Yale Assure Lock® Interconnected electronic locksets combine Yale Assure Lock® electronic deadbolts with the convenience of a passage lever assortment for panic proof egress. From the inside, both the latchbolt and the deadbolt are retracted simultaneously in a single motion for a quick and easy exit.

Select from the Yale Assure Lock Interconnected Push Button, Touchscreen, or Key Free for convenient levels of effortless access. This is a significant benefit to multi-family and multi-unit projects commonly requiring re-keying. Push button and touchscreen deadbolts with key override offer keyless options as well as keys for multi-family environments. Go totally key free with an Assure Lock key free model and eliminate the hassle of re-keying.

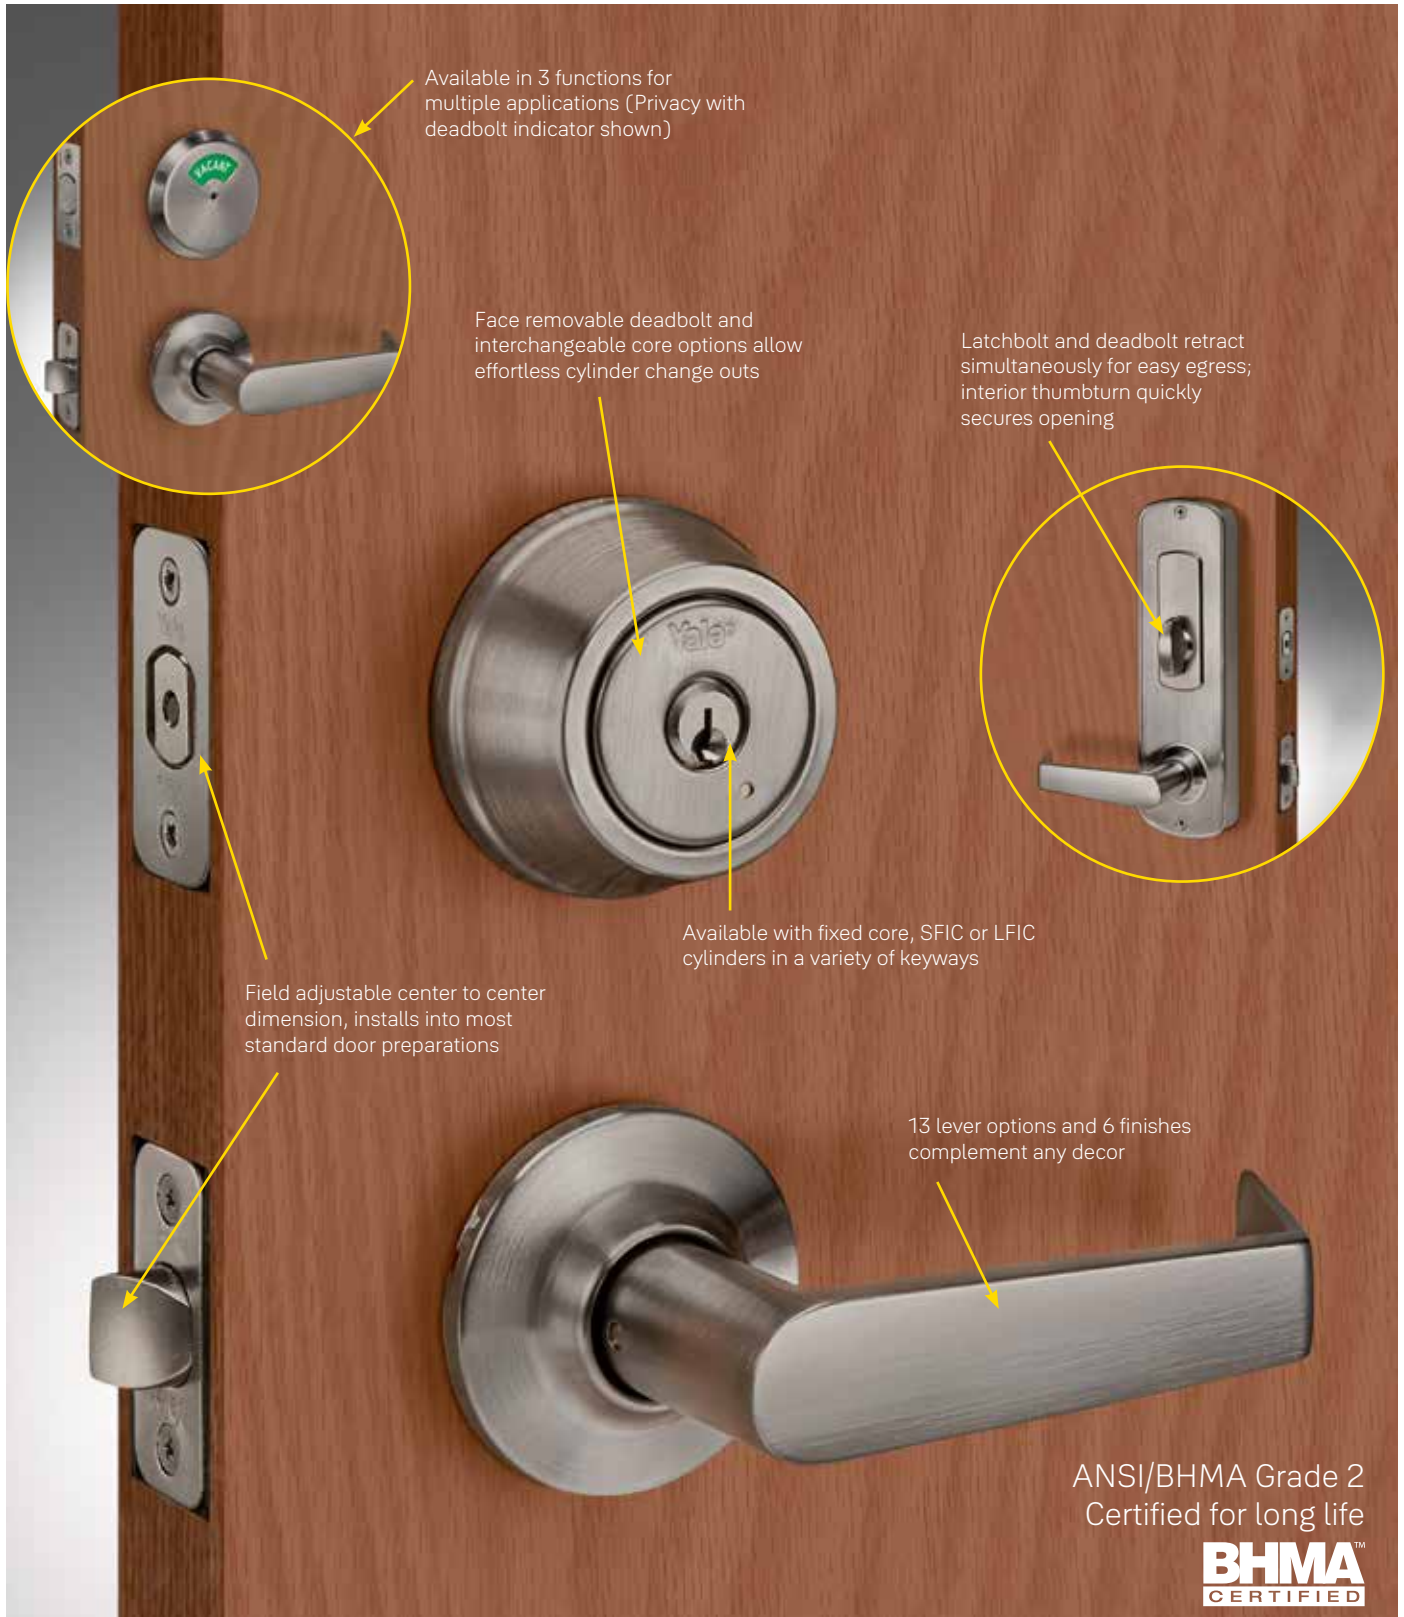

The Yale YH Collection® mechanical interconnected locksets combine our integrated leverset with the added safety and security of a deadbolt. From the inside, both the latchbolt and the deadbolt are retracted simultaneously in a single motion for quick and easy egress.

The YH Collection face-removable and interchangeable core design provide easy access to the cylinder without having to remove the deadbolt from the door. This is a significant benefit to multi-family projects commonly requiring re-keying.

Community Service
Yale is Habitat for Humanity's national lockset partner and has helped families build strength, stability and self-reliance since 2001.

YH Collection® Mechanical Interconnected Locksets

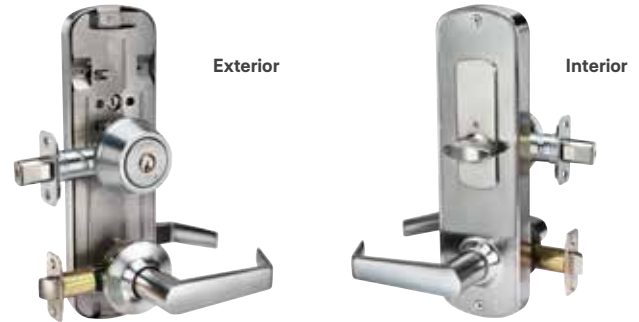

YH Collection® Mechanical Interconnected Locksets

Features

- 2 functions, 14 lever designs and 5 finishes
- Field adjustable from 4" to 5-1/2" center to center
- ANSI/BHMA A156.12 Grade 2 certified
- UL/cUL listed for 90 minute fire doors
- Available with fixed core (Can be ordered as conventional cylinder or SFIC or LFIC cylinder less core.)
- Field reversible handing
- Three year warranty

Passage Lever with Fixed Core Cylinder Shown

Specifications

Door Specs	2-1/8" (54mm) face bore, 1" (25mm) edge bore, 4" (102mm) or 5-1/2" (140mm) center to center
Backset	2-3/8" (60mm) or 2-3/4" (70mm)
Door Thickness	1-3/8" (35mm) to 1-3/4" (44mm)
Handing	Field reversible
Latch Faceplate	1" (25mm) W x 2-1/4" (57mm) H; radius corner standard, square corner available to order
Strike	2-1/4" (57mm) Full Lip Lockset and 1-1/8" (29mm) W x 2-3/4" (70mm) H Deadbolt; Radius Corner standard, other strikes available to order.
Cylinder	KW-1 compatible standard, other cylinders/keyways available to order
Keying	KD (Keyed Different) standard, master keying available to order
Packaging	Box pack
ADA	Conforms to ADA requirements for barrier free access when installed at the correct distance from the finished floor
ANSI/BHMA	Certified ANSI/BHMA A156.12, Grade 2
UL/cUL	Listed for 90 minute fire doors
Warranty	Three years

Applications

- Multi-family residences
- Assisted living facilities
- Public restrooms
- Offices and small business applications

Mechanical

Sample Architectural Specification

All locksets shall be YH Collection® Mechanical Interconnected Lever Locksets provided by Yale Locks & Hardware.

All locksets shall have a simultaneous retraction of latchbolt and deadbolt with a single motion of turning the lever handle.

Locks shall have an interlocking tubular chassis and latchbolt. Chassis mounting screws shall be concealed and accessible only when the levers and roses are removed.

The latchbolt shall have a 1/2" (13mm) throw and entry functions shall include a deadlocking feature to inhibit manipulation when the door is locked.

All locksets shall be adjustable for 1-3/8" (35mm) and 1-3/4" (51mm) door thickness.

All mechanical locksets shall be adjustable for 4" (102mm) and 5-1/2" (140mm) center to center dimension.

Levers shall operate independently and shall have inside and outside lever return springs to prevent lever sag.

All locksets shall include a mechanical cylindrical deadbolt.

All locksets shall be furnished with two keys. All cylinder plugs shall be brass and furnished with 6-pin chambers for master keying capabilities.

All lockset shall be furnished in standard ANSI/BHMA architectural finishes.

Certification:

ANSI/BHMA A156.12, Grade 2

UL/cUL 1-1/2 Hour Fire Rating

ANSI A117.1 Accessibility Code

All locksets shall carry a three-year mechanical warranty.

Yale Assure Lock® Interconnected Locksets

Yale Assure Lock® Interconnected Locksets

Features

- 12 lever designs and 3 finishes
- Available in push button, touchscreen or key free
- 4" or 5-1/2" center to center
- ANSI/BHMA A156.12 Grade 2 certified
- Available with fixed core or SFIC
- Field reversible handing
- Three year warranty on mechanical operation. One year on finish and electronics.

Note: Other Yale Commercial keyways and cylinder mechanisms available separately. Contact customer service for availability.
605 finish cylinders used with 605, 613E and 10BP finish locks.
626 finish cylinders used with 619 and 626 finish locks.
Specify finish and keying when ordering.

Interchangeable Core

Small Format

Small format interchangeable core is available.
 (Can be ordered as conventional cylinder or SFIC or LFIC cylinder less core.)

To order, specify "x SFIC-LC" for cylinder.
 i.e. AU x YR852 x SFIC-LC x 4" x 626

For entry functions, SFIC is available with for AU, MO and PB designs only. Mechanical only.

All units will be provided less core. Model number A600 or K600 cores can be ordered separately through Yale Commercial.

Large Format (Mechanical Only)

Yale Commercial large format interchangeable core is available for passage function.

To order, specify "x LFIC-LC" for cylinder.
 i.e. AU x YR852 x LFIC-LC x 4" x 626

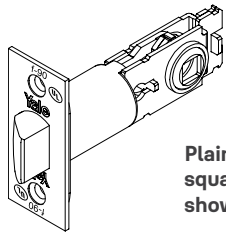

All units will be provided less 6-pin core only.
 LFIC cores can be ordered separately through Yale Commercial.

Latchbolts

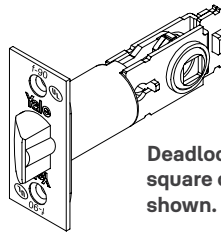

Lockset Latches

Passage (single keyed), privacy and electronic locks supplied with plain (spring) latchbolts. Entry (double keyed) supplied with deadlocking latchbolts.
