VRF

Smart. Comfort.

Australia's Smartest VRF & Multi-Head Controller

More Comfort.
More Control.
More Energy Savings.
AirTouch 5

Greater Climate Control

Replace the generic controller with AirTouch 5 for a new world of beauty, comfort and control.

Set the standard for new constructions and existing buildings with AirTouch 5. Built in artificial intelligence helps manage temperatures and airflow for each room, and can adjust the air conditioning with the weather.

Everyone lives in comfort and saves energy, without having to think about it.

Apartments & Custom Homes

One Smart Hub

For Up To 16 Indoor Units

AirTouch allows for more creative installations with more flexibility and comfort.

Control for multiple fancoil units with smaller outdoor footprint, all from one console.

Add ITS

AirTouch 5 Intelligent Temperature Sensors provide an additional switch to turn the air conditioner On or Off for the zone/room they are in.

Mode and fan speed settings are dependant on unit capabilities. Variable mode capability is not available with all system set ups.

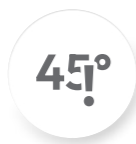

Your Control From Anywhere

Manage multiple air conditioning units by smartphone, from anywhere.

Geofencing

Turns On or Off automatically when you leave or return.

Temperature Alerts

No one will have to return to an oven in summer or a freezer in winter again.

Introducing Insights

Saves energy with artificial intelligence.

See when you used your air conditioning more than you needed to, or learn what rooms get used the most. Track the energy use of multiple air conditioning units and zones over a 24 hour, 7 day or monthly period. Identify wastage and make informed choices for more energy efficient climate control.

Weather Adaption

Clever enough to realise when you don't need to run the air conditioning based on your local weather and turns the system off automatically.

A Style to Suit the Grand Design

AirTouch 5 lets you choose between a number of great looking themes to suit your style.

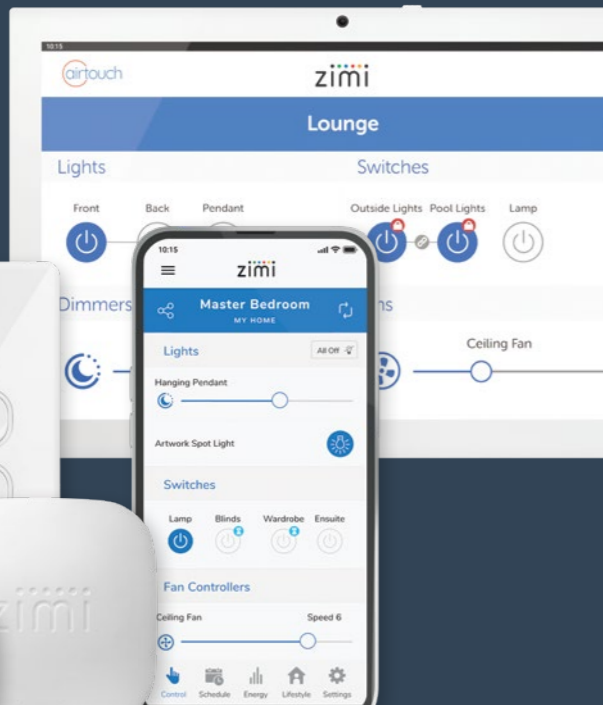

Select your favourite of our curated styles and background images, or upload your own photo and brand for a smart home controller that's like no other!

Add Zimi... Be in Control Your Way

Turn the lights on from anywhere.

The epitome of comfort, energy savings, smart home integrations and style. AirTouch and Zimi working together as partners.
