## Description of Change to the Customer:

### Reason for Revision: Added Intel® Xeon® Platinum 8160T and Intel® Xeon® Gold 6138T Processors to Products Affected

No change for Intel Embedded Architecture customers.

Intel support for the products listed in the "Products Affected/Intel Ordering Codes" table below is moving to Intel Embedded Architecture for the continued support of Intel Embedded Architecture customers. The Intel Embedded Architecture terms, conditions, and pricing will go into effect for all customers after the "Last Shipment Date Prior to Product Support Change" listed above. Please contact your Intel Embedded Architecture sales representative if you have any questions regarding this change.

## Customer Impact of Change and Recommended Action:

There is no expected impact to Intel Embedded Architecture customers.

For Intel Architecture customers the tray products listed on the "Products Affected/Intel Ordering Codes" table should be managed in accordance to the "Key Milestones" listed above. "Last Demand Due Date" is the date your remaining demand for these products is due to your Intel representative. These products will only remain on Intel's Corporate Assurance Process until the "Last Product Discontinuance Order Date". The "Last Corporate Assurance Product Critical Date" is the last date that customers should submit a request for product utilizing Intel's standard Corporate Assurance Criticals Process. "Orders are Non-Cancellable and Non-Returnable" date applies to both Corporate Assurance and backlog after the "Last Product Discontinuance Order" date. At this date a snapshot will be taken of all remaining backlog and/or assurance and this quantity will become non-cancellable. The "Last Product Discontinuance Order Date" is the final day for customers who carry backlog to book the Assurance Intel has granted as of the "NCNR Date". For all customers Corporate Assurance must be booked and shipped by the "Last Product Discontinuance Shipment Date." From date of PCN publication, interim booking and turn back deadlines or separate Letter Agreements will apply vs. the standard Corporate Assurance Process.

Once product support is officially transferred to Intel Embedded Architecture, all discounts approved prior to "Last Shipment Date Prior to Product Support change" will no longer be honored.
