

CEE Super Efficient Home Appliances Initiative

Refrigerator Qualifying Product List

April 15, 2021

The list is updated monthly. See the CEE website (www.cee1.org) for the most recent listing.
This list based on the 2014 CEE Residential Refrigerator Specification.

Key

- Asterisks(*) indicate that a coding variable may be used in place of the asterisks to indicate a color or feature that does not affect efficiency
- *Red italics* indicate that a product has been discontinued. Discontinued models are no longer manufactured, but may still be available in the marketplace.
- *Blue italics* indicate a US-only model.
- *Green italics* indicate a Canada-only model.
- *Orange italics* indicate an icemaker ready model. The listed model information reflects the model's performance without an automatic icemaker installed.

[Please click here for a list of models which meet Tier 1 specifications](#)

[Please click here for a list of models which meet Tier 2 specifications](#)

[Please click here for a list of models which meet Tier 3 specifications](#)

How this list is generated:

Manufacturers submit energy use data to CEE for each model as determined by test procedures set by the US Department of Energy. Models are placed in the tier appropriate to their energy use. Tier eligibility is determined by calculating the percentage of product performance over the Federal Standard, rounded to the nearest whole percent.

CEE does not verify manufacturer data, but does require manufacturers to submit data consistent with what they report to the US Department of Energy. Based on the increased scrutiny by the US Department of Energy and certification and verification process implemented by the US Environmental Protection Agency, you may wish to cross-reference the models listed against the ENERGY STAR® qualified product list.

CEE does not administer rebate programs. Consumers who have questions about filling out rebate forms should contact their local efficiency program administrator, often the local utility.

Terms and Conditions for Use of CEE Qualifying Product Lists

CEE grants to a CEE member that is an efficiency program administrator permission to access, use, and download CEE QPL material solely for its own use in its own program administration, and not for resale, republication, or assistance to any non-CEE member. Any entity that would qualify for CEE membership and elects not to become a CEE member may not use this or any other CEE QPL work product except through a licensing arrangement with CEE. Any entity that provides or offers to provide services to any non-CEE member program administrator may not use CEE QPL work products except through a licensing arrangement with CEE.

CEE materials are made available with the understanding that: (a) CEE copyright notice appears on all copies; (b) no modifications to the material are made; (c) you do not claim ownership or rights in the material; (d) the material is not published, reproduced, transmitted, stored, sold, or distributed for profit, including in any advertisement or commercial publication; (e) the materials are not copied or posted on any other Internet site, server or computer network without CEE express consent; and (f) the foregoing limitations have been communicated to all persons who obtain access or use of the materials as the result of your access and use thereof.

CEE does not make, sell or distribute any products or services, other than CEE membership services, and CEE does not play any implementation role in the programs offered and operated by or on behalf of its members. The accuracy of member program information and of manufacturer product information discussed or compiled in this site is the sole responsibility of the organization furnishing such information to CEE, and CEE is not responsible for any inaccuracies or misrepresentations that may appear therein. CEE does not itself test nor cause to be tested any equipment or technology for merchantability, fitness for purpose, product safety, or energy efficiency and makes no claim with respect thereto. CEE qualifying products lists are based on information supplied by manufacturers, either directly or through an independent third-party testing agency. The references and descriptions of products or services within the site are provided "As Is" without any warranty of any kind, express or implied.

CEE is not liable for any damages, including consequential damages, of any kind that may result to the user from the use of the site, or any of the product or services described therein. Although the CEE Internet site is accessible worldwide, products and services discussed in the site are or may be available only in certain locations within the United States or Canada.

Although the CEE Internet site includes links providing direct access to other Internet sites, CEE has not participated in the development of those sites and does not exert any editorial or other control over those other sites.

By using this website you acknowledge and agree to the foregoing terms and conditions of use. If you do not agree to the use terms, you may not access or otherwise use the website. CEE reserves the right to change the terms, conditions, and notices under which this website is offered.

CEE Brand Information

The CEE logo and service mark must not be used in any manner that would imply CEE endorsement of a company, its products, or its services. That means the CEE logo may not appear in a product description or label. CEE is brand and technology neutral. CEE endorses and promotes levels of efficiency through initiatives and publishes lists of products and services whose manufacturers or providers claim to meet CEE efficiency tiers.

If you reference the name "CEE" or "Consortium for Energy Efficiency," please note:

1. CEE does not endorse, certify, qualify, or brand products. Therefore, it is incorrect to claim that a product is "CEE certified" or "has earned a CEE rating."
2. You may indicate that products qualify for or meet one of the CEE tiers of energy efficiency.

The following phrases are accurate: "(product) meets CEE specifications," "qualifies for a CEE tier," or best of all, "the manufacturer claims appliance x meets CEE tier y." We're happy to review your materials and will do so in a timely manner.

Some products have a "connected" feature that allows for energy control or demand response through your local utility. At this time,

For additional information, please see the Press Kits section of our website: cee1.org/content/press-kits.

We appreciate your support of energy efficiency.

CEE Qualifying Residential Refrigerators April 15, 2021

This list is updated monthly. Please see the CEE website (www.cee1.org) for the most recent listing.
This list is based on the 2014 CEE Residential Refrigerator Specification.
[CEE Tier 1 Refrigerators ≥ 10% more efficient than the Federal Standard](#)
[CEE Tier 2 Refrigerators ≥ 15% more efficient than the Federal Standard](#)
[CEE Tier 3 Refrigerators ≥ 20% more efficient than the Federal Standard](#)
