ROG MASTERS 2017

PROFESSIONAL WORLD-CLASS TOURNAMENT

This year, from June through December, a new and epic chapter in the ROG MASTERS journey plays out. In 2017 the cross-continent tournament will encompass more than 30 countries, bringing top-tier talent and renowned pro squads in CS:GO and Dota 2. The best teams will split the grand prize pool between them - \$250,000 for each title.

ROG MASTERS MALAYSIAN QUALIFIER 2017 CONCLUDES

Dota 2 and CS:GO fans had the opportunity to witness the best Malaysian E-sport teams battled out to be the winner of ROG Masters – Malaysian Qualifier 2017. Held at One Utama Shopping Centre, New Wing LG Concourse during the Malaysian Day weekend, the event definitely set a perception that the E-sport scene is getting serious and bigger this year.

CS:GO CHAMPIONS

Champion (RM 10,000): Fire Dragoon Esports
 1st Runner up (RM 5,000): JYP Gaming
 2nd Runner Up (RM 3,000): Virtual Genesis

DOTA 2 CHAMPIONS

Champion (RM 25,000): Team HighGround
 1st Runner up (RM 12,500): Team 818' Reverse Heaven
 2nd Runner up (RM 7,000): Team Dota Hero

CROWNED DOTA 2 AND CS:GO CHAMPIONS TO REPRESENT MALAYSIA AT ROG MASTERS APAC QUALIFIERS IN MANILA, PHILIPPINES

Champion of both Dota 2 and CS:GO ROG Masters – Malaysian Qualifier 2017 will represent Malaysia to compete at the ROG Masters 2017 APAC Qualifier held at SMX Convention Center Manila, Philippines on 26th–29th October 2017, subsequently, at the ROG Masters 2017 International Grand Final which will be held at Kuala Lumpur Convention Centre, Malaysia on 9th–10th December 2017.

Currently in its second year, ROG Masters is an eSports event fully funded by the Republic of Gamers and Intel, which has expanded from an APAC e-sport tournament to an International e-sport tournament – focusing on Dota 2 and CS:GO.

5 Reasons to Love ASUS

In recent years, ASUS has developed a Customer Happiness 2.0 philosophy, with the goal of achieving unparalleled customer satisfaction. This new philosophy identifies five exclusive feature categories that apply to every ASUS notebook

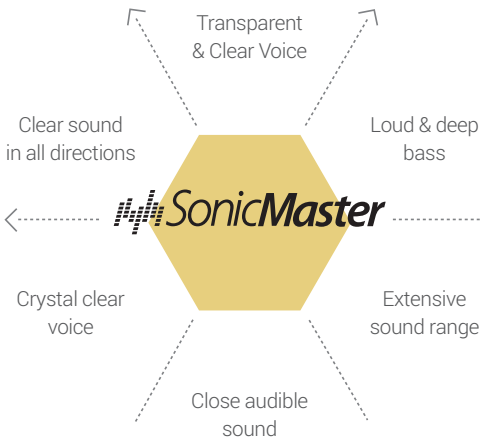

1. Authentic Beauty

ASUS Splendid technology ensures accurate, vivid, life-like color reproduction on every display. Special Vivid and Manual modes allow users to add extra vibrancy to images, or to adjust color settings manually to suit individual preferences.

2. Incredible Sound

ASUS SonicMaster, an exclusive ASUS audio technology, combines specially designed hardware and software developed by the ASUS Golden Ear team. SonicMaster delivers incredible sound quality, with deep, rich bass and crystal-clear vocals—even at high volume levels. Integrated Audio Wizard software provides five one-click preset modes optimized for any audio source, as well as advanced manual control settings options.

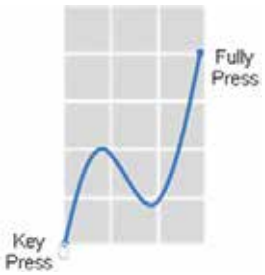

3. Intuitive Touch

Responsive multi-touch displays use touch sensors that are smaller than the industry standard, providing smooth, incredibly precise interaction.

Ergonomic keyboards are carefully designed with optimum key travel and pressure to ensure comfort and accuracy.

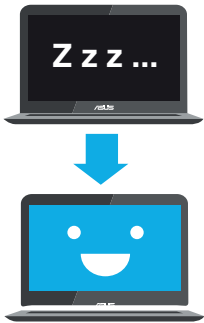

Larger touchpads enable easier and more intuitive navigation and control.

4. Quick Response

2-Second Instant On

ASUS laptops are designed to wake almost instantly from sleep mode, providing a smartphone-like experience.

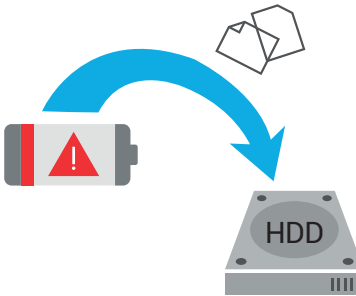

2 Weeks Standby

Super Hybrid Engine II technology allows ASUS notebooks to remain in standby for up to two weeks, helping to avoid work or data loss.

Automatic Backup

ASUS notebooks automatically save data when battery capacity reaches less than five percent.

5. Ubiquitous Access

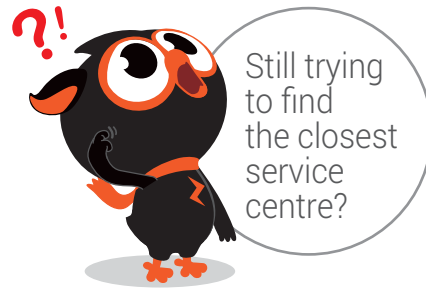

ASUS WebStorage offers the freedom and power to access and share important files and data with ease, anywhere, while also allowing for universal file synchronization from any device.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries. Errors: while all efforts are made to verify information presented here, inadvertent errors do occur from time to time and order arising from such errors can be declined.

ASUS Pick-Up & Return Service From Your Doorstep

Still trying to find the closest service centre?

Too busy to send your notebook for service by post or courier?

ASUS provides the service you need. Beyond our 2-year global warranty, we offer a premium Pick Up & Return Service for customers and dealers. For customers, this allows you to **request door-to-door service**, or you may just drop your ASUS notebook or tablet at your nearest retailer.

5 simple steps to apply ASUS Pick Up and Return Service.

1 Call 1300-88-3495 request for Pick up & Return Service

2 CSR (Customer Service Representative) will provide the Service Request number

Term and Conditions:

- (1) The Pick-Up & Return service applies to ASUS Notebook, Mobile and Tablet only.
- (2) The Pick-Up & Return service for defective unit within warranty period will be free of charge.

Rigorously Tested To Ensure Quality

Durability is a hallmark of ASUS design. With each project, ASUS engineers strive to create devices that exceed expectations in any environment—whether it’s commuting to work, or traveling in Arctic. To achieve the goal of incredible performance and reliability, ASUS notebooks undergo a series of rigorous tests.

Keyboard Test

Specially designed ASUS mechanisms perform tests to ensure durability and responsiveness over millions of keystrokes, with special emphasis on keys that are most often used.

Abrasion Resistance Test

Rear and front panels are exposed to friction tests to ensure that surfaces can resist scrapes or scratches.

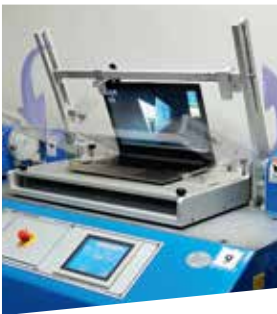

Noise and Audio Test

Designed with high-quality component seals for quiet cooling, notebooks undergo fan, hard drive, and power source noise tests, as well as an audio tuning process—all to ensure the quietest performance possible.

Panel Resistance Test

Panel resistance tests ensure that even the LCD display screen—the most vulnerable surface of any notebook—can endure unexpected bumps or pressure.

Enhanced Hinge Test

As a known point of vulnerability in any notebook, hinges undergo vigorous testing, consisting of tens of thousands of open-close cycles, to help ensure strength for the life of the device.

Vibration Test

Extensive vibration testing ensures that the notebook chassis assembly and all internal components remain securely attached and maintain integrity under even the most extreme travel conditions.

Shock Test

Tests simulating incidents that may occur during shipping help ensure that notebooks can withstand unexpected impacts.

Twist Test

Twist tests confirm that the notebook chassis retains structural integrity when uneven pressure or weight is applied.

Acceleration Test

Highly Accelerated Life Tests (HALT) simulate long-term effects of notebook use, allowing engineers to identify any possible design or component vulnerabilities.

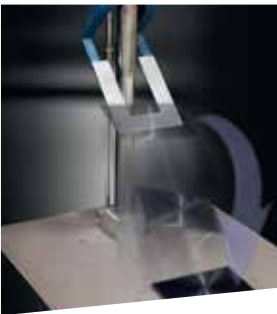

Port Test

Port tests ensure that contacts and plugs provide durable, smooth connections and data transfer—even in environments where ports are frequently used for connecting and disconnecting devices.

Extreme Environment Test

Extreme environment tests ensure consistent performance in any condition, including extremely high or low temperatures and humidity.

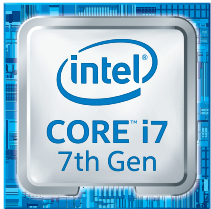

Drop Test

Drop tests help ensure that the chassis and internal components of each ASUS notebook are resistant to damage from unexpected drops.

ASUS ZenBook 3 Deluxe

The World's Most Prestigious Laptop, Enhanced.

14" For Executives | Entrepreneurs

Crafted to perfection. Never compromise.

ZenBook 3 Deluxe, featuring a gorgeous 14-in display in an elegant and compact chassis that's no bigger than many 13-inch laptops. Measuring just 12.9mm thin and weighing only 1.1kg. ZenBook 3 Deluxe has everything you need for superb on-the-go performance, including a 7th Gen Intel® Core™ i7 processor, up to 1TB PCIe® SSD, three USB Type-C™ ports — two of which feature Thunderbolt™ 3 — and a powerful quad-speaker audio system. ZenBook 3 Deluxe takes ZenBook 3 to the next level — for the ultimate prestige and performance.

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i7 processor.

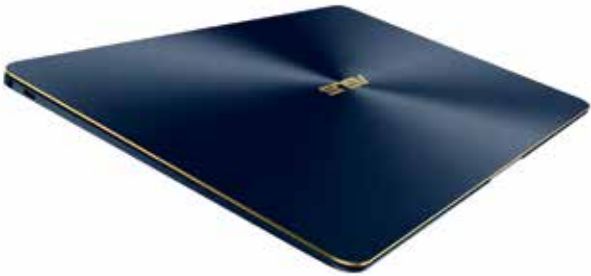

Ultrabook®, Celeron®, Celeron Inside®, Core Inside®, Intel®, Intel Logo®, Intel Atom®, Intel Atom Inside®, Intel Core®, Intel Inside®, Intel Inside Logo®, Intel vPro®, Itanium®, Itanium Inside®, Pentium®, Pentium Inside®, vPro Inside®, Xeon®, Xeon Phi®, and Xeon Inside® are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

Thin. Light. Larger Screen - A Perfect Balance Between Mobility and Productivity.

The chassis of ZenBook 3 Deluxe is the size of many 13-inch laptops — yet it features an extra-large 14-inch display. Fitting a 14-inch Full HD display into a 13-inch frame wasn't easy. One of the keys to achieving this for ZenBook 3 Deluxe is its ultra-narrow display bezel, which is just 7.46mm wide. Its 14-inch display is covered with a layer of Corning® Gorilla® Glass 5. At a mere 0.55mm thick, this super-tough material is stronger and more scratch-resistant than the previous generation. ZenBook 3 Deluxe is constructed from premium, aerospace-grade aluminum alloy, allowing the ZenBook 3 Deluxe to have an amazingly thin 12.9mm profile and a weight only 1.1kg.

12.9mm Ultra-thin 1.1kg Ultra-light 13" size Compact Design 14" Large Display

Unprecedented Performance

ZenBook 3 Deluxe is built to deliver unprecedented performance, using only carefully selected, best-in-class components. These include the latest 7th Generation Intel® Core™ i7 processor; up to 16GB of 2133MHz ultra-fast, power-saving LPDDR3 memory; an up to 1TB PCIe® 3.0 x4 SSD that is three times faster than SATA SSDs; and the latest Thunderbolt™ 3-enabled USB-C™ ports for up to 40Gbps data transfers, and dual 4K UHD support. So there's no need to worry about what you can or can't do with ZenBook 3 Deluxe — with this kind of power the sky's the limit!

Thunderbolt™: For Unlimited Possibility

ZenBook 3 Deluxe has three USB-C ports, and two of them incorporate the latest Thunderbolt™ 3 technology for versatile, ultra-fast connections. Thunderbolt 3 supports data transfers at up to 40Gbps, which is twice the bandwidth of Thunderbolt 2 and eight times faster than USB 3.0. The Thunderbolt 3-enabled USB-C ports also support power delivery. Additionally, Thunderbolt 3 delivers enhanced graphics options to improve productivity with support for dual 4K external displays. With Thunderbolt 3, your imagination is the limit.

Sound That Will Amaze You

To give ZenBook 3 Deluxe unsurpassed audio capabilities, the ASUS Golden Ear team cooperated with audio specialists Harman Kardon. The results are astonishing. ZenBook 3 Deluxe has an array of four separate high-quality speakers designed to deliver true surround-sound that envelops you with cinema-quality audio. A special four-channel smart amplifier ensures maximum volume with zero distortion, for powerful, clear sound. ZenBook 3 Deluxe delivers the most incredible sound you've ever heard on an ultra-slim laptop!

ASUS ZenBook 3 Deluxe UX490UA

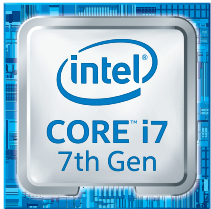

- Intel® Core™ i7-7500U Processors
- Windows 10 Home
- 14" IPS FHD (1920x1080) resolution with 7.46mm slim bezel
- Super thin and light: 1.1 kg and just 12.9mm thin
- Aerospace-grade aluminum alloy, 50% stronger than industry standard
- Edge-to-edge Super-slim 0.55mm Corning® Gorilla® Glass® 5
- Ultra-fast NVMe 1TB PCIe x4 Gen 3 SSD

ASUS ZenBook Flip S

The world's thinnest convertible laptop.

13.3" For Young Executives | Young Professional | Working People

360° convertible laptop designed to go anywhere

ASUS ZenBook Flip S is one of the world's thinnest and lightest convertible laptops, designed for anywhere and everywhere. It combines elegant sophistication with the convenience and versatility of a 360°-flippable display. This ultra-thin, ultra-light convertible is a stylish laptop, a handy tablet — or anything in between. Its Intel® Core i7 processor lets you sail through everyday computing tasks with ease. And it supports a stylus, so it's your perfect partner for Windows 10!

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i7 processor.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

Ultra-thin and light

ASUS ZenBook Flip S is a timelessly elegant masterpiece, exquisitely crafted from solid aluminum. The chassis is forged from a single block of metal that's carefully honed until it's a mere 10.9mm thin. Weighing just 1.1 kg, it's effortlessly portable. And because it's made from premium, aerospace-grade aluminum, it's lighter than standard laptop alloy but 50% stronger.

ASUS Pen & Windows Ink

Artists, photographers and designers will love the endless possibilities that ZenBook Flip S has to offer. With full support for the ASUS Pen and Windows Ink, it's the perfect choice for creativity. ASUS Pen is an active stylus with a slim and elegant aluminum design and a premium feel. It's the perfect accessory that allows you to accurately draw, write or annotate in any supported app. Windows Ink allows you to create sticky notes, capture ideas and details — as they happen. You can even take a screenshot and share it in one click.

1024
pressure levels

10 - 300g
pen-tip force

Intuitive, natural and effortless: that's how we want your interactions with ZenBook Flip S to be. Jot down your notes and ideas, annotate photos that you've taken with ZenBook Flip S's camera, or simply indulge your artistic creativity.

Completely connected

ZenBook Flip S includes all the accessories you need for a perfect mobile experience. A black leather sleeve keeps it safe from scratches, and an all-in-one USB-C™ Universal Dock gives you all the ports you need, including an SD card reader, LAN, VGA, HDMI, standard USB 3.0 and a USB-C™ port for charging. Connecting to all your devices at home or in the office is incredibly easy with ZenBook Flip S.

Lighten your load

ZenBook UX430 is designed to go wherever your busy lifestyle takes you — whether it's a hectic round of meetings, a crammed international schedule, or a well-deserved vacation. Its sleek and compact 13-inch chassis is a briefcase-friendly 15.9mm thick, and its advanced lightweight construction keeps the weight down to just 1.25 kg — so it'll never be a burden when you're on the go.

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i7 processor.

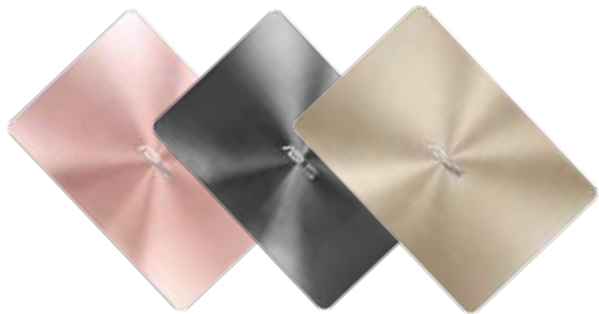

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

13" size Compact Design 14" Full HD Large Display

NanoEdge Display: It's Smaller. And Bigger!

The stunning 14-inch Full HD NanoEdge display has an ultra-narrow 7.18mm bezel that allows it to fit into a svelte 13-inch chassis. To maximize your viewing comfort, the NanoEdge display also has a matte anti-glare coating that reduces annoying reflections. The result is a laptop with an impressive 80% screen-to-body ratio* that minimizes size while helping you maximize productivity — so you can see and do more, while carrying less!

Exclusive Colors, Crystal-like Finish

ZenBook UX430 is available in three gorgeous colors to match your style — Rose Gold, Quartz Gray and Shimmer Gold — and the aluminum-alloy lid features the iconic ASUS spun-metal finish. The Zen-inspired, concentric-circle design is enhanced with a stunning crystal-like coating that's created using an advanced technique known as nano-imprinting lithography.

More performance, less waiting

ZenBook UX430 is a 13-inch laptop built for no-compromise performance that outshines any rivals. At its heart is up to the latest Intel® Core™ i7 processor, up to 16GB of high-speed DDR4 RAM. It also features 512GB of SSD storage for super-fast app loads and near-instant boot times. Whether you're creating big documents, manipulating photos, editing videos, or simply taking a gaming break, ZenBook UX430 will never keep you waiting.

Mobility without bounds

ZenBook UX430 lets you get connected faster and further with the latest dual-band 802.11ac Wi-Fi. At speeds of 867 Mbps, 802.11ac Wi-Fi is up to 6x faster than 802.11n! Bluetooth® 4.1 lets you connect your favorite devices with less impact on battery life. ZenBook UX430 gives you the freedom to do whatever you need to do, wherever you want to do it!

802.11ac

Supremely Thin, Enduringly Elegant.

The all-new ZenBook UX410 brings you elegance, sophistication and superb performance in a gorgeously slim and light design. Crafted from solid aluminum and featuring our iconic spun-metal Zen-inspired finish, ZenBook UX410 is a mere 18.95mm thin. And its travel-friendly weight of just 1.6kg means taking it with you is never a burden, and clear 14-inch wide viewing angle display and 6mm slim bezel. Featuring the latest generation of Intel® Core™ processors, powerful graphics and super-fast storage.

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i5 processor.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

6 mm Slim Bezel Display

The stunning up to FHD 14-inch display gives your eyes a visual treat, whether you're reading text, viewing photos or watching videos. The amazing resolution makes photo or video editing so much easier, with an incredible pixel density of 276 pixels per inch, every tiny detail pin-sharp and crystal-clear. And when you're web browsing, everything —even the smallest text — is easily visible!

Ultra Sleek. Ultra Elegant

The ZenBook Series practically invented thin and light, and ZenBook UX410 continues that proud heritage, featuring a timelessly elegant all-new design with a profile that's just 18.95mm thin. Using solid aluminum alloy keeps the weight down to just 1.6kg, but it takes dozens of precisely-controlled manufacturing steps to craft it into its sleek shape.

Outstandingly Comfortable Backlit Keyboard.

ZenBook UX410's full-size backlit keyboard is sturdily constructed in a single piece for a superb typing experience. It's a masterpiece of ergonomics, with an optimized 1.6mm key travel for a comfortable feel. The gentle backlight ensures easy use in low-light conditions.

ASUS VivoBook S

Beyond the edge.

15.6" For Working People | Young Smart Fun | Students

Unmatched performance. Stylish portability.

The 15.6-inch ASUS VivoBook S combines powerful performance with stylish aesthetics. Its thin and lightweight chassis is finished in metallic Icicle Gold, and features the ultra-narrow NanoEdge bezel for a larger display area for more immersive viewing. And when it comes to performance, the VivoBook S won't be found wanting thanks to the latest Intel® Core™ i7 processor with up to 16GB DDR4 memory and MX150 graphics.

8th Gen Intel® Core™ processors:
Designed for what's coming next.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

Stylish and compact design to keep you on the go

ASUS VivoBook S has an eye-catching metallic Icicle Gold finish, slim 17.9 mm profile and weighs just 1.7 kg. It is perfect for those constantly on the go, and easily fits into a messenger bag or backpack.

Designed for performance

VivoBook S is powered by 8th Generation Intel Core i7-8550U processor with up to 16GB DDR4 2133Hz memory for super-smooth multitasking performance, and features MX150 graphics. Its double storage drive design provides you with up to a 2TB HDD to store your music and media libraries, and up to a 512GB SSD for faster boot-up and app loading times.

Designed for faster and reliable Wi-Fi

Dual-band 2x2 802.11ac Wi-Fi provides you with up to six times faster data speeds over the previous 802.11n Wi-Fi standard for unmatched online experiences.

Designed for ergonomic

Backlit keyboard keeps you productive under any lighting conditions, while the integrated fingerprint sensor keeps your data safe and offers easy one-touch, password-free login with Windows Hello.

ASUS VivoBook S ▶▶▶

Immersive visuals

ASUS VivoBook S is the first laptop in its class to feature the slim-bezel NanoEdge display. This innovative design results in a 7.8 mm thin bezel that gives VivoBook S an 80 percent screen-to-body ratio for truly immersive visuals.

In addition, VivoBook S has an IPS panel with 178° wide-view technology for astonishing visuals, even when viewed from extreme positions.

ASUS VivoBook S S510UQ

- Intel® Core™ i7-8550U Processor (8M Cache, up to 4.0GHz)
- Windows 10 Home
- MX150
- LPDDR3 4G On board memory, SATA3 128G M.2 SSD Storage
- SATA 1TB 5400RPM 2.5" HDD
- 15.6" full HD (1920x1080) resolution with NTSC 178° wide view angle
- 1.7kg and has an amazingly thin 17.9mm profile
- NanoEdge Display 7.8mm slim bezel with 80% screen-to-body ration
- Interface: 1 x USB 3.0, 1 x USB 3.1 (Type C Gen1), 2 x USB 2.0, 1 x HDMI, 1 x Fingerprint, 1 x Microphone-in/Headphone-out jack
- Built-in speaker & microphone
- 802.11ac+Bluetooth 4.1 (Dual band) 2*2
- Multi-format card reader (SD/SDHC)
- Fingerprint sensor for one-touch access with Windows Hello
- ASUS Tru2Life Video technology
- IceCool Technology
- 3x longer lifespan than standard Lithium-ion cylinder batteries
- Metallic design with Icicle Gold color
- 2 years global warranty

Sonic Studio II

WORLD'S SLIMMEST GAMING LAPTOP WITH GTX 1080

ROG Zephyrus is a revolutionary gaming laptop born from ROG's persistent dedication to innovation. Despite being thinner than all previous ROG laptops, it has the hardware to rival high-end gaming desktops: GTX 1080 graphics with Max-Q design, a 7th Generation Intel® Core™ processor, an optional 120Hz wide-view display, and Windows 10.

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i7 processor.

SLIM AND SLEEK

ROG Zephyrus takes thin-and-light gaming laptops to a whole new level. It has a slim profile just 16.9-17.9 mm thin and weighs only 2.2kg.

Active Aerodynamic System (AAS)

PLAY IT COOL

ROG-exclusive Active Aerodynamic System (AAS) includes several enhancements to make the cooler more effective, improving internal airflow and allowing the fan to spin slower and quieter while maintaining low temperatures. We also adjusted the shape of the intake to reduce noise levels further and make the acoustic profile less obtrusive. Zephyrus runs cool enough to avoid throttling and quiet enough to enjoy your game.

We also adjusted the shape of the intake to reduce noise levels further and make the acoustic profile less obtrusive. Zephyrus runs cool enough to avoid throttling and quiet enough to enjoy your game.

MAKE YOUR KEYBOARD UNIQUE WITH AURA RGB

ROG Zephyrus' keyboard is positioned at the front of the chassis to allow better cooling for the internal components and offer a more comfortable, familiar position for gamers accustomed to desktop keyboards. Aura RGB lighting lets you customize colors and dynamic effects for the entire keyboard, and you can adjust the QWER and WASD clusters separately to adapt to MOBA, FPS, and other games. Anti-ghosting tech ensures your commands are interpreted instantly and correctly – even if you hit up to 30 keys simultaneously. The ergonomically designed keys have 1.4mm of travel for greater comfort and accuracy when gaming and typing. With an expected lifetime of 20 million presses, the keys offer exceptional durability and reliability for heavy use.

THE ALL-NEW ROG STRIX MODERN ART, IN BLACK AND RED

The all-new Strix GL703 is as sleek in appearance as it is strong in performance. Its understated, black brushed-metal cover conveys an inner focus and sophistication possessed by the most dedicated players — those who know how to keep their calm during even the most ferocious confrontations. In contrast, the deep, rich red of the thermal fin represents the blood let in search of victory, while the bold indentation and hairline-pattern finish on the lid projects Strix GL703 as a piece of modern art.

AGILE GAMING FIREPOWER

Strix GL703 is renowned for outstanding portability and superior performance: Weighing only 2.9kg, and with a thin 2.4cm profile, Strix GL703 packs agile gaming firepower that allows you to enjoy gaming anytime and anywhere.

STUNNING VIEWS

Strix GL703 features a brilliant wide-view panel that's up to 50% brighter than competing models, and it offers a 100% sRGB color range — so it's perfect for all game genres. Strix GL703 also comes with ROG GameVisual, an easy-to-use tool that contains six presets that apply your preferences for a variety of game genres, enhancing sharpness and color performance. You'll enjoy sharp, clear imagery with accurate, consistent color from all viewing angles — for gaming experiences that bring you closer to reality!

LIGHT' EM UP WITH AURA RGB

Strix GL703 features built-in Aura RGB illumination technology, so you can fully customize the backlighting to match your gaming style or mood! The newly designed four hot keys are for in-game convenience and speedy control: With mute, volume up/down, and ROG Gaming Center buttons right where you need them, full control is at your fingertips. The keyboard features a highlighted WASD key group and anti-ghosting technology with n-key rollover to ensure that your inputs are tracked precisely, no matter how many keys are pressed; and the 0.25mm-deep keycap curve is precisely shaped for typing accuracy.

OPTIMIZED SOUND QUALITY

SMART AMPLIFIER TECHNOLOGY

Strix GL703 treats your ears to audio that you won't forget! Built-in smart amplifier technology delivers louder in-game audio — up to 200% higher volume — and minimizes distortion to ensure smooth operation. The system automatically monitors and reduces intensity of output to prevent potential damage from overheating or overloading.

THE ALL-NEW ROG STRIX ONLY FOR TOP SHOOTERS

Your every twitch, target and takedown are deeply infused into Strix SCAR Edition, a war machine meticulously designed to support and enhance your shooting skills for even more kills. Taking both its name and design inspiration from the combat assault rifle packed by special forces and used in warfare, Strix SCAR Edition is crafted in gunmetal gray and finished with the cold, dark feel of bullet-proof Kevlar — an outward projection of your inner calm, focus and precision. Bulk would compromise your enviable agility and performance, so all this lethal firepower is packed into compact body that's as thin as 2.3cm and as light as 2.5kg!

SHARPER FOCUS. ACCURATE SHOTS.

The difference between defeat and victory is measured in fractions of a second. Strix SCAR Edition upgrades your vision, with an IPS-level display with a 144Hz refresh rate to deliver smooth, accurate visuals, as well as eliminate lag and motion blur. The 300cd/m² panel ensures 20%-brighter visuals than low-end IPS panels from competitors. Strix SCAR Edition can also be specified with a 120Hz display with 5ms response time. Give your aim an upgrade, and sharpen your sights for the crucial moment of the shot!

* Specifications may vary according to configuration.

SIDE-FIRING SPEAKERS FOR UPGRADED AUDIO SENSING

Strix SCAR Edition delivers clearer, louder, and more accurate audio so every action sounds real, all powerfully delivered through two expansive side-firing speakers. With this immersive stereo audio, even the quietest sounds can be heard, so you'll pick up on every hidden movement. Smart-amplifier technology monitors the audio output and makes real-time adjustments, so you can pump up the volume without worrying about damaging the cones — and that makes output up to 200% louder than before, with increased dynamic range and bass. ROG's Sonic Studio even offers in-game noise cancellation and voice-volume stabilization, boosting everything you can hear to enhance your performance. Every little advantage aids your march to victory — and Strix SCAR Edition ensures you hear every precise audio cue!

ROG GT51

THE POWER AND THE GLORY.

Intel Performance with Full-Core Overclocking

With a 7th Generation Intel Core i7-7700K processor, ROG GT51CH is armed for victory. ROG engineers handpicked the processors and subjected them to a 40-hour aging process before carefully tuning them to achieve performance figures that are 14% faster than anything else on the market.

3-Way Cooling Solution

To cope with the cooling demands of such a high performance machine, ROG designers created a three-way cooling solution that caters to each heat-generating component. The Hydro Overclocking System cools the CPU to ensure rock-solid stability during overclocking, while a dedicated air channel helps cool the GPU. Additionally, the power supply unit, found in the bottom corner of the chassis, has its own isolated airflow design.

Light it up with ASUS AURA

ROG GT51CH features dynamic ASUS Aura lighting effects across its parallel light strips, iconic ROG logo and central air intake. ASUS Aura can be customized in up to 8 million different colors to suit the feel of the game you're currently playing. There's even a pre-set OC mode that automatically activates when you overclock the system.

Taking Mind-Blowing Visuals To The Next Level

ROG GT51CH supports up to GTX 1080 2-way SLI graphics to generate stunning 4K UHD gaming worlds. In product development tests, the GT51CH performed 60% better than a GTX 980 SLI-equipped system.

CPU Overclocking

SHEDDING LIGHT ON UNCOMPROMISING PERFORMANCE

ASUS G11 is designed for casual gamers who want a high-performance gaming platform that doesn't break the bank. Powered by a 7th Generation Intel® Core™ processor and up to a GTX 1070 graphics card, the G11 brings exceptional processing power and mind-blowing visuals to the table. It looks the part, too – with an aggressive design and customizable ASUS Aura lighting effects.

Intel Core Processors For Remarkable Gaming Experiences

A 7th Generation Intel Core processor unleashes unprecedented levels of gaming and multi-tasking performance. ASUS G11 has the power to make light work of the most processor-hungry tasks: Play the latest games, watch videos in 4K UHD, or run 3D modeling programs – the G11 can handle it all.

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i7 processor.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

ASUS VivoBook Max

Immersive Sound. Powerful Performance.

14" For Student | Working People | Young Executives

Surround Yourself With Incredible Sound

ASUS SonicMaster audio, incorporating ICEpower® technology, gives VivoBook Max laptops crystal-clear sound delivery. VivoBook Max laptops feature 3W speakers with 24cc sound chambers, and a special transmission line design to provide rich, deep bass and distinct vocals. On top of that, they're fine-tuned to give you clearer dialog and true-to-life surround sound.

Long-life Battery Technology

ASUS SuperBatt technology helps extend the lifespan of your battery to last three times longer than conventional Li-ion batteries. This increased lifespan means fewer replacements, which as well as being environmentally- friendly, also saves you money.

Intel Inside®. Better Experiences Outside.
Powered by Intel® Celeron® processor.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

ASUS VivoBook Max X441UV

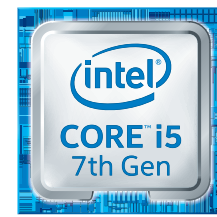

- Intel® Core™ i3-6006U Processor

ASUS A·SERIES

Expressive colors. Exceptional performance.

15.6" For Student | Working People | Young Executives

Expressive Colors. Stunning Finishes.

Designed for daily computing, the stylish ASUS A Series comes in multiple expressive colors and a variety of textured finishes to make sure you stand out from the crowd. Asus

A Series feature elegant glossy, spun- or premium brushed-metal-effect finish chassis and are available in four expressive colors: Chocolate Brown, Navy Blue, Glamour Red, and Icicle Gold.

Intel Inside®. Extraordinary Performance Outside.
Powered by Intel® Core™ i5 processor.

Ultrabook, Celeron, Celeron Inside, Core Inside, Intel, Intel Logo, Intel Atom, Intel Atom Inside, Intel Core, Intel Inside, Intel Inside Logo, Intel vPro, Itanium, Itanium Inside, Pentium, Pentium Inside, vPro Inside, Xeon, Xeon Phi, and Xeon Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

Stays Cool, Even After Hours of Use

ASUS IceCool Technology gives A Series a unique internal design that addresses uncomfortable heating issues by preventing heat build-up under the palm rest. This keeps the palm rest surface between 28°C to 35°C – significantly lower than body temperature. An exclusive internal layout places heat producing components away from you, and when combined with exceptional cooling from the heat pipes and vents, ensures you stay comfortable even after long hours of use.

ASUS A556UQ - Multicolor

- Intel® Core™ i5-7200U Processor
- Windows 10 Home
- 15.6" FHD (1920x1080) LED backlit
- 940MX with 2GB VRAM
- 4GB Memory
- 1TB SATA HDD
- Multi-color design, 2014 Good Design Awards
- WiFi 802.11b/g/n / Bluetooth 4.0
- ASUS Eye Care support, reduce up to 33% blue light level
- 2.3 kg (with Polymer Battery, 2.5x longer better lifespan)
- 2 years global warranty

- HDMI port
- SonicMaster
- WiFi 802.11ac

The Art of Performance, With Boundless Vision

ASUS Zen AiO ZN242 is a premium 23.8-inch all-in- one PC that's unlike any other. From its frameless NanoEdge display to its impossibly slender solid-metal stand, Zen AiO ZN242 is a masterpiece of design that pushes the boundaries of what's possible to give you the ultimate all-in- one computing experience.

Vision, taken to the edge

The beautiful 23.8-inch frameless NanoEdge display on ASUS Zen AiO ZN242 features a 2mm-thin bezel that gives you the biggest screen in the smallest possible space: In fact, its world-beating 90% screen-to-body ratio means that it's similar in size to some 22-inch models! This amazing display delivers an unbounded, totally immersive visual experience, in an incredibly compact package.

*Bezel dimension excludes non-viewable area.
