## WARNING

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

This symbol is intended to alert the user to the presence of uninsulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.

## CAUTION

To prevent electric shock, do not use this polarized AC plug with an extension cord, receptacle or other outlet unless the blades can be fully inserted to prevent blade exposure.

### Declaration of Conformity

Trade Name: SONY  
Model: DMX-SW1  
Responsible Party: Sony Electronics Inc.  
Address: 16530 Via Esprillo  
San Diego, CA 92127 U.S.A.  
Telephone Number: 858-942-2230

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## NOTIFICATION

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to FCC regulations, you are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

## Important Safety Instructions

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

## USE

Do not move the TV using the Bravia Input Link as a handle.

### AC power cord

If you damage the AC power cord, it may result in a fire or an electric shock. If the AC power cord is damaged, stop using it and ask your dealer or Sony service center to exchange it.

- Do not place the Bravia Input Link where the power cord is subject to wear or abuse.
- Do not pinch, bend, or twist the cord excessively. The core lines may be bared and cut, and cause a short-circuit, resulting in a fire or an electric shock.
- Do not convert or damage the power cord.
- Do not allow anything to rest on or roll over the power cord.
- Do not pull the power cord.
- Do not move the Bravia Input Link with the power cord plugged in.
- Keep the power cord away from heat sources.
- Be sure to grasp the plug when disconnecting the power cord.

## Wiring

For your safety, unplug the AC power cord when wiring cables.

### Cable wiring

Take care when routing the cables so that they do not become entangled and catch on your feet or hands. It may damage the Bravia Input Link.

### Electric shock

Do not touch the AC power cord or the Bravia Input Link with a wet hand. If you plug/unplug the AC power cord from the Bravia Input Link or TV with a wet hand, it may cause electric shock.

### Lightning

For added protection for this Bravia Input Link during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna. This will prevent damage to the BRAVIA Input Link or TV due to lightning and power line surges.

## CLEANING

- Clean the AC power plug regularly.  
If the plug is covered with dust and it picks up moisture, its insulation may deteriorate and result in a fire. Unplug the AC power plug and clean it regularly.
- Unplug the AC power cord when cleaning this Bravia Input Link. If not, it may result in electric shock.
- Clean the cabinet of the Bravia Input Link with a dry soft cloth. To remove dust, wipe it gently with a soft cloth. Stubborn stains may be removed with a cloth slightly dampened with a solution of mild soap and warm water. Never use strong solvents such as thinner or benzine for cleaning.
- If using a chemically pretreated cloth, please follow the instruction provided on the package.

## MOISTURE

### Moisture and flammable objects

- Do not use power-line operated sets near water — for example, near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near a swimming pool, etc. It may result in a fire or an electric shock.
- Do not let this Bravia Input Link get wet. Never spill liquid of any kind on the Bravia Input Link. If any liquid or solid object does fall through, do not operate the Bravia Input Link. It may result in electric shock or damage to the Bravia Input Link. Have it checked immediately by qualified personnel.
- To prevent fire, keep flammable objects or open flame

(e.g. candles) away from the Bravia Input Link.

## SERVICING

### Damage requiring service

If the surface of the Bravia Input Link or AC adapter cracks, do not touch the Bravia Input Link until you unplug the AC power cord.

Do not attempt to service the Bravia Input Link or AC Adapter yourself since opening the cabinet may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.

## ACCESSORIES

Keep small accessories out of children's reach. Use only the specified accessories with this product.

### On connecting cable

- Use HDMI cables that bears the HDMI logo certified with HDMI Licensing LLC for connection.
- Sony HDMI cables are recommended.
- When watching 1080p resolution picture or Deep Color picture, a HIGH SPEED HDMI cable (cable certified with HDMI Version 1.3 as "category 2") is recommended.
- DVI-to-HDMI cable is not recommended. If you connect the DVI-D device using a DVI-to-HDMI cable:
  - sound will not be output.
  - picture may not appear on the screen.

Thank you for purchasing the BRAVIA Input Link, DMX-SW1. This product allows you to expand the number of HDMI ports on your Sony BRAVIA TV. Using your TV remote control, you can select and view external equipment through your TV's input menu.

## Package Contents

## Product Description

1	<b>Power LED</b>	Lights up in green when the switcher is connected to a power source and to the TV through HDMI input, and the TV is powered on. Green LED will turned off when the TV is turned off.

## Attaching to the TV

When the cable connection is completed, attach the BRAVIA Input Link unit to the back of your TV.

- Find the attachment location. There are guide pin holes on the back of your TV. The guide pins on the attachment bracket (supplied) should fit into these holes.
- Secure the attachment bracket to the back of your TV with the plastic fasteners (supplied). Do not push the head of the plastic fastener until you have inserted the plastic fastener into the hole on the TV, then press in the head of the fastener until it clicks.
- Align the grooves on the bottom of the unit with groove of the installation bracket.
- Gently slide the switcher unit into place.

To remove the bracket, use a Phillips screwdriver (not supplied) to loosen plastic fasteners.

**DMX-SW1 Supplement:**  
Setting up your BRAVIA Input Link

Perform this setup when:

- You connect your BRAVIA Input Link for the first time
- If the power is lost or disconnected from your TV or BRAVIA Input Link
- You connect new equipment or switch HDMI inputs on the BRAVIA Input Link
- You move the BRAVIA Input Link to a different HDMI IN on the TV

**Before Beginning**

1. Power on all HDMI equipment.
2. Power on the TV.
3. Connect the BRAVIA Input Link's HDMI OUT to any of the TV's HDMI IN using the supplied HDMI cable.
4. Connect all HDMI equipment to the BRAVIA Input Link.
5. Connect AC Adapter with AC cord from wall to the DC IN on the BRAVIA Input Link.
6. Wait 90 seconds for the BRAVIA Input Link and all equipment to connect with the TV.

**Initial Setup**

Before beginning these steps, make sure that **Control for HDMI** is enabled on your TV. See your TV's Operating Instructions for more details.

**Repeat steps 1-3 below for all connected equipment**

1. Press **HOME/MENU** on the TV's remote control.
2. Press **Left/Right/Up/Down** to navigate to the **External Inputs** menu. (As shown in figures 1 and 2)
3. Highlight and select the equipment with the **Input Link** label from the list (ex: Select **Input Link 1** for a device connected to **HDMI IN 1**).

When connecting new equipment only perform Steps 1-3 for that equipment.

**Completing Initial Setup**

Update the **Control for HDMI** list to complete the setup.

**TV with XMB™**

1. Press **HOME** on the remote control and select **HDMI Settings** from the **Settings Menu**.
2. Select **Device List**.
3. Press **Enter** to **Enable** or **Update** the device list and exit the menu.

Once the list is updated, the "Input Link" label will be removed for equipment that support Control for HDMI and only the pre-assigned labels are displayed (e.g. DVD, BD, etc).

Initial Setup is complete. See the supplied Operating Instructions for more information on your BRAVIA Input Link.

TV with Panel Menu (Figure 2)

**TV with Panel Menu**

1. Press **MENU** on the remote control and select **Setup**.
2. Highlight **Update Control for HDMI List**, select **OK** and exit the menu.

# Consumer 1 Year Warranty

**SONY**<sup>®</sup>

Sony of Canada Ltd. (hereinafter referred to as "Sony") hereby warrants, subject to the terms and conditions herein set forth, this product against defect in material and workmanship during the specified warranty period. In the event of a defect of material or workmanship during the specified warranty period, Sony will repair the same, effecting all necessary parts replacements with either new or refurbished parts, without charge for either parts or labour.

## The warranty period is as follows:

1. Labour: ONE year from the date of original purchase at retail.
2. Parts: ONE year from the date of original purchase at retail. Exception: projector lamps are covered for 90 days from the date of original purchase at retail.
3. Commercial Use or Rental: 90 days from the date of original purchase at retail.

## Conditions

### Unauthorized Modification, Repair, Abuse, Etc.:

This limited warranty is void if: (i) the unit has been previously altered, modified, installed or mounted for commercial use, repaired or serviced by anyone other than the service facilities authorized by Sony to render such services, (ii) the serial number on the unit has been altered or removed, or (iii) the unit has been subject to accident, misuse, abuse or operated contrary to the instructions contained in the Owner's Manual. The opinion of Sony with respect to this matter shall be final.

### Commercial Use or Rental:

This product is not intended for commercial use or rental. Should this unit be used at any time for commercial purposes or as a rental unit, the limited warranty period for parts and labour shall be 90 days from the date of original purchase at retail. The opinion of Sony with respect to this matter shall be final.

### Exclusions:

This limited warranty does not extend to broken or damaged cabinets, accessories, batteries, exposed antennas and styluses, or to parts wearing out due to normal wear and tear. This limited warranty does not cover regular product maintenance such as cleaning, lubrication or check-ups.

### This limited warranty is valid only in Canada.

### Delivery:

The unit must be delivered in person to one of the nearest Sony service facilities in Canada, or shipped, freight prepaid, in either its original package or similar package affording an equal degree of protection and with instructions indicating a location within Canada to which the unit must be returned. If shipped to the service facility, the repaired unit will be returned to customer freight prepaid. All accessories that are enclosed with the unit must be listed individually on the packing slip for the shipping documentation. Sony shall have no liability whatsoever for loss or damage of items shipped to the service facilities. Defective accessories should be returned to Sony as a separate repair item.

## LIMITED WARRANTY (U.S. ONLY)

SONY ELECTRONICS INC. ("SONY") warrants this product against defects in material or workmanship for the time periods and as set forth below. Pursuant to this Limited Warranty, SONY will, at its option, (i) repair the product using new or refurbished parts or (ii) replace the product with a new or refurbished product. For purposes of this Limited Warranty, "refurbished" means a product or part that has been returned to its original specifications. In the event of a defect, these are your exclusive remedies.

**Term:** For a period of one (1) year from the original date of purchase of the product (or a period of ninety (90) days for commercial use), SONY will, at its option, repair or replace with new or refurbished product or parts, any product or parts determined to be defective.

This Limited Warranty covers only the hardware components packaged with the Product. It does not cover technical assistance for hardware or software usage and it does not cover any software products whether or not contained in the Product; any such software is provided "AS IS" unless expressly provided for in any enclosed software Limited Warranty. Please refer to the End User License Agreements included with the Product for your rights and obligations with respect to the software.

**Instructions:** In-home diagnostic warranty service is provided during the one (1) year limited warranty term (ninety (90) days for commercial use) for thirty (30) inch (measured diagonally) or larger screen size television products through a SONY-authorized service facility. Otherwise, to obtain warranty service, you must deliver the product, freight prepaid, in either its original packaging or packaging affording an equal degree of protection to the SONY authorized service facility specified. A dated purchase receipt or bill of sale is required. For specific instructions on how to obtain warranty service for your product,

**Repair / Replacement Warranty:** This Limited Warranty shall apply to any repair, replacement part or replacement product for the remainder of the original Limited Warranty period or for ninety (90) days, whichever is longer. Any parts or product replaced under this Limited Warranty will become the property of SONY.

This Limited Warranty only covers product issues caused by defects in material or workmanship during ordinary consumer use; it does not cover product issues caused by any other reason, including but not limited to, product issues due to (i) acts of God, (ii) misuse, (iii) customer instruction, installation, set up adjustments or signal reception issues; (iv) limitations of technology, or (v) modification of or to any part of the SONY product, include the antenna. This Limited Warranty does not cover SONY products sold AS IS or WITH ALL FAULTS or consumables (such as fuses or batteries). This Limited Warranty is invalid if the factory-applied serial number has been altered or removed from the product. This Limited Warranty is valid only in the United States.

**LIMITATION ON DAMAGES:** SONY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT.

**DURATION OF IMPLIED WARRANTIES:** EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This Limited Warranty gives you specific legal rights and you may have other rights which vary from state to state.
