#### LEXUS ENFORM APP SUITE

The available Lexus Enform<sup>®1,2</sup> Application Suite<sup>3</sup> uses your compatible smartphone to give you in-vehicle access to your favorite mobile applications. You can connect to Bing,<sup>TM</sup> iHeartRadio, MovieTickets.com, OpenTable,<sup>®</sup> Pandora,<sup>®</sup> Yelp<sup>®</sup> and Facebook Places.<sup>4,5</sup> And, with wireless updates, new apps will be added as they become available. In addition to existing services like live en route

navigation assistance and the ability to request emergency services at the press of a button, Enform<sup>1,2</sup> offers new capabilities. Among them, Gracenote<sup>®</sup> lets you use voice commands to search your music collection and create mixes on the fly.<sup>6</sup> Available SiriusXM Satellite Radio<sup>7,8</sup> can display local fuel prices. And HD Radio<sup>TM9</sup> lets you tag songs for consideration the next time you connect to iTunes.<sup>10</sup> Learn more at [lexus.com/LX/enform](http://lexus.com/LX/enform).

#### PRESENTING THE NEW 2013 LX.

Restyled and newly equipped inside and out, this is the driving experience taken to new heights. It's the capability to go where most vehicles dare not tread. It's the indescribable feeling of supple leather trim and exclusive mahogany accents around you. And it's the lasting impression left by bold design elements, including a new spindle grille and High-Intensity Discharge (HID) headlamps with LED daytime running lights. Presenting the eight-passenger LX: a vehicle that—once again—sets the standard in the luxury utility category it redefined nearly two decades ago.

LX shown with available equipment.

LX-946

## NUMEROUS CRAFTSMEN. EIGHT FORTUNATE PEOPLE.

The care and attention to detail put into every LX is evident throughout. The cabin is trimmed in leather hand-selected from only the highest-quality full-grain stocks, including available semi-aniline leather that's among the finest in the industry. Exclusive mahogany accents are individually inspected for consistent color and grain. And the climate-control system divides the cabin into four zones, enabling passengers to set their own temperature. For those wanting even more customized comfort, the front seats offer heating and ventilation, and the second-row outboard seats offer heating as well. And, because convenience is among the greatest luxuries, the third-row seats fold to the side with the push of a button.

LX shown with available equipment.

## DUAL REAR-SEAT ENTERTAINMENT SYSTEM

The available dual-screen Rear-Seat Entertainment System<sup>11</sup> enables two video sources to be viewed at the same time. Using a single remote control, one can be used as a DVD player, for instance, and the other as a game console or audio player. For your convenience, wireless headphones<sup>\*12</sup> and a three-prong electrical outlet are also included.

LX-958

For a viewing experience that rivals most home theaters, consider the available Mark Levinson<sup>®</sup> Reference Surround Sound Audio System.<sup>13</sup> Custom engineered by a company world-renowned by audiophiles, it features 7.1-channel architecture, a class-leading 19 speakers and provides such exceptional clarity that listeners can identify the spatial position of each instrument at play.

\*Additional Lexus wireless headphones available.

LX-947

**ADVANCED SAFETY TECHNOLOGY**

Among its many safety features, the available Pre-Collision System<sup>14</sup> is designed to detect an imminent frontal collision and respond by preemptively retracting the front seatbelts and preparing Brake Assist.<sup>15</sup> And, in certain types of rear-end collisions, its active front headrests<sup>16</sup> are designed to raise and shift forward to help reduce the likelihood of whiplash injuries.

**WIDE-VIEW FRONT AND SIDE MONITOR**

Helping to provide enhanced visibility, the LX features an available Wide-view Front and Side Monitor.<sup>17</sup> A front-mounted camera<sup>17</sup> helps you see around blind corners, such as when exiting a parking garage. A second camera located underneath the passenger side-mirror<sup>17</sup> helps provide additional visibility, making navigating narrow passageways and tight parking spaces more convenient.

**360 DEGREES OF INNOVATION**

This is technology that lets you do more inside while helping make you more aware of what's outside. An all-new available Enform<sup>12</sup> system offers seamless access to your favorite apps. *Bluetooth*<sup>®</sup> technology<sup>18</sup> provides wireless access to your phonebook and playlists. And searching for music is made more convenient courtesy of a voice-recognition system that's one of the most intuitive and accurate of its kind. The LX is also designed to put you in greater control of your surroundings. When navigating tight parking spaces, for example, a standard backup camera<sup>19</sup> and an available Wide-view Front and Side Monitor<sup>17</sup> offer enhanced visibility. And, when on the road, you'll appreciate features like HID headlamps that can rotate into curves and an available Dynamic Radar Cruise Control<sup>20</sup> that can adjust the throttle and brakes to help maintain a pre-set distance from a vehicle traveling in front of you.

LX shown with available equipment.

LX-919

Don't let its luxurious appointments fool you. This is a vehicle that's up to nearly any challenge. Want to tow up to 7,000 pounds<sup>21,22</sup> of personal watercraft to the lake? Its 5.7-liter V8 creates an impressive 403 lb-ft of torque<sup>23</sup>—90% of which is available at a low 2,200 rpm for optimal acceleration and response regardless of payload.<sup>24</sup> And, when not towing, its 0-to-60 time of 7.5 seconds<sup>23,25</sup> is comparable to vehicles half its size. Off-road detour or unexpected snowstorm? In addition to a host of advanced off-road technologies, it features full-time four-wheel drive with a TORSEN® limited-slip center differential<sup>26</sup> that can be locked, helping to provide maximum traction.

OFF-ROAD INNOVATIONS

Imagine the ability to conquer the seemingly impassible with the press of a button. Without your feet touching the pedals, Crawl Control<sup>27</sup> can help you maintain a slow and steady pace over challenging terrain, enabling you to concentrate on steering. Its new Turn Assist feature can even tighten your turning circle by adding brake force to the inside rear wheel. New Multi-Terrain Select can optimize the performance of the LX according to which

LX-945

of the five types of terrain you choose. Other innovations include Active Height Control (X-AHC) and an Adaptive Variable Suspension (AVS) that combine to automatically adjust the vehicle's height and wheel articulation to better accommodate rough conditions. And a Multi-Terrain ABS system can help shorten stopping distances on snow, gravel and wet pavement by monitoring the road surface and providing the ideal braking strategy on each.

So capable, it even  
**CONQUERS**  
expectations

GENERAL

TYPE	Eight-passenger luxury utility vehicle
CONSTRUCTION	Welded-steel body on box-section ladder frame
CURB WEIGHT	6,000 lb (2,680 kg)
APPROACH ANGLE	25°
DEPARTURE ANGLE	20°

ENGINE

TYPE	90° V8, aluminum block and heads
DISPLACEMENT	5.7-liters (346 cubic inches)
VALVETRAIN	Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)
COMPRESSION RATIO	10.2:1
HORSEPOWER AT RPM	383 hp @ 5,600 <sup>23</sup>
TORQUE AT RPM	403 lb-ft @ 3,600 <sup>23</sup>
EMISSION RATING	Certified Ultra-Low Emission Vehicle (ULEV II)

CHASSIS

VEHICLE STABILITY CONTROL (VSC) <sup>28</sup>	Electronic system that monitors and helps control loss of traction in a turn using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors Modulates engine power and applies individual brakes as necessary. Integrates Multi-terrain Anti-lock Braking System (ABS), Brake Assist <sup>15</sup> and Active Traction Control (A-TRAC)
SUSPENSION	Front: Independent, double-wishbone with coil springs, electronically controlled shock absorbers and stabilizer bar Rear: Four link with coil springs, electronically controlled shock absorbers and stabilizer bar Adaptive Variable Suspension (AVS) with Active Height Control (X-AHC) and automatic load leveling
STEERING	Engine-speed-sensing, progressive power-assisted rack-and-pinion Variable Gear-Ratio Steering (VGRS) 2.4 - 3.4 turns, lock to lock
BRAKES	Four-wheel power-assisted discs, with four-sensor, four-channel Multi-terrain Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist <sup>15</sup> Four-piston front calipers with 13.4-in ventilated discs. Single-piston rear calipers with 13.6-in ventilated discs
WHEELS AND TIRES	20 x 8.5-in split-five-spoke alloy wheels with Liquid Graphite finish and 285/50R20 mud- and snow-rated tires <sup>29</sup> Full-size spare tire with alloy wheel

TOWING CAPACITY\*

7,000-lb towing capacity<sup>21,22</sup> with Trailer Sway Control<sup>30</sup>

LX-939

\*Lexus towing equipment (ball mount and trailer hitch) available.

BODY AND DIMENSIONS

<b>HEIGHT</b> 75.6 in (1920 mm) <sup>31</sup>	
<b>HEADROOM</b> front/middle/third row 38.3/38.9/35.8 in (973/988/909 mm)	
<b>LEG ROOM</b> front/middle/third row 42.9/34.4/28.3 in (1,090/874/719 mm)	
<b>CARGO CAPACITY</b> 83.1 cu ft (2,353 L) <sup>32</sup>	
	<b>WIDTH</b> 77.6 in (1,971 mm)

FUEL-TANK CAPACITY  
24.6 gal (93L)

LX-914

OVERALL LENGTH 197.0 in (5,005 mm)

PERFORMANCE

0-60 MPH ACCELERATION	7.5 seconds <sup>23,25</sup>
1/4-MILE ACCELERATION	15.7 seconds <sup>23,25</sup>
TOP TRACK SPEED (electronically limited)	137 mph <sup>23,25</sup>
EPA FUEL ECONOMY ESTIMATES (city/highway/combined)	12/17/14 mpg <sup>33</sup>
AERODYNAMIC DRAG COEFFICIENT	0.35
TURNING CIRCLE	38.7 ft

DRIVETRAIN

TYPE	Full-time four-wheel drive with TORSEN® limited-slip center differential <sup>26</sup> (with manual-locking feature)

STANDARD

STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

- SmartAccess<sup>34,35</sup> with push-button Start/Stop
- Four-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode
- Lexus Memory System to control power driver's seat (except lumbar), outside mirrors and steering wheel
- Power tilt-and-telescopic steering column with automatic tilt-away
- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto open/close
- Remote-linked power window and moonroof opening
- Electrochromic (auto-dimming) inside rearview mirror and outside mirrors
- Auto on/off High-Intensity Discharge (HID) headlamps
- Adaptive Variable Suspension (AVS) with Active Height Control (X-AHC)
- Roof rack with rails<sup>36,37</sup>
- Cruise control
- Power rear door
- Illuminated entry system
- HomeLink® universal transceiver to operate compatible garage, gate, home lighting and home security systems
- Lexus Personalized Settings (LPS)<sup>38</sup> to customize select electronic functions
- Rear spoiler
- Dual-compartment center console with accessory power outlet
- Middle-row accessory power outlet
- Running boards with built-in courtesy lights
- Integrated tow-hitch receiver<sup>21,22</sup>
- Privacy glass
- 120V AC power outlet in cargo area

SEATING AND TRIM

- Leather-trimmed interior
- Mahogany interior trim
- Wood- and leather-trimmed steering wheel and shift knob
- 14-way driver's (including dual-function lumbar and cushion extender) and 12-way front passenger's (including lumbar) heated power seats
- Power-sliding, 60/40-split middle-row seat with 40/20/40-split seatback
- Power-folding, 50/50-split third-row seat

COMMUNICATION, AUDIO AND NAVIGATION

- Lexus Enform<sup>12</sup> offers Destination Assist, eDestination and Lexus Insider
- Lexus Enform<sup>12</sup> Application Suite<sup>3</sup> with Bing, iHeartRadio, MovieTickets.com, OpenTable, Pandora, Yelp and Facebook Places<sup>4,5</sup> Registration is required. One-year trial included
- Navigation System<sup>7</sup> including voice command, color LCD multimedia display with integrated backup camera<sup>19</sup> and Enhanced Bluetooth technology<sup>18</sup>

- SiriusXM Radio<sup>7,8</sup> NavTraffic,<sup>TM7,8</sup> NavWeather<sup>TM7,8</sup> and Sports and Stocks<sup>7,8</sup> Subscription required. One-year trial subscription included
- Lexus nine-speaker Premium Surround Sound Audio System with Digital Sound Processor, HD Radio,<sup>9</sup> Automatic Sound Levelizer (ASL) and in-dash CD/DVD player
- USB audio input for iPod<sup>®10</sup>/compatible music player integration with audio system
- Bluetooth audio<sup>39</sup> profile for wireless integration of compatible music players with in-vehicle audio system

INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio and display controls
- Color Thin Film Transistor (TFT) multi-information display
- Electroluminescent instrumentation
- ECO driving indicator

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

- Vehicle Stability Control (VSC)<sup>28</sup>
- Four-wheel Active Traction Control (A-TRAC) with Multi-Terrain Select
- Four-wheel ventilated power-assisted disc brakes with four-sensor, four-channel Multi-terrain Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist<sup>15</sup>
- Smart Stop Technology<sup>40</sup>
- Trailer Sway Control<sup>30</sup>
- Full-time four-wheel drive with TORSEN® limited-slip center differential<sup>26</sup>
- Crawl Control<sup>27</sup> with Turn Assist
- Manual-locking center differential
- Hill-start Assist Control (HAC)<sup>41</sup>
- Variable Gear-Ratio Steering (VGRS)
- Direct Tire Pressure Monitor System<sup>42</sup>
- Rain-sensing intermittent windshield wipers with mist cycle and deicer
- Intermittent rear-window wiper with washer
- Headlamp washers
- High-Intensity Discharge (HID) headlamps with LED daytime running lights
- Dual-swivel Adaptive Front Lighting System (AFS)<sup>43</sup>
- Integrated foglamps
- LED taillamps
- Rear-window defogger with auto-off timer
- Power-adjustable, auto-folding outside mirrors with defoggers, puddle lamps, auto tilt-down in reverse and turn indicators

PASSIVE SAFETY

- Driver's and front passenger's advanced airbag system (SRS)<sup>44</sup> with front passenger's twin-chamber airbag (SRS)<sup>44</sup>
- Front seat-mounted side airbags (SRS)<sup>44</sup>
- Driver's and front passenger's knee airbags (SRS)<sup>44</sup>

- Middle-row seat-mounted side airbags (SRS)<sup>44</sup>
- Front-, middle- and third-row Roll-Sensing Curtain Airbags (RSCA) (SRS)<sup>44</sup>
- Active front headrests<sup>46</sup>
- Collapsible steering column
- Three-point seatbelts for all seating positions
- Front seatbelt pre-tensioners and force limiters
- Seatbelt pre-tensioners for middle-row outboard seats
- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat
- Height-adjustable front- and middle-row shoulder belt anchors
- Child Restraint Seat anchor brackets for middle-row, outboard
- Highly rigid body structure with front and rear crumple zones
- Side-impact door beams
- Impact-dissipating upper interior trim

SECURITY

- Safety Connect<sup>14,5</sup> offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance<sup>46</sup> services. Subscription required. One-year trial subscription included
- Vehicle theft-deterrent and engine-immobilizer system;<sup>35</sup> with in-key transponder

OPTIONS PACKAGE\*

LUXURY PACKAGE

- Semi-aniline leather-trimmed interior with contrast stitching, heated steering wheel, heated and ventilated front seats, heated second-row seats, mahogany-trimmed door switchplates and rear-center armrest cover, front-seat cool box, SmartAccess<sup>34,35</sup> card key

OPTIONS AND ACCESSORIES\*

- Mark Levinson 19-speaker 450-watt @ less than 0.1% THD, 20-20,000 Hz<sup>47</sup> Reference Surround Sound Audio System<sup>13</sup>
- Heated and ventilated front seats and heated second-row seats
- Dual-screen DVD Rear-Seat Entertainment System (RSES)<sup>11</sup>
- Wide-view Front and Side Monitor system<sup>17</sup> with Intuitive Parking Assist
- Pre-Collision System (PCS)<sup>14</sup> and Dynamic Radar Cruise Control<sup>20</sup>
- All-weather cargo mat
- All-weather floor mats<sup>48</sup>
- Cargo net – envelope
- Carpet cargo mat
- Door edge guards
- First aid kit
- Glass breakage sensor
- Key glove
- Paint protection film<sup>49</sup>
- Remote engine starter<sup>35</sup>
- Towing equipment – trailer ball<sup>21,22</sup>
- Towing equipment – ball mount<sup>21,22</sup>
- Wheel locks
- Wireless headphones<sup>12</sup>

## WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *LX Warranty and Services Guide* at your Lexus dealer for details.

**1.** Lexus Enform and Safety Connect are available. Contact with the Lexus Enform and/or Safety Connect response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Lexus Enform- and Safety Connect-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. **2.** Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. **3.** Always be sure to obey traffic regulations, maintain awareness of your surroundings and all road and traffic conditions. Select Enform apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available initially. Apps identified by <sup>™</sup> or <sup>®</sup> are trademarks or registered trademarks of their respective companies and cannot be used without permission. See [lexus.com/enform](http://lexus.com/enform) for the latest information regarding apps and service. The Bluetooth word mark is a registered trademark of the Bluetooth SIG. Features and capabilities vary by phone. **4.** Always be sure to obey traffic regulations, maintain awareness of your surroundings and all road and traffic conditions. Select apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. **5.** Daily use of Pandora or iHeartRadio may have an impact on your cellular data plan. It is estimated that one hour of streaming Pandora or iHeartRadio consumes roughly 14 to 27MB of cellular data. The other third-party applications, Bing, MovieTickets.com and OpenTable, are expected to consume a negligible amount of data. You can take a look at the data calculators provided on your cellular carrier's website or speak with your wireless carrier to understand what data plans would fit you the best. PANDORA,® the PANDORA® logo and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. **6.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **7.** Availability and accuracy of the information provided by the Navigation System or any SiriusXM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic Navigation updates available at additional cost. Please see your *Navigation System Owner's Manual* or contact SiriusXM for details. **8.** SiriusXM services require a subscription after trial period. Subscriptions governed by SiriusXM Customer Agreement available at [siriusxm.com](http://siriusxm.com). **If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-800-967-2346 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. **9.** HD Radio Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio and the HD, HD Radio and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **10.** iTunes and iPod are registered trademarks of Apple Inc. All rights reserved. **11.** A single-disc DVD player is standard on vehicles equipped with the dual-screen Rear-Seat Entertainment System. A separate DVD player or game system utilizing the center console's video/audio inputs is required in order to use the split-screen function. **12.** Headphones are for passenger use only. Do not use while operating vehicle. **13.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **14.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **15.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance, tire and road conditions. **16.** Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. **17.** The Wide-view Front and Side Monitor does not provide a comprehensive view of the front and side areas of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm clearance. Cold weather will limit effectiveness and view may become cloudy. **18.** Bluetooth technology phones listed on [lexus.com](http://lexus.com) have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. Other trademarks and trade names are those of their respective owners. **19.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather may limit effectiveness and view may become cloudy. **20.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. **21.** Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. If gross trailer weight is above 5,000 lb (2,268 kg), it is necessary to use a weight-distributing hitch with sufficient capacity. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. **22.** Please consult your Lexus dealer or *Owner's Manual* for towing and load specifications. **23.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **24.** Payload is the GVWR minus curb weight and includes weight of occupants, optional equipment and cargo, limited by weight distribution. Payload is not the Vehicle Capacity Weight as defined by FMVSS 110, which will vary according to installed optional equipment. **25.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **26.** TORSEN® is a registered trademark of Zexel Torsen, Inc. **27.** The vehicle is designed to meet most off-road driving requirements, but off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Lexus encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. **28.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **29.** 20-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending upon driving conditions. **30.** Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether TSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **31.** Measurement of vehicle in Active Height Control (X-AHC) Normal setting. **32.** Cargo and load capacity limited by weight and distribution. **33.** 2013 EPA-estimated ratings. Actual mileage will vary. **34.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **35.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or SmartAccess fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or SmartAccess fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting [www.aloa.org](http://www.aloa.org). **36.** Accessory roof rack with rails not recommended for luggage. **37.** Roof rack capacity is 130 lb. Please see your *Owner's Manual* for details. **38.** The Lexus Personalized Settings (LPS) can be programmed in two ways: For most models equipped with the available Navigation System, the driver can modify the settings themselves; for other models, including those without a Navigation System, programming is done by your Lexus dealer via a one-time, complimentary offer during the first 12 months from the date the vehicle is sold. Please see your Lexus dealer for more information. **39.** Bluetooth audio device must be enabled with A2DP and AVRCP. **40.** Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. **41.** HAC is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **42.** The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **43.** The Adaptive Front Lighting System can help improve vision at night. However, conditions such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness so the driver may need to manually change the high beams from on to off. Please see your *Owner's Manual* for details. **44.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings. **45.** The Safety Connect services Automatic Collision Notification, Emergency Assistance and Stolen Vehicle Location will function in the United States, including Hawaii and Alaska, and in Canada. Enhanced Roadside Assistance will function in the United States (except for Hawaii) and in Canada. No Safety Connect services will function outside of the United States in countries other than Canada. **46.** Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. **47.** Continuous average power, all channels driven, at less than 0.1% THD; 20-20,000 Hz. **48.** To avoid potential interference with pedal operation, do not install a floor mat on top of an existing floor mat, and each mat must be secured with retention hooks (clips). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. **49.** Currently only available pre-installed on select vehicles. Ask your Dealer Sales Consultant for vehicle application.

\*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See [lexus.com](http://lexus.com) for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit [lexus.com](http://lexus.com). To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
