

LED LAMP

SPECIFICATIONS

Ideal For

Outdoor Solar Lighting

Add a touch of magic to outdoor spaces with this square LED fairy light lantern from Feit Electric. Rechargeable and solar-powered, place it in any part of the yard without worrying about power plugs or cords, and recharge in as little as 6 hours on a sunny day. The included shepherd's hook includes threaded pipe connectors that can be adjusted up to 4 feet high. Turn the embedded LED downlight on for extra illumination. Choose a Soft White twinkling firefly effect, transition between solid colors, or fade multiple colors at once. Durable and waterproof, the LAN4SQ/FY/SOL solar lantern provides year-round festive light for your background or patio.

Benefits

- Choose a Soft White fairy light glow, or mix up solid different colors
- IP65 wet location rated, suitable for use in open-air and patios
- Hang on the included pole with shepherd's hook, or flat surface
- Solar battery can recharge in one afternoon and last the night
