SmartPro 550VA 300W 120V Line-Interactive UPS - 6 Outlets, AVR, USB, Tower

MODEL NUMBER: SMART550USB

Line-interactive UPS provides basic battery backup with automatic voltage regulation for your home/office network system or home theater.

Features

550VA/300W/120V Battery Backup for PCs, Home Theater or Digital Signage

This SmartPro® line-interactive UPS system provides reliable battery backup and AC power protection against blackouts, brownouts, overvoltages, surges and line noise that can damage valuable electronics or destroy data. The SMART550USB is ideal protection for your home office, media center or commerce components, including gaming PCs, routers, printers, HDTVs, Blu-ray players, game consoles, ATMs, security systems, small business phone systems and digital signage equipment.

Reliable, Expandable Battery Backup Keeps You Operational Through Power Outages

The field-replaceable, hot-swappable battery module allows you to work through short power failures and give you enough time to safely save files and shut down your system in case of a prolonged blackout. During normal operation, incoming utility power keeps the replaceable internal battery fully charged, so backup power will always be available.

Connects Your Equipment to 6 NEMA 5-15R Outlets

Three 5-15R outlets provide both battery backup and surge protection for your computer, monitor and other crucial components. The other three 5-15R outlets are surge-protected only for printers, scanners and other non-essential equipment.

Automatic Voltage Regulation (AVR) Corrects Low- and High-Voltage Conditions

AVR protects your equipment from incremental hardware damage, data loss and performance problems caused by brownouts and overvoltages. The SMART550USB can correct brownouts as low as 89V and overvoltages as high as 139V back to nominal 120V power without drawing on the battery backup needed to support your equipment during a blackout.

Premium Protection from EMI/RFI Line Noise Helps Your Equipment Perform Better

This UPS system filters out disruptive electromagnetic and radio frequency interference that can inflict hardware damage or data loss. This EMI/RFI filtering also helps your connected components perform better and last longer.

Easy-to-See LEDs Report Real Time UPS and Power Status

Front-panel LEDs provide UPS and site power information when the SMART550USB is operating in either on-line or battery power mode. They indicate operating mode, low battery, overload and fault condition. An

Highlights

- Protects equipment against blackouts, brownouts, overvoltages, surges and line noise
- Keeps equipment running during outages to allow time for file saves and safe shutdown
- Maintains continuous 120V nominal output during brownouts and overvoltages
- RJ11 phone jacks protect fax machine or other peripheral with dialup or DSL connection
- Home-friendly alarm remains silent in backup mode, sounding only when imperative

Package Includes

- 550VA 300W 120V Line-Interactive UPS
- USB cable
- Owner's manual

audible alarm will sound in case of low battery, excessive load and fault condition.

HID-Compliant USB Port Allows for Automatic Shutdowns

This port connects the SMART550USB to a computer running free downloadable PowerAlert® software to enable safe unattended system shutdown in case of a prolonged power failure. USB cable is included.

Includes Power Protection for your Phone and Network Lines

Dual RJ11 jacks protect your modem, fax machine or other equipment against surges over a single telephone or network line.

Tower Form Factor for Easy Placement in Your Workspace or Media Center

The long-lasting plastic housing fits easily on a desktop, shelf or anywhere else convenient to your workstation or home theater. The six-foot (1.8-meter) power cord with right-angle NEMA 5-15P plug connects to a properly grounded AC wall outlet.

Specifications

| OVERVIEW | | |
|---|-------------------------------------|--|
| UPC Code | 037332116192 | |
| | | |
| UPS Type | Line-Interactive | |
| INPUT | | |
| Input Phase | Single-Phase | |
| Rated input current (Maximum Load) | 10A | |
| Nominal Input Voltage(s) Supported | 120V AC | |
| UPS Input Connection Type | 5-15P; Right-Angled | |
| UPS Input Cord Length (ft.) | 6 | |
| UPS Input Cord Length (m) | 1.8 | |
| Recommended Electrical Service | 15A 120V | |
| OUTPUT | | |
| Output Capacity (VA) | 550 | |
| Output Capacity (kVA) | 0.55 | |
| Output Capacity (Watts) | 300 | |
| Output Capacity (kW) | 0.3 | |
| Nominal Voltage Details | 115v nominal output in battery mode | |
| Frequency Compatibility | 60 Hz | |
| Output Voltage Regulation (Battery Mode) | +/- 5% | |
| UPS Output Receptacles (Surge Suppression Only) | 3 UPS outlets, 3 surge-only outlets | |
| Output AC Waveform (AC Mode) | Sine wave | |

| [| | |
|---|--|--|
| Output AC Waveform (Battery Mode) | PWM sine wave | |
| Nominal Output Voltage(s) Supported | 110V; 115V; 120V | |
| Output Receptacles | (6) 5-15R | |
| Individually Controllable Load Banks | No | |
| BATTERY | | |
| Battery Type | Valve Regulated Lead Acid (VRLA) | |
| Runtime Full Load (min.) | 4.6 min. (300W) | |
| Runtime Half Load (min.) | 14.8 min. (150W) | |
| Expandable Runtime | No | |
| DC System Voltage (VDC) | 12 | |
| Battery Recharge Rate (Included Batteries) | Less than 4.2 hours from 10% to 90% | |
| Battery Access | Battery access door | |
| Internal UPS Replacement Battery Cartridge | RBC51 | |
| Battery Replacement Description | Hot-swappable, user replaceable batteries | |
| VOLTAGE REGULATION | | |
| Voltage Regulation Description | Automatic voltage regulation (AVR) maintains line power operation with input voltage as low as 89 | |
| Undervoltage Correction | Input voltages between 89 and 104 are boosted by 14% | |
| USER INTERFACE, ALERTS & CONTROLS | | |
| Switches | 2 Switches control off/on power status and alarm-cancel/self-test operation | |
| Alarm Cancel Operation | Power-fail alarm can be silenced using alarm-cancel switch; once silenced, alarm will re-sound to indicate low- battery status | |
| Audible Alarm | Audible alarm indicates power-failure and low-battery conditions | |
| LED Indicators | 4 LEDs indicate line power, battery power, overload and battery low/replace status | |
| SURGE / NOISE SUPPRESSION | | |
| UPS AC Suppression Joule Rating | 480 | |
| UPS AC Suppression Response Time | Instantaneous | |
| UPS Dataline Suppression | 1 line TEL/DSL (1 in / 1 out) | |
| EMI / RFI AC Noise Suppression | Yes | |
| PHYSICAL | | |
| Primary Form Factor | Tower | |
| | 1 | |
