

TOA-65

Cuisinart® AirFryer Toaster Oven

Cuisinart makes AirFrying easier than ever, with presets to perfectly fry favorites like wings, fries, chicken nuggets, snacks and veggies. Frying with air instead of oil is delicious and guilt-free, and this large capacity oven fries up to 3 lb. at once. It also offers all the great features of a full-size toaster oven. And that's not all! Unique to the Cuisinart® Digital AirFryer Toaster Oven is a range of low temperatures that lets users proof dough, dehydrate foods and more, taking multifunctionality to a whole new level. With the large digital display and intuitive programming options, selecting presets, temperature, time, and function have never been easier.

Specially engineered 1800-watt motor, fan and heater deliver high-velocity, high-heat airflow for perfectly fried results with minimal noise

Wide range of toaster oven functions: Bake, Broil, Pizza, Roast, Toast, Bagel, Reheat, Warm, Dual Cook

Low temperature setting to slow cook, braise and more. Plus, dedicated functions for Dehydrating and Proofing

AirFry function and presets take the guesswork out of frying wings, fries, nuggets, snacks and veggies

More options to customize your cooking: o Wide temperature range: 80°F to 450°F o Adjustable time with preset ranges for each function o Defrost and high/low convection fan speed options

0.6 cu. ft. capacity – airfry up to 3 lb., toast 6 bagel halves, roast a 4 lb. chicken, or bake a 12" pizza

Stainless steel styling with large viewing window and interior light

Easy cleanup: nonstick interior, dishwasher-safe baking pan and AirFryer basket
