Full	ABC light is on	More than 90%

COMMON QUESTIONS & ANSWERS

Q:Will this stylus have good tilt and pressure control when drawing on my ipad?

A: Our iPad stylus has pressure control with tilt pressure and anti-touch protection

Q: Can you put your hand onto the iPad while writing, painting? A:Yes, as it is palm rejection available as well as tilt function works

Q:Will it work with a paperlike screen protector A:This stylus can work with paperlike screen protector.

Q:Can you use the scribble feature like on the original Apple Pencil A:Yes, the scribble function works just like the original Apple Pencil, that's what makes this item so good

Q: How often does the nib need to be replaced? What is its lifespan?

A:It will depend on the users, what frequency they use for writing or drawing. Regularly our nib can run 5-8 kilometers.

Q:Are there softer tips available for this? A:The pen nib is smooth and not sharp, so you don't have to worry about scratching the screen even if the iPad doesn't have a protective film. Accurate click, responsive, no delay, feel like a ballpoint pen. It's also lightweight and easy to carry.

Q:Is this a good product, how does it connect without Bluetooth? A:Just click the button and good to go, no BT required.
