- Removes 35 Pints Per Day - The ideal dehumidifier for bedroom, basements, garages and other spaces with high humidity, this Energy Star certified unit removes 35 pints of moisture from the air every day
- Smart Dry - This feature automatically adjusts the dehumidifier fan speed based on the humidity levels in the room
- Empty Bucket Alarm - A 10-second alarm sounds when the dehumidifier bucket is full or missing, letting you know it's time to empty or install it
- Filter Reminder - Get a filter change reminder when the filter needs cleaning, so you can keep the unit performing at its best
- Continuous Drain Connect - Continuously drain water from your unit with a convenient dehumidifier drain hose connection, eliminating the need to empty the bucket
- Pocket Handles and Easy-Roll Wheels - Easily roll this portable dehumidifier from one room to the next thanks to built-in pocket handles and casters
- Digital LED Controls - Easily see and manage your dehumidifier settings with an LED display
- Three Fan Speeds - Choose from three dehumidifier fan speeds to customize your comfort level
- Auto Restart - In the event of a power outage, the air conditioner restarts automatically with the last temperature settings

- Auto Defrost - If frost builds up, the dehumidifier defrost function turns off the compressor and continues to run the fan until the frost is gone
- Energy Star - This Energy Star certified dehumidifier gives you the same great performance while using less energy and reducing utility costs
- Adjustable Humidistat - The adjustable humidistat allows you to set your desired humidity level anywhere between 30-70% (40% is recommended for maximum comfort)
