ScreenPad™ Plus Overview
ASUS ScreenPad™ Plus is a secondary display that offers a host of features for more efficient multitasking.

Watch Video
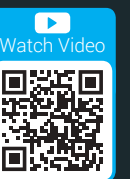

ScreenPad™ Plus Quick Key
Improve your efficiency when working on your work flow, by replacing your complicated key combinations with a single tap.

Watch Video

ScreenPad™ Plus Task Group
Task group allows you to open up to five of your favourite of frequently used applications at the same time with just a tap.

Watch Video
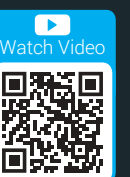

ScreenPad™ Plus Handwriting
The handwriting application on the ScreenPad™ Plus is an alternative way to input text and numbers, by writing in your preferred language.

ASUS won over 4,000 awards in 2018

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world's most admired leading enterprises in the new digital era. Our ongoing efforts continue to garner worldwide recognition in every aspect of product development, including design, innovation, technology, quality, service and energy-efficiency. In 2018, ASUS won thousands of prestigious awards, approximately one every two hours. Each award is a testament to our relentless quest and commitment to creating technology that is designed for everyone to joy.

World's Most Admired Companies
Fortune Magazine once again named ASUS as one of the Word's Most Admired Companies for the fourth time, the definitive ranking of corporate standing.

CES Innovation
ASUS products won 7 CES® 2018 Innovation awards in 4 categories, recognizing the highest standards in product design and engineering.

Good Design
ASUS products won 9 Good Design awards in 2018. Each Good Design award recognizes excellence in design and engineering.

iF Design
ASUS won 22 prestigious iF Product Design Awards, including 12 for ROG products in 2019. iF Design awards are recognized worldwide as a seal of quality.

Red Dot
ASUS won 21 Red Dot Awards, recognized professional design, worldwide, in 2019, bringing the company's total since 2001 to more than 100 Red Dot Awards.

HardwareZone
ASUS ZenBook Duo UX481
The ZenBook Duo represents good value for money with the dream specs for a portable 14-inch notebook and its dual displays are genuinely helpful.

Straits Times
ASUS ZenBook 14 UX434
The ZenBook 14 is a solid ultrabook that offers both performance and portability.

Lianhe Zaobao
ASUS ZenBook 14 UX434
The ScreenPad 2.0 is good for multi-tasking. The 12-hour battery life can satisfy the daily use of most people.

Straits Times
ROG Strix GL10
The ROG STRIX GL10 offers good range of hardware configurations and the transparent side panel shows off internal lighting system to good effect.

Straits Times
ROG Phone II
The ROG Phone II has a responsive and vibrant 120Hz screen, excellent battery stamina, dual front-facing speakers which and improved cameras.

Geek Cullture
STRIX Scar III GL531
ROG understands the demands of esports very well, and their knowledge and mastery over their hardware is translated very succinctly in the Scar III.

VR-Zone.com
ASUS ZenBook Pro Duo UX581
The ASUS ZenBook Pro Duo has the top-notch performance, nifty second screen and solid main display.

Geek Cullture
ROG Phone II
An absolute beast of a gaming phone, the ASUS ROG Phone 2 has both the processing capabilities and battery power to ensure that you'll get to play for hours before needing to charge your phone. It is truly worthy of being called a gaming phone.

HardwareZone
ASUS ZenBook Pro Duo UX581
The ZenBook Pro Duo was super fluid, responsive, and a sheer joy to use. No stutter or lag whatsoever when manipulating high-res images, running intensive apps, or multiple applications.

Geek Cullture
ASUS ZenBook Pro Duo UX581
If you are looking for a premium laptop that is multi-functional, then the ASUS ZenBook Pro Duo (UX581) will be the one for you.

Lianhe Zaobao
ROG Zephyrus S GX502
The ROG Zephyrus S (GX502) is now more powerful, lighter and with longer battery life, provides gamers a better gaming experience.

Straits Times
ROG Zephyrus S GX502
ASUS' new ROG Zephyrus S GX502 gaming laptop tries to strike a balance between work and play with a more conventional design than previous models in the series.

Straits Times
ASUS VivoBook S14 Z403
In our video-loop battery test, the 14-inch VivoBook clocked around 12.5hr with the screen brightness set to maximum. This is two hours longer than our previous endurance champion, the LG gram laptop, which managed 10hr35min.

HardwareZone
ROG Zephyrus S GX701
The ASUS' Zephyrus S laptops are slim, light, and fast, but they also have one of the most innovative cooling solutions on the market right now.

HardwareZone
ASUS ZenBook 14 UX433
The ZenBook 14 is an excellent mainstream notebook from ASUS with lots to like and little to fault.

Need Help with Your Faulty Laptop & Phone?

We'll Pick It Up, Fix and Return It – Wherever You Are.*

ASUS provides the service you need. Beyond our local warranty, we offer a premium pick up & return service for customers. For customers, this allows you to request door-to-door service. Alternatively, you may just drop your ASUS notebook or phone at your nearest Service Centre.

Log on to **https://www.asus.com/sg/campaign/PickupandReturnService/** or contact our customer service at **+65 6636 9163** or the ROG dedicated hotline at **+65 6588 1723** for more information on the pick up and return service.

STEP 1
Contact our Service Staff at +65 6636 9163 for pick-up arrangement

STEP 2
Hand the product to the courier and collect the service form

STEP 3
Delivery will be arranged once repair is completed

Skip the queue. Book an appointment with us.

At ASUS, we understand how time is important to you. So plan your visit to our service centre so that you can better manage your time and reduce your waiting time.

STEP 1
Logon to ASUS Support site at https://www.asus.com/sg/support/ and proceed to the "Service and Repair" tab

STEP 2
Click on "Service centre online booking" under repair information

STEP 3
Click on "Appointment Reservation Service for In-Warranty Products" and follow through the on-screen instructions

ASUS Zen**Book** - Beauty and power, perfected.

ASUS ZenBook 🔍

The design philosophy of the ASUS ZenBook is finding the perfect balance between beauty and power — the thinnest, portable and exquisite laptop, while at the same time giving no compromises in performance. To find this balance, we as makers and creators draw inspiration from unconventional sources, by taking apart and rebuilding ideas to turn them into better ones, which created the ASUS ZenBook.

Incredible sound, by Harman Kardon

The sophisticated signal-processing by Harman Kardon makes adaptive adjustments to improve clarity and filters out noise.

harman/kardon
by HARMAN

Crafted to perfection

The perfect curves of the all-aluminum chassis are carved from a single block of metal that then goes through a 40-step process to create the iconic ultra-fine spun-metal finish with its lustrous, silky sheen.

40 steps
spun-metal finish

Unibody
all-metal finish

Innovative ScreenPad Plus

ScreenPad™ Plus gives you effortless app multitasking, so ASUS works closely with third-party developers — including professional video-editing software developer Corel®, with more to come — to optimize ScreenPad Plus for the ultimate productivity. ScreenPad Plus is your gateway to endless possibilities.

Seriously portable

ZenBook has always been the benchmark for thin and light design and revolutionize the ultrabook.

NanoEdge Display

New frameless four-sided NanoEdge design makes any visuals more immersive, with less distraction for your eyes.
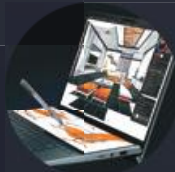

Ensuring the best quality

US MILITARY GRADE
MIL-STD 810G
Multiple Tests Passed

ASUS strive to create devices that exceed expectations in any environment.
Using up to 15 quality tests in environmental conditions, we hope you'll never encounter.

Drop Test	Vibration Test	Temperature Test	Noise and Audio Test
Drop tests check the resistance of the chassis and internal components to damage from unexpected drops.	Extensive vibration testing ensures that the chassis and internal components can withstand even the most extreme travel conditions.	Extremely high or low temperatures tests ensure laptops' functions consistently for users everywhere.	Laptops undergo fan, hard drive, and power-supply noise tests to ensure the quietest performance possible.
Enhanced Hinge Test	Panel Resistance Test	Keyboard Test	Port Test
Vigorous testing with over 20,000 open/close cycles helps ensure exceptional hinge strength.	Panel resistance tests ensure that the display can endure unexpected bumps or pressure.	To ensure ultimate keyboard durability, specially designed ASUS robots test individual keys with millions of keystrokes.	Port tests ensure that contacts and plugs are durable even in environments where devices are frequently connected and disconnected.

Designed for ultimate comfort

With any ZenBook, your comfort is one of our top priorities. ErgoLift hinge, an engineering masterpiece designed to automatically tilt the keyboard to the most comfortable typing position. But that's not all: the carefully calculated tilt improves cooling and audio performance, too.

Improved typing position

Optimized cooling system

Enhanced audio performance

◀◀◀ ROG Accidental Damage Protection Plan

Refer to page 22 for more information on ROG Accidental Damage Plan.

ROG Gaming Series (Laptop) ▶▶▶

REPUBLIC OF GAMERS

ACCIDENTS HAPPEN. STAY PROTECTED WITH ROG ACCIDENTAL DAMAGE PROTECTION PLAN

Every ROG laptops come with a two years limited international warranty. When you purchase selected ROG laptops[1], you will be automatically enrolled into the ROG Accidental Damage Protection Plan, where you can enjoy an exclusive and personalised after-sales service and support from our ROG Experts for the first year.

2 YEARS — Two years limited international warranty

Dedicated hotline for qualified ROG laptops[1]

First year Accidental Damage Coverage for selected ROG laptops[1]

1st — Priority queue at ASUS Singapore Service Centre Tai Seng

Frequently Asked Questions (FAQs)

What is ROG Accidental Damage Protection (ADP)?
It is a fact – accidents happen to all of us. Our ADP plan was created to protect you against damages from accidents such as liquid spills, electrical surges and drops. Only applicable to selected ROG laptops[1] (subject to verification by ASUS), and valid only within the first year of product ownership starting from your purchase date.

What kind of accidental damages are NOT covered?
The ROG ADP does NOT apply to the following: scratches and dents, incorrect or inadequate customer installation, lost or stolen products, intentional damage, recovery or transfer of stored data to the product, requests for miscellaneous cables or accessories and damages caused by natural disasters.

How many claims can I file for accidental damage?
There is a maximum limit of only one (1) claim per registered serial number during the first year of product ownership, starting from your purchase date. Serial number validation is performed by ASUS Service Centre or Call Centre.

What is the list of products that are eligible for ROG ADP plan?
This protection plan applies only to selected ROG laptops[1] (purchased from ASUS Brand Shop and authorised retailers in BRAND NEW factory sealed condition[2]. Refurbished or open box devices, units sold and purchased outside of Singapore and purchases from non-authorised retailers in Singapore are not entitled for this program[3]. Refer to terms and conditions below for full list of eligible products.

How do I request for a RMA or On-Site Service for my ROG product?
You can call the ROG Service Hotline at **+65 6588 1723** to request for a pick-up of your ROG laptop or on-site service of your ROG desktop (on-site service is not applicable to ROG laptops).

ROG DEDICATED HOTLINE: +65 6588 1723

6 THINGS YOU NEED TO KNOW ABOUT THE ROG LAPTOPS COOLING SYSTEM

1 ROG laptops have a larger and comprehensive cooling coverage

Five heatpipes snake beneath the surface to pull heat away from not only the CPU and GPU, but also the circuitry supplying them with power. This design keeps the power components under 80°C, which helps improve long-term reliability. The CPU and GPU connect to both shared and dedicated heatsinks to ensure efficient cooling for any workload.

2 ROG laptops have more ultra-thin fins

Thermal energy is dissipated by the heatsinks in the flanks and each one is lined with ultra-thin copper fins as slim as 0.1mm, allowing higher density and lower air resistance than typical fins that are twice as thick, increasing the surface area for heat dissipation by up to 10%, while at the same time reducing air resistance by 7%.

3 ROG laptops have a self cleaning cooling system

Keeping the heatsinks free of debris is critical to maintaining optimal thermal dissipation, so the ROG engineers designed a special anti-dust tunnel that catches and channels particles outside the chassis to prevent them from collecting on the fins. This self-cleaning system helps ensure consistent cooling performance, which improves long-term stability and reliability.

4 ROG laptops have Hyperfan boost on demand

While the dynamic fans automatically adjust their speed according to CPU and GPU temperatures, you can select different modes to suit the situation at hand. Fan Overboost is the most aggressive setting, with the fastest fan speed to fully exploit the power of ROG laptops. Silent mode lowers the fan speed, ideal when you're after some peace and quiet. A single press of the function key (Fn+F5) lets you quickly and easily regulate fan performance to control noise levels; which can also be accessed through ROG Gaming Center.

5 ROG laptops are equipped with high performance 12V fans

The dual fans in the cooling system run on 12V power that lets them spin 20% faster, improve airflow by up to 42.5%, and increase air pressure by up to 92% as compared to typical 5V fans.

6 ROG laptops have more blades to increase airflow

The AeroAccelerator technology maximizes airflow inside the chassis. The carefully shaped aluminum intake shrouds use curved edges and raised guides to help the fans draw in more cool air. Once inside, it's blasted toward the heatsinks by liquid-crystal-polymer blades that are 33% thinner than conventional designs.

BUNDLED McAfee AV (worth $59), Impact Gaming Mouse + Carrying Bag (G531 Only) + Backpack (G731 Only)

ROG STRIX SERIES
E-Sports standard, all-round performance.

The E-Sports graded gaming laptop from ROG is designed to compete. With an all-round hardware specifications and wrap-around light bar, it delivers the clarity, speed and responsiveness that pro-gamers demand from their gaming computer.

Wrap-around Light Bar
Diffused RGB LEDs wrap around the rim of the chassis, illuminating the front and side edges with customizable colors and effects

AURA RGB
Durable RGB Keyboard
RGB lighting allow for easy visual navigation to crucial controls and shortcuts. With the toughness to last over 20 million keypresses, the keyboard can maintain its accuracy over a long lifespan of serious gaming

NanoEdge™ Bezels
With a screen-to-body ratio of up to 81.5%, Super-narrow bezels frame the edges of the display, allowing us to fit a larger screen into a more compact footprint

Dual Cooling Fan
The dual N-Blade fans are designed for maximum airflow, matching the highest blade density with 83 per fan, improving airflow by up to 15%

Self-cleaning Cooling System
Keeping the heatsinks free of debris is critical to maintaining optimal thermal dissipation, so we designed a special anti-dust tunnel that catches and channels particles outside the chassis to prevent them from collecting on the fins

ARMORY CRATE
Armory Crate
Exclusive ROG Armoury Crate software unifies system and lighting controls allowing for easy defination and customisation of Scenario Profiles that automatically make adjustments when you launch your favourite games

$1,598 (GST Incl)

BUNDLED AeroActive Cooler II + Type-C USB Cable + ROG bumper + Charger

Available exclusively on ASUS Online Store only
ROG Phone II Accessories SuperPack
ROGII Kunai Gampad / Lighting Armor Case / WiGig® Display Dock/
Mobile Desktop Dock / Twinview dock II / Phone Phone Bag / ROG Suitcase
$1,298 (GST Incl.)

PLAY IN HAND

Twinview Dock II
The all-new ROG TwinView Dock II gives you a genuine 120Hz/1ms dual-screen gaming experience that's perfect for extended game display or group communication. It's now lighter and better balanced, and includes an enhanced cooling system and a high-capacity 5000mAh battery pack for marathon sessions.

1 year limited local warrenty **$399** (GST Incl.)

PLAY IN ROOM

Mobile Desktop Dock
The Mobile Desktop Dock gives ROG Phone II unprecedented expansion capabilities. Connect to an external 4K UHD monitor, mouse and keyboard while using ROG Phone II as an auxiliary display, hook up to a wired gigabit LAN and use the S/PDIF output to drive your 5.1-channel surround-sound system.

1 year limited local warrenty **$199** (GST Incl.)

PLAY ON BIG SCREEN

WiGig® Display Dock
With the WiGig® Display Dock Plus, the ROG Phone II gains ultra-low-latency wireless display connectivity featuring Qualcomm® 11ad (WiGig) technology for 60GHz Wi-Fi, so you can enjoy immersive, cable-free big-screen gaming. You can also connect to a wired LAN using the bundled USB 3 LAN adapter.

1 year limited local warrenty **$339** (GST Incl.)

ROG II Kunai Gamepad   COMING SOON
The ROG Kunai Gamepad consists of three modular components — the ROG Kunai Bumper, ROG Kunai Controllers and ROG Kunai Holder. The two-part Kunai Controllers can be attached to the Kunai Gamepad Holder to create a standalone gamepad, or combined with the Kunai Bumper to add physical gamepad controls to ROG Phone II itself.

3 months limited local warrenty **$159** (GST Incl.)

ROG Lighting Armor Case
The new ROG Lighting Armor Case not only protects your phone from scratches and bumps, but it also supports Aura lighting for an out-of-this-world visual experience. You can customize it to match your wallpaper and provide visual system notifications.

3 months limited local warrenty **$59** (GST Incl.)

ROG Phone Bag   COMING SOON
Keep and organise your ROG Phone II and all its accessories in this functional two ways messenger bag, equipped with dedicated velvet pockets for all your daily necessities and gaming gears.

$49 (GST Incl.)

Aero Case
The cool skeletal design of the Aero Case improves heat dissipation without compromising protection, keeping your entire phone safe from everyday scratches. Aero Case gives you the freedom to enjoy long gaming sessions, using the new AeroActive Cooler II or TwinView Dock II.

Included in box

AeroActive Cooler II
The new AeroActive Cooler II has been redesigned to direct airflow more effectively into the ROG Aerodynamic System for even better cooling at high loads, which directly translates into better performance. Now you can enjoy no-compromise full-speed operation.

Included in box

*The ROG Phone II Accessories SuperPack is only available for purchase when you pre-order the ROG Phone II from 1 – 10 October, 2019. While stocks last.

ASUS Premium Care and accessories are only available at the ASUS Brand Shop Bugis or ASUS Online Store https://sg.store.asus.com

ADAPTERS & DOCKS

ASUS Pen   **$69** (GST Incl.)
ASUS Pen is an active stylus for your compatible ASUS touchscreen device. Its pressure-sensitive tip replicates a natural writing experience, and with up to 10 months of use from a single charge of its rechargeable battery.

Dimension: 144mm x Φ9.5mm
Weight: 22g

Universal Dock   **$199** (GST Incl.)
Plug and charge at any power point with travel-friendly dimensions.
Compatible with only ZenBook 3 Series, ZenBook Flip S UX370, Transformer 3 Pro T303 & Transformer Pro T304

Dimension: 131 x 65 x 13.7 mm
Weight: 117.5g

U90W Universal Adapter   **$89** (GST Incl.)
Plug and charge at any power point with travel-friendly dimensions

Dimension: 88 x 88 x 31mm
Weight: 180g

ASUS UT280 Optical Mouse   **$29** (GST Incl.)
Compact, ambidextrous wired USB optical mouse
Available in Black & White Color

Dimension: 99 x 60 x 36 mm
Weight: 80g

ASUS AC65-00 65W USB Type-C Adapter   **$89** (GST Incl.)
Designed for ASUS laptops that support charging via USB-C

Dimension: 66 x 66 x 28.5 mm
Weight: 220g

HZ-3A Plus USB Dock   **$269** (GST Incl.)
Single-cable connection for conveniently expanding your laptop's connectivity options.

Dimension: 335 x 65.65 x 24mm
Weight: 290g

ASUS Mini Dock   **$129** (GST Incl.)
Plug and connect any device with travel-friendly dimensions
Compatible with only ZenBook 3 Series, ZenBook Flip S UX370, Transformer 3 Pro T303, Transformer Pro T304 & ASUSPRO B9440

Dimension: 135 x 59 x 48 mm
Weight: 480g

Warranty Extension Programme* - ASUS Premium Care

Laptops*		
	2nd Year International Warranty	$79
	3rd Year International Warranty	$159
	2nd & 3rd Year International Warranty	$199

*Extended warranty programme does not apply to TUF Gaming Series and ROG Gaming Series, and is only applicable for recent purchase within 90 days from the purchase date as stated in the invoice/receipt.
*International warranty excludes all Desktop and All-in-One (AiO) products; Extended warranty for Desktops and All-in-One (AiO) only covers for local Singapore services.
Specifications are correct at time of print. ASUS reserves the rights to change any specifications without prior notice.
ASUS stands by their notebook LCD panels, offering a one month servicing/replacement of the panel should the panel have any bright dot.
