

8" LOWPRO RECESSED DOWNLIGHT W/COLOR PREFERENCE® & NIGHTLIGHT

SUPERIOR VALUE & PERFORMANCE

PRODUCT OVERVIEW

ETi SSL's 8" LowPro Recessed Downlight with Color Preference® and Nightlight is one of the most versatile and easiest ways to upgrade your existing recessed lights to energy-efficient LEDs. This innovative fixture offers three unique features: First, there is no need for recessed cans or a separate J-box, so its ultra slim design easily installs into low clearance or sloped ceilings. Second, you can choose between (5) color temperatures of light output for your space from warm to cool whites, bright white, and daylight. Third, the Nightlight produces a soft, amber hue when activated from your wall switch. The 8" LowPro Recessed Downlight emits 1,857 Lumens of light while using only 22.7 Watts of electricity.

The fixture is dimmable, down to 10% without any flickering or buzzing and is suitable for any wet locations. It is maintenancefree with no need to replace bulbs, and is IC Rated for direct contact with insulation. The 8" Downlight LowPro includes certifications to both ENERGY STAR® and the California Appliance Efficiency Database under JA8 that can be used to comply with California Title 24 Part 6 High Efficacy LED light source requirements. The Downlight LowPro (DLLP) family is an extremely versatile product series designed for use in many retrofit, remodel or new construction applications.

Our entire team takes great pride in our dedication to providing innovative in-stock lighting solutions that typically ship in 2-3 days with the product reliability and quality that you can always depend on from ETi SSL.

STOCK ORDERING INFORMATION (typical 2-3 day shipment lead time)

Catalog Logic/PT#	Model #	UPC	Lumens	Wattage	LPW	CCT ²	CRI	Voltage	Dimming	Energy Star ³
DLLP-NL-8IN-1800LM-9-5CP-SV-TD	53829102	849489066622	1,857LM	22.7	81.8	5 CCT	90 (min)	120V	Triac Dimming	Yes

Notes:

- 1. Stock SKUs typically ship in 24-48 hours upon receipt of an approved released order.
- 2. Comes with 5 CCT Color Preference® settings: 2700K, 3000K, 3500K, 4000K, and 5000K. Factory setting at 2700K.
- 3. Search first 6-digits of the model # followd by '##' on the ENERGY STAR® or CEC JA8 website database to view certifications. (Ex. '538291##')

KEY DIMENSIONAL INFORMATION

ADDITIONAL DIMENSIONAL DETAILS

Luminous Window: 6.8" dia. (172.7) Ceiling Opening: 8.25" dia. (209.5) Outer Trim: 9.06" dia. (230.1) Note: All dimensions are in inches (millimeters). Max ceiling opening not to exceed 8.87" (225.3)

a. (230.1) Profile Height: 1.2" (28.4)

LOWPRO CEILING CLEARANCE - 1.3"

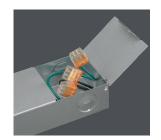

Needs only 1.3" Ceiling Clearance

No recessed can or separate J-box required

Remote Metal Driver & Wiring Box

5 CCT Selectable Switch on Wiring Box

ETi's Color Preference® allows you to adjust the lighting to your needs with five different choices seen above. This model also includes a nightlight mode.

DLLP Series

8" LowPro Recessed Downlight with Color Preference® & Nightlight Model# 53829102 | 1,857 Lumens | 22.7 W | 81.8 LPW | 5 CCT | ENERGY STAR® | 5-yr Warranty

AVAILABLE STOCK ACCESSORIES (must be ordered separately)

Emergency LED Driver/BBU

(BBU field installed w/OC sensor or dimming)

Catalog Logic/PT#	Model #	Description		
EMA25FY-170 (G2)	70112202 ¹	25W, IP rated, 90 minutes		
EMA25FY-170 (G3)	70112202-2 ¹	25W, IP rated, 90 minutes		

Notes:

BBUs certified in CA Title 20 MAEDBS. (search bu BBU cat logic/PT#, Ex. 'EMA25FY-170) When downlights with nightlight feature loose power, only the nightlight is on with when the BBU is connected, not main light. When power is restored, fixture stays in nightlight mode. To return to main light mode, the wall switch must be flipped off and on again.
