		On	16

Feature Highlights Professional Performance

- 23.8" Full HD resolution
- ZeroFrame form factor
- Acer Display Widget
- 6 axis color adjustment 178° wide view angle

Ergonomic design

- -5 to 25 degree tilted angle for the comfortable viewing
- Robust stand design with strong stability
- VESA supportive

Comfort and protection

- BlueLight Shield™ technology
- Acer Flicker-less technology
- · Low dimming technology
- Acer ComfyView™ Display
- TCO, Energy Star and EPEAT gold certification

Full HD LED monitor

Clearer, sharper images in full high-definition color. Acer monitors brings users into a perfect colorful world in FHD 1920 x 1080, and provides the finest natural and sharp original quality 100,000,000:1 contrast ratio.

 $BluelightShield^{\text{\tiny{TM}}}$

BlueLightShield™

AcerVisionCare •

BlueLightShield $\mbox{\scriptsize TM}$ technology reduces the exposure of blue light, which can be potentially harmful, by adjusting color hue and brightness. You can access and select four different filter settings onscreen easily through the OSD menu to find the best one that suits the task at hand

In-Plane Switching technology

The zero-frame design maximizes its viewing area and provides a more seamless viewing experience for multimonitor setups.

AcerVisionCare™ technology incorporates several features that take into consideration prolonged usage by heavy users such as programmers, writers, and graphic designers to reduce eye strain and provides a more comfortable viewing experience.
