SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ [Systems Extreme Environmental Test] lab. Put through five years of extreme wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

	<p>AMERICA'S MOST TRUSTED® HVAC BRAND 7 CONSECUTIVE YEARS¹</p>
	<p>MOST RELIABLE HEATING AND COOLING EQUIPMENT BRAND²</p>

¹Trane received the highest numerical score in the proprietary Lifestory Research America's Most Trusted® HVAC Brand study for years 2015, 2016, 2017, 2018, 2019, 2020 & 2021. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit lifestoryresearch.com.

NEXT-LEVEL HOME COMFORT

Trane® technology takes home comfort and energy savings to the next level—which is why they were named a 5-star Smart Thermostat in the 2021 America’s Most Trusted® Smart Thermostat Brand study.¹ With the Trane Home app, you can manage temperature settings and more than 400 smart home products directly from any web-enabled device—whether you’re at home or on the road. Plus, these thermostats are so smart they learn your temperature preferences, detect when you’re at home or away, and factor in your local weather.

1. Trane ranked in the Top 3 in the proprietary Lifestory Research 2021 America’s Most Trusted® Smart Thermostat Brand study. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com.

EASY TO READ, SIMPLE TO USE

Trane’s large, user-friendly touchscreens make it easier than ever to program an energy-saving schedule every day of the week. With optional Trane Diagnostics, your smart thermostat can even monitor your system in real time and alert your Trane dealer if there is a problem.

Expand your system by adding compatible smart products. Whenever you want to grow your home’s connections, we can offer you a way. Ask your Trane dealer for details, or visit Trane.com/residential/home.

Some smart thermostats feature a Bridge for Z-Wave® devices. Trane® Home is compatible with over 500 certified Z-Wave® devices.

Remotely control your home and energy use with the Trane Home App. It’s easily accessible from a smartphone, tablet or computer, which makes adjusting the temperature for your family’s comfort a breeze.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

Trane Home connects to your Trane HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at Trane.com/residential/home-subscription/

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home² where the air can be up to 5X poorer quality than the air outside³. To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles⁴ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁵. This level of filtration makes it up to 100X more effective than a standard 1" filter⁶. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁷ by the Asthma & Allergy Foundation of America.

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS AND DEHUMIDIFIERS

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.

²The National Human Activity Pattern Survey (2001) | ³U.S. Environmental Protection Agency, EPA/600/6-87/002a. (1987)

⁴Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁵As reported by airmid healthgroup in ASCR092142v2 (2015) | ⁶Assuming <1% removal rate of 0.3-10 micron particles
