1. Specifications vary depending on model.
2. Shared system memory may be allocated to support graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by any memory used by the graphics solution and resources required by the operating environment.
3. Memory speed may vary, depending on the CPU, chipset or memory fitted.
4. A 64-bit operating system is required to enjoy the ultimate performance of 4 GB or higher memory.
5. All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products.
6. 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials, and operating environment. Acer Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space.
7. Minor variations in system dimensions are possible due to the manufacturing process.
8. Weight may vary depending on product configurations, vendor components, manufacturing variability, and selected options.
9. Bundled software may vary depending on hardware configuration, OS and regional availability.

3. Memory speed may vary, depending on the CPU, chipset or memory fitted.

4. All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products. Not all features indicated are supported on all SKUs

5. Not all features indicated are supported on all SKUs

6. 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials. Acer Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space.

7. Minor variations in system dimensions are possible due to the manufacturing process.

8. Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options.

9. Listed battery life is based on testing using Web browsing. The test clip loops the loading of 50 selected websites using Microsoft Edge 30 seconds, until the battery is drained. Stated battery life is for comparison purpose only. Actual battery life varies by model, configuration, applications, video chip format and features, used. A battery's maximum capacity decreases with time and use. Battery life test configuration: Intel® Processor N200, Intel® UHD Graphics, FHD, SSD only, 4GB of LPDDR5 memory.

Battery life test condition: 100 nits LCD brightness, 50% speaker volume, WLAN on, Bluetooth on, no WW direct Internet connection.

10. The listed battery life is tested by Google according to this formula (the test loops and continues running until the battery is drained): The first 60% of the test period is 1) Browsing: A new web page is loaded every minute. The web page is scrolled down to the first "page fold" (the bottom of the part of a web page that is visible on an average screen – a depth of around 600 pixels) every 10 seconds, then scrolled back up at the same rate. The next 20% of the test period is 2) Email: Gmail is loaded in the foreground tab and audio is streamed from a background tab. The next 10% is 3) Documents: Various Google Docs are loaded. The final 10% is 4) Online Video: A full-screen 480p YouTube video is played.

11. Bundled software may vary depending on hardware configuration, OS and regional availability.

10. The listed battery life is tested by Google according to this formula (the test loops and continues running until the battery is drained): The first 60% of the test period is 1) Browsing: A new web page is loaded every minute. The web page is scrolled down to the first "page fold" (the bottom of the part of a web page that is visible on an average screen – a depth of around 600 pixels) every 10 seconds, then scrolled back up at the same rate. The next 20% of the test period is 2) Email: Gmail is loaded in the foreground tab and audio is streamed from a background tab. The next 10% is 3) Documents: Various Google Docs are loaded. The final 10% is 4) Online Video: A full-screen 480p YouTube video is played.

11. Bundled software may vary depending on hardware configuration, OS and regional availability.

Acer Halo Swing

Model HSP-5100G

Design

Your music is in harmony with your home—with the Acer Halo Swing smart speaker. Thanks to a portable design, powerful sound, and voice-enabled Google Assistant, it's the perfect addition to your home.

Noteworthy Nuances. Compact and charming, the Halo Swing seamlessly blends into any room. Rest it on the transparent USB-C charging dock—or ditch the wire completely and carry or hang the IPX5 waterproof smart speaker via its detachable leather strap and enjoy the music!

Sweet Sweet Sounds. The Halo Swing, with internal subwoofer and DTS Sound™ projects rich, high-quality audio in 360°. Capable of blasting over the noise of a party—but crisp enough for the sounds of high-pitched vocals and instruments—enjoy up to 10 hours² of nonstop play.

Hey Google! With the help of Google Assistant, enjoy your media, plan your day, and control your smart home devices all with the sound of your voice via the omnidirectional far-field mic that easily captures your voice commands.

Tickets to the Light Show Stunning RGB visual effects flutter to the beat of your music and enhance the atmosphere of any party—and using the Acer Halo App, customize the LED display with premade messages and images—or draw your own using the canvas!

Link Up Manage your music and entertainment with access to your favorite apps and streaming services and with Bluetooth® 5.0 and Wi-Fi 6, link devices with Google Fast Pair¹ or even multiple Acer Halo Swing 's for an immersive surround sound experience.

It's Your Home Privacy matters, which is why muting the microphone is easy with a simple switch of a button found at the top of the speaker. Media keys to pause/play music or adjust the volume can be found there as well.

Product Weight 907g (without charging pad)

Product Dimension
• 95 (W) x 95 (D) x 185 (H) mm
• 3.8 x 3.8 x 7.4 inches

Connector Type 1 x USB Type C

Platform Compatibility Windows, Mac, Android, iOS

Color Black

Package Content Device, Power Adapter, Manual Kit (QSG, Warranty, DOC, Envelope)
