

90cm dark stainless steel freestanding cooker with induction cooktop, Hob2Hood capability and 13 multifunction oven with Bake +Steam and pyrolytic cleaning.

Product Details

FEATURES

Bake +Steam

Twin fan system
Fans rotate in opposite directions, distributing heat evenly throughout the oven.

IOI makes cooking easy

Smart Food Probe

MaxiZone

FlexZone

Hob2Hood technology

Pyrolytic self-cleaning oven

Touch and slide controls
Touch the control bar at the necessary heat setting

Telescopic runners

Split grill system
Select to utilise both of the powerful grill elements, or just the one.

STOP + GO function

Soft close door

Huge 125L gross capacity oven

Quadruple glazed doors

BENEFITS

Effortless baking

Adding steam to your Baking Program can lift your baking skills to a whole new level. The Bake +Steam function on this oven uses a touch of steam to create a richer and glossier colour, a crispier crust and soft delicious texture for your home-baked goodies.

Twin fan system

Cook each dish to perfection with the Twin Fan System. Fans rotate in opposite directions, distributing heat evenly throughout the oven, so you enjoy great results every time.

Say hello to intuitive control

Cooking should be fun, not complicated. Our Intuitive Oven Interface (IOI) gives you a simpler and more enjoyable way to cook. You won't even need a manual.

The perfect result, every time

The Smart Food Probe ensures your dishes are delicious every time. The food probe alerts you when food reaches the desired core temperature and switches the oven off so you get the perfect result.

Pyrolytic self-cleaning oven

Introducing an oven that cleans itself. Pyrolytic cleaning removes the need for you to use harsh chemicals to clean your oven. Simply set the Pyrolytic function, come back when it is complete and wipe away the residue.

The hands free hood

When paired with a compatible Electrolux extractor hood, the Hob2Hood automatically switches it on as you start cooking and adjusts the fan speed based on how you are using your hob. This means you can boil, sear or stir-fry without having to touch your hood with greasy fingers.

When 2 become 1

Create a single large cooking surface, ideal for making the most of plancha grill plates or roasting pots. FlexZone combines 2 separate cooking zones, including the temperature and time settings, for ultimate flexibility.
