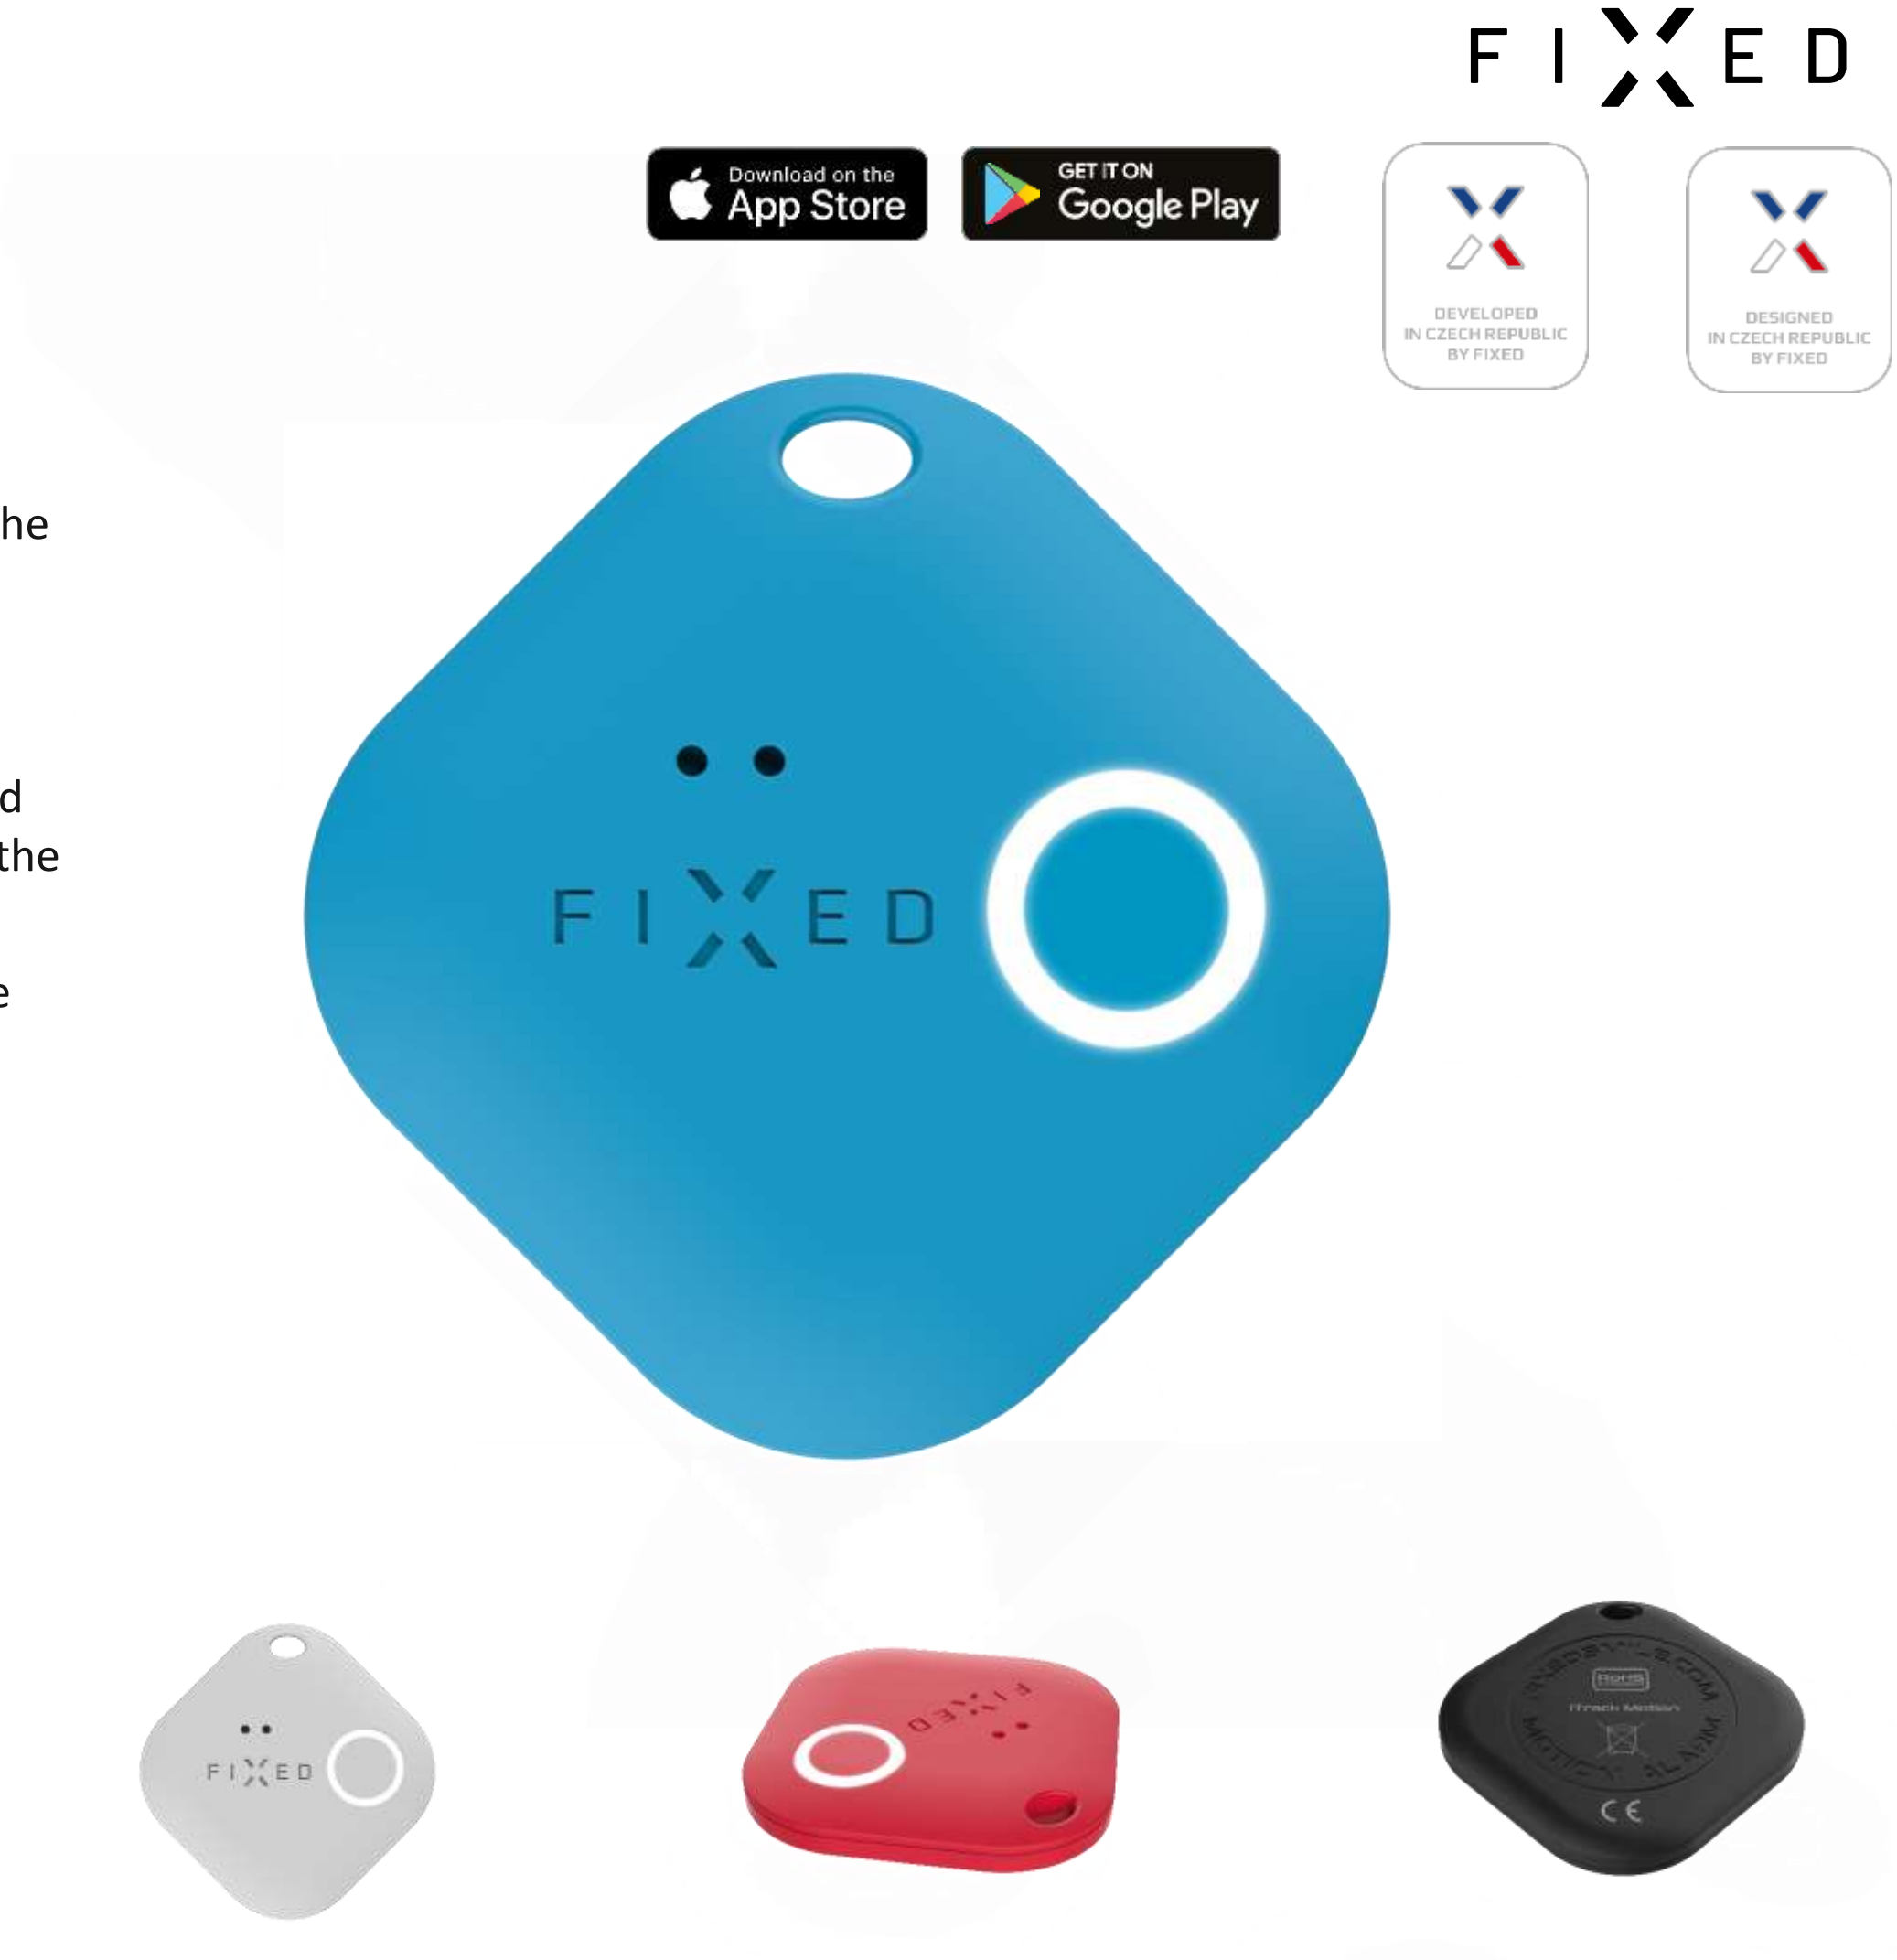

The FIXED Smart application also offers the possibility of family **data sharing** from one tracker for multiple users. Smile PRO offers the possibility of connecting to multiple devices.

FIXED CZECH HAND MADE CASES AND SLEEVES

FIXED

Stylish mobile phone protection products are archetypal element for the FIXED brand. Our own production of hand-sewn cases is based in Prostějov. Right here in a town with a long-lasting clothing tradition, all the fashionable, practical and highly durable cases for phones, tablets or notebooks are made. The quality of the products is ensured by testing and very strict output control.

HAND MADE
CASES

FIT

PU leather hand made case with slot for credit card and banknote pocket.

Hand-sewn mobile phone case in the Czech Republic.

Precise hand processing and high quality PU leather.

The unique design using a transparent stitch gives the case an unconventional look.

The case has a practical credit card slot and a pocket for banknotes. So you have everything in one place.

The case is dedicated to specific types of phones (Apple, Samsung, Huawei, Xiaomi etc).

POCKET BOOK

FIXED Pocket Book a luxurious genuine leather case, sewn with love and maximum care in the Czech Republic.

After opening the FIXED Pocket Book, you'll find a pocket designed to suit your mobile phone, on the other side there are pockets for banknotes, credit cards, ID cards or business cards.

In a sewing workshop with many years of tradition in Prostějov, each of the cases passes through a complex production process from the leather preparation, through hand sewing to final inspection and expedition. Thanks to the features of genuine leather, each case will become an original patch with its own patina that will serve you for many years.

It is designed specifically for Apple iPhone.

FIXED PROTECTIVE DEDICATED CASES

We are always thinking how to combine the safety of the phone, functionality and fashion.

When we try to solve the safety of the back of the phone, we always choose the high quality material.

FIXED has a wide range of cases from different materials like TPU, Liquid Silicon, PU Leather and many more.

FIXED cover all brands such as **Apple, Samsung, Huawei, Xiaomi, Asus, Lenovo, LG, Nokia, OPPO, Realme** etc.

DEDICATED
CASES

F I X E D

TPU BACK COVERS

F I X E D

For all devices from market leaders like Apple, Samsung, Huawei, Xiaomi, Asus, Lenovo, LG, Nokia, OPPO, Realme etc.

TPU case protects the sides and back of the device from scratches, dust and possible falls. The fully transparent design makes the original design stand out. The case is made exactly to measure for the device, it does not cover charging or headphone connectors. The edges of the case slightly protrude beyond the display and thus protect it from scratches.

SKIN

FIXTCS-*-

EUR 9,99

SLIM

FIXTCC-*

EUR 9,99

PEEL

Ultra-thin 0.3mm case in smoky color for those who like minimalism.

It precisely surrounds the body of the phone. Other specifics include the fact that the cover has holes for buttons, so the feeling of operating the phone is like without the cover.

It boasts high resistance to all falls and scratches, yet it is soft to the touch, non-slip and comfortable to hold.

The cover is designed exactly to suit the given phone model, all cut-outs fit perfectly and, thanks to its minimal thickness, hardly increases the dimensions of the phone in any way.

The case is extra thin with soft touch surface.

FLOW

Soft touch liquid silicon back covers.

Back cover with silicone finish. Thanks to this, it absorbs shocks well, is well resistant to scratches and silicone is also very pleasant to the touch.

FLOW is soft to the touch, non-slip and comfortable to hold.

The cover is designed exactly to suit the given phone model, all cut-outs fit perfectly and, thanks to its minimal thickness, hardly increases the dimensions of the phone in any way.

The shape of the cover leaves free access to all control buttons, as well as all connectors, speaker hole and camera.
