everything you need for oral care

PHILIPS sonicare

Removes up to 7x more plaque than a manual toothbrush

Feel the difference of a gentle clean with our Pressure Sensor while removing up to 7x more plaque than a manual toothbrush

Oral and overall health

An effective daily oral care routine can keep your mouth healthy and may contribute to better overall health.

Why go electric?

Electric toothbrushes are more accurate, more consistent, and make many more brush strokes than their manual counterparts.

How do I treat plaque?

Longer, more frequent brushing with Philips Sonicare will get rid of it up to 7x more effectively than a manual toothbrush.
