

THE LENOVO® THINKSERVER® TS430

A HIGHLY AFFORDABLE, FEATURE-RICH SERVER

INCREDIBLE PERFORMANCE WITH LATEST INTEL® XEON E3-1200 V2 TECHNOLOGY -- UP TO 30% FASTER VS. PREVIOUS GENERATION

HIGHLY RELIABLE WITH POWERFUL SAS RAID AND REDUNDANT POWER SUPPLY CHOICES

OUTSTANDING MANAGEABILITY WITH THE THINKSERVER MANAGEMENT MODULE WITH OPTIONAL IKVM.

ENORMOUS ROOM TO GROW WITH UP TO 24TB (SATA) OR 7.2TB (SAS) STORAGE CAPACITY WITH UP TO 8 HOT SWAP DRIVES

ENTERPRISE-TOUGH DESIGN, WHISPER-QUIET AND ENERGY EFFICIENT PERFORMANCE THAT'S IDEAL FOR DEMANDING RETAIL OR FRONT OFFICE DEPLOYMENTS

OUTSTANDING MANAGEABILITY AND SCALABILITY TO PROVIDE UNBEATABLE VALUE FOR BUSINESSES LARGE OR SMALL

IMPROVED FEATURES OF TS430

- Faster performance with latest Intel Xeon E3-1200 v2 processors
- Greater scalability with new 3TB SATA and 900GB SAS choices
- Improved RAID protection with new ThinkServer RAID 700 adapter and battery backup
- Greater I/O choices with new quad port ethernet adapter
- New, retail-ready component choices like parallel ports, high speed USB 3.0 and serial ports
- Expanded operating system support with Microsoft Multipoint Server
- Expanded availability to dozens of new countries

The ThinkServer TS430 combines latest Intel® Xeon performance, legendary Think quality and powerful manageability tools to deliver a feature-rich, scalable and highly reliable server solution for Managed Solution Providers (MSPs), branch offices and small businesses.

Combining sophisticated SAS RAID, up to 8 hot swap drives and redundant power choices, the TS430 offers small businesses a scalable tower solution with plenty of room to grow. Its powerful IPMI 2.0-compliant ThinkServer Management Module with available iKVM allows MSPs to remotely and cost effectively manage end user environments.

An expansive options and services portfolio make it easy to customize the perfect TS430 for your needs. Choose from an extensive array of hard drive choices, memory, RDX solutions and RAID protection – all ThinkServer-tested and proven. TS430 offers feature-rich performance in an Energy Star-certified, whisper-quiet compact tower chassis -- perfect for retail or back office applications.

AN INCREDIBLE, SOPHISTICATED PERFORMER

The ThinkServer TS430 combines the performance you demand with highly affordable choices and plentiful channel inventory.

- Up to 30% faster performance than the previous generation of Intel Xeon processors. With Turbo Boost 2.0, you get extra processing speed when applications demand it.
- Save on power consumption with the new Intel® Xeon® E3-1200 v2 series processors, without compromising on performance.
- Lightning-fast data speeds for outstanding performance choose the ThinkServer RAID 700 adapter with battery backup. Its 0/1/5/10/50/6/60 RAID capabilities deliver vault-safe protection for your peace of mind.
- A complete solution portfolio of ThinkServer tested and proven options and storage choices from trusted partners like TrippLite, Tandberg and many more. And, with plentiful channel inventory each week you'll enjoy quick delivery and outstanding prices.

INDUSTRY-LEADING GREEN ATTRIBUTES

The ThinkServer TS430 combines enterprise-grade stability and performance with extensive green features.

- Whisper-quiet noise levels, making it easy to deploy the TS430 without a dedicated server room. Use the TS430 in retail deployments, front office, or back office applications, without disrupting the work environment.
- Extensive energy efficiency certifications and ratings, with RoHS and Climate Savers certifications, along with Energy Star 1.0 for servers.
- Substantial recycled materials used in design, with a significant percentage from post-consumer recycled content.

CUSTOMER SCENARIOS

The Server Solution for Managed Service Providers (MSPs)

The ThinkServer TS430 delivers world-class Think quality and outstanding reliability, allowing MSPs to extend their service offerings effortlessly to servers.

Out-of-band management has never been easier or more effective with the ThinkServer Management module – a powerful BMC solution that's IPMI 2.0-compliant and loaded with remote manageability features.

The TS430 offers huge capacity and blazing-fast SAS RAID and data protection — perfect for MSPs entrusted with their customer's data and network management.

The TS430 is designed for 24x7 operation and unwavering reliability. The enterprise-tough chassis offers SAS or SATA hot swap drives, and durable ECC memory, for outstanding data integrity and peace of mind.

The Server Solution for Small and Medium Businesses

Small businesses need the server-class capabilities that large enterprises enjoy, but without the high costs of acquisition and exorbitant operational costs.

The ThinkServer TS430 offers server-class hardware designed specifically for 24x7 operation and rich manageability yet remains highly affordable. Remote IT management has been made easier as well, with the ability to remotely control, power on/off, and monitor the server.

Energy Star compliance on the TS430 saves you up to 30% in energy costs, compared to previous generation servers. With its whisperquiet operation, the TS430 is an ideal fit for retail or front office deployments — without need for a dedicated server room!

AN INTELLIGENT, RELIABLE SOLUTION

The ThinkServer TS430 is built to meet your demanding 24x7 application needs, with energy efficient performance and unmatched value.

- Redundant, high efficiency Power Supplies let you work without having to worry about system failures because of power loss.
- Stable, powerful performance with up to 8 hot-swap SAS or SATA Hard Drives, durable ECC memory, and blazing fast SAS RAID performance and protection supporting 0/1/5/10/50/6/60 configurations. For unbeatable protection, choose the ThinkServer RAID 700 adapter with optional battery backup.
- Extraordinary remote manageability features the ThinkServer Management Module that's IPMI 2.0-compliant and loaded with manageability tools to remotely manage your TS430.

The Server Solution for Corporate Branch Offices

For corporate branch offices with limited IT staff, the ThinkServer TS430 helps make work simpler. Easy Startup allows for rapid deployment, while ability to self-monitor health with automated issue alerts streamlines work of the central IT department. With remote monitoring and troubleshooting capabilities, the TS430 keeps branch office functioning at peak levels.

Customize your TS430 with enormous SAS or SATA storage and powerful SAS RAID solutions when you demand critical data protection. Combining Xeon performance with highly affordable prices, the TS430 is a powerful, dependable, economical solution – the perfect fit for your business.

The Server Solution for Retail and Point-of-Sale Deployments

Your retail transactions are paramount to your business -- every transaction matters. Uptime isn't negotiable and transaction processing must be rapid, reliable and predictable. And, you need all these features in a solution that won't break your budget. Consider the Think Server TS430 -- it's ideal for demanding retail and pointof-sale deployments. The TS430 offers an impressive suite of I/Ochoices like modem ports, high speed USB 3.0 and parallel ports. And, for exceptional ethernet expansion, consider the quad port ethernet adapter. Built on reliable Intel technology, it features the bandwidth you demand at prices friendly on your budget. Yet, TS430 is more than simply rich I/O. It delivers dynamite performance with the latest generation Intel Xeon E3-1200 v2 processors, and offers huge SAS/ SATA capacity. And, to safeguard your data, the TS430 offers the powerful ThinkServer RAID 700 adapter with optional battery backup. Combining all these choices in a platform starting at \$699, and TS430 represents a compelling choice for retail deployments.

ThinkServer 450W Hot Swap Redundant Power Supply (67Y2625)

- · Enjoy peace of mind and high availability in the event of a single power supply failure
- · Powerful yet energy efficient performance
- · Simple, easy installation and service

ThinkServer RAID 500 Upgrade Key for Advanced RAID (0A89407)

- Low cost, green SATA/SAS RAID solution
- RAID levels 5
- 6Gb/s per port data transfer rates provides blazing-fast performance

ThinkServer RAID 500 Adapter II - 0A89464

ThinkServer RAID 500 offers small to medium sized businesses the latest RAID technology at affordable prices with low power consumption.

- · Low cost, green SATA/SAS RAID solution
- · RAID levels 0. 1. 10
- 6GB/s per port data transfer rates provide blazing fast performance
- · Selectable logical drive as boot drive
- · Automatic rebuild of hot spare drives
- · Auto resume during array build
- · Online Capacity Expansion
- · Online RAID Level Migration
- · SafeStore Encryption Services
- · SMART support

ThinkServer RAID 700 Adapter II - 0A89463

The ThinkServer RAID 700 solution provides a new level of reliability, availability, and performance to businesses that are facing storage challenges driven by unprecedented data growth.

- Eight internal 6Gb/s SATA+SAS ports
- · Support for 3Gb/s and 6Gb/s SATA and SAS hard drives
- Two Mini-SAS internal connectors (SFF-8087)
- · 512MB 800MHz DDRII cache memory
- · Optional battery backup module (PN: 67Y2647)
- · RAID Levels 0, 1, 5 and 6
- RAID Spans 10, 50 and 60
